Need a spiritual pick me up? Encouragement in your faith then Beautiful Now just may be the ticket...

This book reminds us that no matter how the world sees us, or even the mistakes we have made God sees us as beautiful. We are reminded too that God has big dreams for us.

Stasi Eldredge points out too that no matter what our past looks like, the mistakes we have made our past sins, God can rewrite our story.

Eldredge points out too that being a Christian does not mean we do not experience pain or loss.

We are also reminded of the importance of Godly Friendships with other women, but not to allow those Friendships to be overtaken by jealousy and envy. We are also reminded of the importance of letting go of past hurts and letting old hurts go.

I would definitely recommend this book for women who are seeking Spiritual growth.

Five out of five stars...

Happy Reading

This is a beautiful 90-day devotional for Christian women. Through scripture, a daily message and a prayer, this book is a wonderful reminder that God knows us intimately, wants what is best for us, sees us as we are and delights in us. We are loved more than we can imagine, and treasured. It also deals with hard times,

doubt, fear, and all the other turmoils of human existence. This is a keeper, and I will refer to it time and again!

Thanks to NetGalley and David C. Cook, publisher, for providing me with an ARC of this book in exchange for an honest review.

✓?I really liked this book. It's beautiful! I love how the devotionals are not too long, how they're based in Scripture, and the message each day brought. But I'm going to be honest, it took me more than 90 days to read it, only because sometimes I would feel as if some of the devotionals were saying the same thing all the time. But I like to think that In the days that it didn't speak to me, that I felt it was the same thing again, it spoke to other women who were also reading this book. So overall, it was a really good, beautiful, touching devotional book! ???

For quite some time I have made a daily habit of fitting in a devotional reading to start my day. I love 90 day editions because they are usually focused on one topic, and I naturally gravitate to ones that help guide me through where I am now in my life. I chose this one because I've had a pretty difficult year, and I really needed some reminders that God does care me.

I found myself uplifted by the the authors choices of a message for each day. She truly does connect the reader with thoughts and scripture selections that show how much God loves us. I really needed that right now, and I am grateful for this book.

This devotional is one that I will turn to again and again. I highly recommend that you buy copies for friends and one for yourself. After all, who wouldn't like to hear words of love from God?

There were many days I found this devotional so encouraging. Not every day was an exact hit on the nail head for me but reading it I knew that it must have been exactly what some other woman needed. There was truth that I could tick away to share with or help encourage a friend even if it didn't speak directly to me that day. The format of the book allowed me to feel like I could pick it up here and there during a busy season of my life instead of reading it every day to stay cohesive. The title and description of this devotional were well placed in leading women to realize their worth in how God sees them now just as they are. Beautiful.

From the author of Captivating and Becoming Myself comes an encouraging 90 day devotional that reminds you of your identity in God's eyes. Using prayers, scriptures and personal reflections, Stasi provides daily insights of how God delights in you.

I love Stasi's previous books and was excited to see a devotional with daily readings and encouragements. I was not disappointed! I will be snatching up extra copies of this gem to pass on to girlfriends. Beautiful Now is a great way to spend a few moments of your day and a good resource to return back to for further encouragement.

Thank you NetGalley and David C Cook for my complimentary copy in exchange for honest reviews.

#### **Its a book that daily, you get to have intimate moments of God revealing how beautiful he sees you**

This 90 days devotional changed the meaning of beautiful and authenticity that I had. I learned new definitions according to the Word of God. This devotional honestly gets you wishing hearing God's description of you all the time. I learnt and still am learning to admire my beauty through God's eyes

This book was a beautiful reminder of how God sees me and makes me beautiful. The daily readings were short and simple. Sometimes I wished that the devotionals went a little more in depth and built more on the scriptures that the vignettes were attached to. However, each devotion was helpful and caused me to ponder my own life and how I was relating to God.
