Jonathan Drazen.

Gorgeous. Check.

Charming. Check.

Smart. Check.

Rich. Hey... I'm not gonna complain.

All the ingredients for a few nights of mind-blowing pleasure are right there. He's made it perfectly clear he can't love me, and I'm not out to fall in love either.

But I can't stay away from him. He's got this bossy way about him in bed. The word "Sir," falls from my lips, and when he tells me to get on my knees...well, my knees have a mind of their own.

I got this. I can be his slave for a few nights and walk away unscathed.

We get in. Get it on. Get the hell out. Done.

He knows the line between love and lust. It's right between my legs. Now, let's see if that line blurs for me.

5 Plus All The Other Awakening Stars You Want to Add *****Etc.

It is no secret I have been a huge fan of C.D. Reiss' writing for quite sometime. Ms. Reiss was the first writer of erotic romance which hit my heart outside of Tiffany Reisz.

I discovered Beg on the Amazon site and it was free. I had just started E-Reading and the free books were my guilty pleasure. I saw this attractive cover, read the blurb and was taken by the idea it presented.

The idea of a woman on her way... becoming a musical artist...a singer with drive and talent. It threw in the meeting and attraction to a handsome, commanding man of immeasurable wealth and placed it all in Los Angeles. Well, I knew the music industry... I had sung professionally years ago...lived in the Los Angeles area... and who doesn't like Handsome, rich commanding men....

That was all it took... Click Click, Beg was mine.

And then I became C.D. Reiss' Bitch....

Because Beg was wonderful in its presentation of the premise, the characters and tone... it got the locations perfectly and then Damn it...Reiss added that little extra... that thing you can't put your finger on.... that thing which captivates and calls to you while you read....

It sits on your shoulder whispering in your ear...

"Hey....did you see that...ya... that ... that phrase... I know it made you feel something, didn't it... ok... just checking to see if you are paying attention...."

And when that happens in a good way... the way delicious reads can do... it is not because someone is trying to be in your face... or use a trick to show how smart they are....No, when it happens it is because the mind, body and read are all in sync...when the reading is special... at least for me.

So, like the little Addicted Reader I am, I clicked all of the books of the series available. Which meant I had to wait like all of the other readers for Resist and Sing.

It was sad....yet at the same time so exciting.... because more was coming and if I was patient enough, I would be back in the pleasure groove of Jonathan, Monica and C.D. Reiss soon.

If you have not read this series you are soooooo lucky. You get to have instant gratification. You will meet all the players; develop your relationship with these people as quickly or slowly as you want.

You will be in control....well, in as much control as one can be when all you want is to know the next thing Jonathan is going to do with Monica... and how Monica is going to receive it.... and what other outside circumstances could impede their relationship....

Oh, yes... you may think you are in control of the reading process... but just you wait...it will sneak up on you when you least expect it...like in the car while you are driving... or when you are writing a presentation for work and the sounds Monica uttered when she was with Jonathan start playing on a loop in your head...You get the picture...you are in for a ride.

Enjoy this with my blessing... and if you decide to do this....Do it now because it is only \$3.99...yes... I, who gladly paid much, much more for all 8 books...am telling you to go and enjoy endless hours of pleasure.

But I wouldn't wait for too long to decide... because this could be a limited time offer.

This series will always be special to me. It awakened a mind with beauty strewn across page after page in the form of a unique relationship between two equally powerful characters... each the ying to their yang...Each providing what was necessary in order for the other to be loved and whole. It was done in a way which deeply connected to me and I will always be grateful for the experience.

Loved reading each novella and being tortured with the cliffies waiting for the next installment.....yes I'm a Machiost!! But after reading through this series again in one sitting, I'm just blown away, Ms ReIss is a master story teller and I could Reread her books a thousand times and pick up on something new each time. She truly brings erotica to poetry. It's so beautifully written , it takes your breath away.

If you haven't met Jonathan and Monica then you must. This beautiful, strong , talented submissive meets a handsome , Dom. But this is not your typical D/s story. Did I mention that she's strong and not Wishy washy or annoying?? Did I mention that he's not afraid to love cause he has loved before. Deeply. No, this truly is an original story told so beautifully that you must read now!!

5 perfect Goddesses stars!!!!

I have a full on 6 STAR LOVE for this LOVE story of EPIC proportions. It's about one of my FAVOURITE Book couples and a must for ALL EROTIC Romance Lovers!

The Submission series gave me the most amazing book experience. I read them back to back, I could not put them down. It's a story that drew me in and made me feel all lovely inside. It gave me the book tingles, big time.

It's the story of Monica and Jonathan; two people on the journey of their life. We get to experience the inner thoughts of Monica and then from about half way through we're treated to a dual perspective which is just sublime. I LOVE being inside Jonathan's head.

Jonathan has such a way with words, his hands, and his body... LOVE, LOVE, LOVE ♥ With each book and passing discovery he becomes more and more delicious. We see glimpses of his past, and the thing that made him spiral downwards all those years ago.

Monica is witty and intelligent, honest, real and honourable; a wonderful heroine.

The erotic steam factor for the entire series is off the scale. It has the kinky, dark edge of a controlling, powerful dominant and a sexy submissive who's not afraid to speak her mind, be independent and enjoy the pleasure. Jonathan and Monica's relationship evolves in a wonderful way, it's addictive viewing... Yes, it's viewing because CD shows amazing pictures with her words. The protagonists sizzle on the page together and erotically light it up. Monica and Jonathan have a great repartee between them, a jovial banter.

The pure beauty of it, is in the writing, it's subtly fantastic and the story is addictively brilliant. CD has created two characters whose chemistry together is perfectly harmonized. The feelings and emotions we get from them is palpable. They ooze sensuality together. Their attraction to each other is joyful. This is no accident, it's carefully crafted, captivating writing. The plot thickens with each episode; they struggle with what they want and what they think they should do. You feel in your heart they should be together but they need to find a way forward for this to happen. As the series progresses the writing becomes more and more intense, more layered with depth and charisma. Climaxing in the final, Sing, where my heart was squeezed and broken and hurt, it felt so good. It's gripping, tender, passionate and stunning.... Exquisitely erotic and seriously sexy. It reaches into your heart.

**CD writes her words with a sprinkle of perfection. Truly...
I wish I could read it all again with fresh eyes.**

Tina Wright says

Complete Submission is a very sexy book, but to call it mere erotica is to short-change it. This beautifully written novel features two fascinating characters, Monica and Jonathan, and a compelling storyline, and it stayed with me long after I read the last page. Monica, in particular, was such a beautiful, vulnerable, fully realized character that I positively ached for her to find happiness. This would have been a five-star read for me, were it not for the fact that after *something* happens to Jonathan, the story drags. I also wasn't entirely satisfied with the HEA. Still, an intense, wonderful read.

Corinne Michaels says

This is one of my top 10 books I've ever read.

CD Reiss weaves a story like no other.

Christy Wilson says

This is by far my favorite romance series, hands down. A must own for those who love erotica and romance with two strong leading characters that you grow to love. Truly the epitome of great erotica and romance.

You can check my individual reviews of this series. Cannot wait for CODA.

Rebecka says

Can't ever get enough of this series!! Just when I think I know this series front to back and inside out I am pleasantly surprised I feel something MORE with each re-read.

The characters whether main or supporting, good or bad, burrow into your soul and never let go. They all are an intricate part of this beautiful erotic story. The writing is beyond words.....exceptionally fantastic does not do it justice but will have to do.

In just a few short hours CODA will draw this story of love to a conclusion. Where it will sit on my shelf forever a favorite forever a "go to" and always a top recommendation.

★★★★★! Complete Submission (box set). Playboy & mogul Jonathan Drazen's seduction of aspiring singer Monica Faulkner!

"Where did you learn to do that?"

"Los Angeles High School of Performing Arts," I said. "They taught me how to open my throat to sing. Then Kevin Wainwright taught me how to put his dick down it."

He laughed. "I'd like to thank LA Unified and Kevin Whatever for this moment."

The **Submission** series is the whirlwind saga of **aspiring singer Monica Faulkner** and hotelier and real estate magnate **Jonathan Drazen**. Books/novellas should be read in order:

11 novellas total, my reviews:

Book 1: Beg

Book 2: Tease

Book 3: Submit

Book 3.5: Jessica & Sharon

Book 4: Control

Book 5: Burn

Book 5.5: Rachel

Book 6: Resist

Book 7: Sing

Book 7.5: Monica

Book 8: Dominance

Book 9: Coda

Book 10: Breathe

5 Stars!!

I first read this series back in 2013 when it was almost complete, save for what I thought at the time would be the last book, *Sing*. Once I started, I was hooked right away and I was so glad that I had waited until the series was almost complete to read it because I would have gone crazy if I had to wait between books.

This was my third time re-reading the series and I can honestly say: it gets better every time. Each time I read it feels like the first time and I find myself discovering new details within the story that I hadn't noticed before. Especially after reading CDR's other series', *Songs of Corruption* and *Songs of Perdition*. The stories are all interwoven in one way or another and that completely enhances the reading experience. I have honestly never had such a close relationship with characters in any book I've ever read. I feel like I know them all so well and have seen and learned about them from different perspectives and points of view and

been with them through so many different situations – both good and bad. I have no idea how CD keeps everything straight in that amazing Goddess brain of hers, but if you ask me, she's a total genius!

Songs of Submission has everything you could ever want in a story and more. The writing is exceptional, seriously amazing. The characters are dynamic and super real. The story is extremely intricate and multi-layered, especially if read alongside her other series'. There's a bit of humor, some sweet romance, lots of dirty talking alpha-maleness and even a little bit of mystery. And of course, there are some super hot and steamy scenes with the super hot and steamy Jonathan Drazen. I mean, what more could you ask for? You literally can't go wrong!

I could gush about this series forever. In case it wasn't clear: I highly recommend it! Go buy it and read it and love it and then go buy her other books, rinse and repeat. :)

I finished this box set in 2 days!! I DEVoured it!!! And, Now I KNOW what all the fuss is about!!! Ahhh Jonathan, your dominating dirty ways were a blast to finally read!!! I don't know if I am happy with every aspect of this tumultuous journey with your "Canary". There were parts that just pissed me off. There were parts that made me swoon! And... hot damn there were a few panty changes!!!

CD Reiss certainly has a wayyyyy with words!!!!!! She loves the dirty words and she is not afraid to use them, repeatedly!!! I have been hearing about this series for a while. I wanted to get it once it was all wrapped up in a nice little bundle. (So many parts over my Kindle would have caused my brain extensive damage!! Major OCD) I got this the first day the box set was released, it is an awesome deal!!!!

Now. If you are ready for Jonathan and Monica, and "friends" (use that word loosely!!!!)... Find a nice quiet corner, comfy clothes, comfy chair and bring a snuggly blanket (you might need it to hide your hands) and get ready for a hot, explosive, angsty, sexy, and sometimes-SO-crazy-that-you-want-to-throw-your-Kindle RIDE... hang on tight!!!! This story will grab your attention from the first page. The writing is flawless. The story is enthralling!!! Just some of the actions of some of the characters that ticked me off, but I guess that is the sign of an amazing author, when she can bring out so many emotions, good and bad ones!!!! I will admit that there were a few pages that I had to read through tears... I was SOOO scared at one point, my stomach hurt, leaking eyes, and nose and I could not stop reading!!!!!! CD ...you amazing writing bitch :)
THANKYOU for giving us Jonathan!!! (and Monica)

By the end I had a new FAVOURITE quote.

"I forgive you. I fear you. I am in awe of you".

That basically defines their whole relationship. It is gut-wrenching and brutal at times and BEAUTIFUL!!!

Many Tears and Many Smiles!!!!

Can't wait to read CODA!!! I had to look up what that meant. So for everyone that isn't sure what it means. Here you go. CODA: a concluding event, remark, or section.

6+++++ (5 Stars is not enough)

This series is one of MY ALL TIME FAVORITE SERIES EVER!! It is beautiful, sensual, intriguing, heartbreaking, loving, and very erotic. The words of CD Reiss are magical, lyrical and poetic. As you read, you are transported into the story. You feel when the characters feel, you cry, you laugh, you blush, you just feel the intensity of their connection. I was completely moved while reading this love story of Jonathan and Monica.

I read the entire series when they were individual books. I was super ecstatic when I heard that all the stories would be incorporated into one book. It makes it easier to binge read when it is one continuous book. I'm sure everyone can relate to just one more chapter before nightfall. And let me prepare you, you may not get a lot of sleep once you begin reading, it's a book that you will find very hard to put down. .

So if you want an epic love story, one that will take you on a journey of discovery, magic, and erotic lovemaking, Complete Submission is the book for you. Jonathan and Monica are a couple that you will never forget and one that you will definitely want to reread about. Their connection, their strength, their bond is one for the ages.

And if by chance you haven't one clicked yet- it's \$.99 -IT'S A FREAKING NO BRAINER

Monica is the struggling musician, working as a waitress as she waits to be discovered. That discovery comes, but not in the way she imagined. She captures the attention of Jonathan, who happens to own the establishment she just got fired from. One look and he knew he had to have her. Her music has been her passion and in order to allow that talent to breathe she had sworn off all men until Jonathan infiltrates her thoughts, imagining what his touch could do since just the way he looked at set her on fire.

Jonathan is not in a position to lend more than just his body. His heart is still tethered to his past and although Monica can sense that he could destroy her, she can't seem to say no.

This story gives you the struggle of a woman who is coming to terms with her willingness to submit to a man, leaning that it does not break her, degrade her or make her weak. It makes her loved. And the story of a

man who lost control once and has fought every day to never let it slip from his grasp. But having to face that there are things in life you can't control and times when you must bend.

I've read hundreds of romance/erotica reads in the last few years and not once has an author completely captivated me with their words the way that CDR has. Every single sentence in this series matters. There is no denying how hot the scenes are, but the beauty lies within every corner of this story. The way words are used to paint such vivid images. Monica has remained as one of my favorite heroines, she is fierce and never loses sight of who she is and what she wants. Jonathan intrigued me then won me over from my original reading of the series, but I have to say that knowing how this series plays out, seeing him during moments in this series moved me beyond words.

As the story progresses, CD Reiss brings us Jonathan's point of view. For the first time we get to see exactly what he's thinking. How strong his desire is for Monica and that moment when things change for him and he sees clearly and he shows he's willing to fight.

"If I'd ever seen anything as sexy as Monica Faulkner in a stretched-out T-shirt and wielding a stringed instrument, I'd be at pains to remember it."

This entire series is a powerful experience. Between moments of pure animalistic passion and the brilliance of poetic writing; there was not a moment that you felt like your mind could wander from the story. CDR has a style that is so different from the thousands of authors out there. It's not anything about someone being a better storyteller than someone else, it's just a different tone and the way to tell the story. I've been entertained, gutted and made weak in the knees by all sorts of writing; it doesn't need to be complex or over dramatic for me to latch on to it. But SOS was just so different, something that set such a stark contrast to everything else. Although the idea of a rich guy that is a little kinky who falls for the younger struggling girl is not a new idea in a romance book, this was not a recycled version of a used plot. Who the characters were, the roles they played didn't matter. Their love mattered, the story was them – their passion, and everything else was just there in the back ground.

Rudyard Kipling said "Words are, of course, the most powerful drug used by mankind." Now I know when he uttered these words he wasn't imagining them used in the context of describing an erotic series. But the sentiment is the same. CDR used her words to captivate the reader, to bewitch the reader into falling down the rabbit hole and making us forget for the hours spent in the company of Jonathan & Monica; that they did not exist beyond our imaginations. A story told with such conviction there was no ability to deny it was real. The ability to turn fiction into something that feels so real that you can almost hold it in your hands may be a talent that many possess, but for CDR, it's a talent that she has mastered.

As the series wraps up with Sing we get something completely different. A story that has the same passion as before, but showed in new ways. I was emotionally drained, completely ruined. CD Reiss reached inside of me and tore out every emotion. I struggled with the choices, I knew the consequences. I wanted it, at nearly all costs – but not enough to watch it all be destroyed.

It was the perfect imagery that C.D. Reiss creates with her words. Every chosen word seems deliberate and with purpose. And I have read books that brought me to my knees before, but I was a complete mess during this one.

"You look at me. Your eyes eat me alive, I feel you between my legs, even though you're half a room away. If I could draw you closer with my desire, you'd be on me. I'm hungry for you."

'... I can breathe
Without it
I can see
Without it
I can sing half a woman...'

"...'tomorrow I'm going to destroy you. I'm going to mark your body and ruin your mind. By noon, you won't know whether to laugh or cry. But tonight? Tonight, I will revere you. I will build an altar of myself. I will frame you in the stars."

"My lips on your body trace the story of my love."

And she wraps up it up with Monica, the much needed 'next chapter' after we pulled ourselves off the floor after Sing. Showing us two characters that had such strength be so vulnerable, both struggling to come together in a way that was reminiscent of their past but would not jeopardize their future. It was the epi that that would hold us over. Keep her fans from crashing the gates until CODA would go from thoughts to sentences to chapters... and released to all of us hungry for more.

A path was set in place, a journey we all took along with Jonathan and Monica. It was set with stones of passion and it was laid out with such a strong desire that twisted you to your core. Along the way we fell in love with Jonathan and Monica, and we discovered the fantastic talent of an author who dazzled us with her words.

If you have not yet picked up this series, stop everything you are doing right this minute and get it. Read it, devour it and join the rest of us that have fallen completely in love with it.

Songs of Submission will remain one of my favorite series of all time, even after more than a thousand books read.

I thank the writing gods (or maybe the barista at Starbucks that keeps her coffee filled and warm) that she decided to venture into Erotica and that a crazy family called the Drazen's spoke to her and continue to rattle off in her head. I hope the voices never quiet.

Myla says

I regret the fact that I only read this book by CD Reiss just now. I don't know how this book gets passed me by. The writing is flawless. Complete Series 1-8, yes, it's long and but let me assure you that there is no boring part. The phase and sequences of the story are well written. Jonathan Drazen and Monica Faulkner is one couple you won't forget. Their love story is just amazing. There are times when I don't like Jonathan the way he treats Monica. But then again, he just loves Monica too much that he thought he's protecting her. I love the way, CD portrays Monica, she may be a submissive, but she's her own woman. This is just a work of fiction, but you'll notice how thorough the research was about BDSM and that's what's great about this writer she knows what she writes. For me this book is...

Now I'm ready for CODA but here are some quotes I love while reading this book.
