### **Mary Mooney says**

Jude and Reagan are still going strong five years later and having the same struggles as most married couples. But now Jude is running for governor and living life on the campaign trail is putting a strain on their marriage neither are ready for.

Reagan isn't jealous that Jude is on the campaign trail but she thinks he may think her job isn't as important as his. Although she wants to be with her, she also wants to make her job the best she can.

When they are away from the campaign trail, they are perfect together, still just as hot as they were when they met. When they are away from the house, they fight about what happens on the campaign trail mostly because Jude doesn't talk to her about it. She feels left out at times.

When a scandal against Jude comes up, Reagan begins to doubt him but knows he didn't do it. Then she begins to doubt their marriage in politics. When Reagan's mother calls with a health issue, Reagan leaves to be with her. Of course, the press automatically thinks she has left Jude because of the scandal, which isn't true.

Can Jude and Reagan get back on track and rekindle their relationship? Will Jude give up the run for governor just days before the election to save his marriage? Can Reagan see that she and Jude are meant to always be together forever?

When I saw that Chelle Bliss and Brenda Rothert were writing more about Jude and Reagan I knew it was going to be HOT and great. This couple knows how to steam up the pages and almost set a kindle on fire. So if you are looking for a steaming hot series then this one is for you, so sit back and enjoy the steam, I loved everything about it.

### **Lizette Criscitiello-Diaz says**

Absolutely loved reading book three in the Filthy series. Jude and Reagan are back and holy hell are they better than ever. While Jude is now running for Governor, Reagan is at a crossroad in her life. I love how these two never give up and always wind up finding the best in one another. You both have done it again and make us trust in the Titan's!!!

Dirty Defiance by Chelle Bliss and Brenda Rothert

Ohhh man these two authors together sure do write one Hell of a book!!! I am in Heaven after reading Dirty Defiance!!!

What Governor's race would not be complete without scandal and a whole lot of sexiness!!! And let me tell you that the angst in this book was off the charts as well...it was sooo yummy!!! Turn those air conditioners down ladies..haha

Jude and Reagan have been married for 4 years and Jude is now fighting a tough battle for Governor. He is

against a woman who founded a highly successful tech company. But this will not make him back down. He wants this position and he will fight hard to get it.

Y'all, Jude and Reagan are soo much fun to read about, but their marriage will be put to the test as people come out of the wood work to bring them down!! I wanted to jump into the book and smack a few people myself...Imao

I gave Dirty Defiance 5 iScream "yummy political craziness" Cones!!!

This is book 3 in the Filthy Politics series. You can definitely read these books as standalones!!! They are all soo freaking good, so make sure you read them all...you will not be disappointed!!!

Dirty Work-Book 1

Dirty Secret-Book 2

Dirty Defiance-Book 3

## **April Symes says**

Dirty Defiance by Chelle Bliss and Brenda Rothert is one of the best books in the Filthy Politics series. This is more on main characters Jude and Reagan. Its 4 years since Jude and Reagan have been married – 4 years of hot sex, intense passions and delicious political heart, heat and scandals. What makes Jude and Reagan a great couple is the fierce love that they have for each other. In this book, Jude is now running for Governor and Reagan wants to be known for who she is, not for being Mrs. Titan – get ready for fireworks. You get to see the battle of the wills trying to make sure that they didn't damage each others egos and still kept the love and romance alive. Jude is still that sexy alpha, and Reagan is still that sassy, stubborn woman. These two know how to make things work and it was great to see more about their love story and how their lives turned out. This book does not disappoint and keeps the series on the nonstop crazy, steamy, love -rich ride a minute.

My Rating: 4.7 stars \*\*\*\*\*

"I received an advanced copy of this book from the author at no cost to me."

## **Jennifer says**

I loved book 3 in this series! Jude and Reagan still heat up the pages, even after 5 years of marriage! Jude is now running for Governor and the little time they get together is getting smaller each day. I love how they work through their political differences, demanding jobs, slanderous innuendos, her sleazy father the realization of what matters most...their relationship. This is a drama filled, hot and steamy end to a fabulous series, an ending that satisfies (in more ways than one)everyone!!! Just get it now!!!

## **Danielle Robbins says**

Dirty Defiance gives us more Jude and Reagan years after the first book!! I think this might be my favorite! Jude is so alpha and sexy! Reagan is a strong but stubborn woman! Their sexy times are scorching!! The connection and love they have is so strong and beautiful! I love them together!! This was a great read!

## **Jenna says**

This was seriously my favorite book of the 3 so far!!! I really loved getting back to Reagan and Jude and seeing how they're faring. I liked the fact that they had already met and were married but still need to work on themselves individually and as a couple. It was steamy as can be so don't worry there. But the rest of the story was what really pulled me in and kept me reading. I really loved the message close to the end of the book. It brought a little tear to my eye actually. Beautifully, well done story!!!

## **Karin Gesell says**

First let me start by saying I LOVE JUDE!!! I was beyond ecstatic when I found out Chelle & Brenda were giving us more of Jude and Reagan. They have always been a favorite couple of mine, between their beliefs, they way they fight for them, fight with each other, but especially love each other. Never gets old. Politics is dirty business in this day and age, and it's no different here. But theirs I'll always come back for. Lot of stress going on, but a whole lot of chemistry going on too. And "relaxation". Do yourself a favor and jump all over this book and this series. You absolute will love it!!!

## **Tanya says**

After reading the 2nd book in this series, I was thinking each sibling was getting a book. To say I was surprised we were going back to Reagan and Jude to catch up is an understatement.

I loved these 2 in book 1 and still want more after book 3. Maybe one day we will get other siblings and catch up with Jude, Reagan and their babies

## **Marybeth says**

I was so excited to get more of Jude and Reagan's story! They are such a strong, smart and incredibly sexy couple and I just love them! They've been married for around 5 years now and they are still just as hot and steamy as ever. Except now that Jude is running for governor, their time together is minimal at best and this is putting a strain on their relationship but as they always have, they strive to work through their differences because they are so crazy about each other. They will be tested a bit in this story by some unnerving forces but it really makes the story soar. Difficult decisions will have to be made but again, it really makes it work. The worst part about this book is that it's slated to be the last one in this smart sexy political romance. I am hoping with the way things were left that these two wonderful ladies might give us a Reagan and Jude fix

down the road.

## **Shari says**

Dirty Defiance is a Hot read! JUDE and Reagan sizzle off the pages when red rope is involved. They have a few issues to figure out to continue with their happy ending and the future they want together. There were times I wanted to shake them because of their antics, but it didn't last very long. They eventually figured out how to get everything they wanted and what was most important to them. No matter what, I could feel the love they had for one another that was just as strong, if not stronger, than when they fell in love and got married. I loved these two. Jude is a sexy Alpha, while Reagan is a stubborn, strong woman, and together they make it work by compromising. This was a good read.

### **THE STORY:**

This is book 3 in the Filthy Politics series but can be read as a standalone.

After five years of marriage Reagan and Jude's love is still going strong but Politics is a dirty business and when your husband is running for governor and you work for the opposing party things are sure to get tense and heated in the household.

Can Jude and Reagan's demanding careers and political differences tear them apart or will it be the very thing that draws them together and strengthens their love?

### **MY THOUGHTS:**

When these two authors get together it makes for one hot and heated story. This is a sexy political drama at its best and a must read for lovers of the first two books in the series.

Jude and Reagan are a passionate and explosive couple, their love for one another is intense and sexual, and with their ferocious tempers, together they really do make the perfect pair.

Their fight for what they both believed in became a fight for one another. I loved their witty sexy banter it sure made for some hot and steamy bedroom scenes. Reagan and Jude take make up sex to a whole new level.

Not only were the characters phenomenal but the story and combined writing talents make this a five-star blushing read for me.

**MY RATINGS:** (All ratings are out of 5)

HERO RATING:5

HEROINE RATING:5

BLUSH RATING: 4.5

ROMANCE RATING:5

PLOT RATING: 5

OVERALL: 5 Blushing Stars

## **MJ says**

Dirty Defiance is definitely the best in this Filthy Politics series. Together, Chelle Bliss and Brenda Rothert combine forces to bring a story that is not only sexy as hell but touching and tender. I wanted more from Jude and Reagan after reading Dirty Work and this continuation of their story does not disappoint!

I guess what I love most about this couple is their fierce love for one another and how they are so perfectly matched. Neither Jude nor Reagan ever want to back down and many of their 'discussions' end with one of them not speaking to the other. Their tempers are truly legendary at this point in time and it just adds more fuel to their passionate fire.

Jude is still the boss in the bedroom, however, and my goodness, their sexual trysts were never hotter! I do believe marriage agrees with them. With Jude now running for Governor and Reagan still wanting her independence and her own professional life away from just being Mrs. Titan, it's a true battle of wills trying to soothe each other's egos without hurting their hearts in the process. But the love they feel for one another is never second-guessed and although they may stumble and fall due to their mutual stubbornness, there is no doubt they belong by each other's sides for forever.

I love this story-line. I love these characters and I love that Bliss and Rothert continue to give us their very best with this series. Yeah I want more and probably always will since Jude and Reagan are simply unforgettable.

With Dirty Defiance, Bliss and Rothert prove once more they are a wonderfully-matched duo and I cannot wait to see what they deliver next.

A solid 5 stars for Jude and Reagan Titan and their undeniable charm.

## **Lorie Glowania says**

Jude is running for governor and is married to Reagan . We learn of the many struggles balancing work with a marriage can be for a couple. At times they are barely seeing each other and Jude also would like to start a family and Reagan wants to continue working. Soon a scandal erupts leaving Reagan losing out on her dream job and her mother having a health scare for her to reevaluate her life and Jude to clean up his mess with Tyson. Can things work out or is this the end? This is a great political romance from team Rothert and Bliss

## **Tania's Book Blog says**

I loved Jude and Reagan in Dirty Work and loved them even more in Dirty Defiance. It's been 5 years now since they've been married and they are both still stubborn but oh so freaking steamy and hot!!!! Their love is still going strong and they are still butting heads but still so very in love.

Jude still worships the ground Reagan walks on and she's just like a schoolgirl in the presence of her husband in the bedroom but they are still a power couple. In this book we see their marriage tested several times because of their stubbornness and careers but towards the ending I see a side of Reagan that I really loved. Jude was his alpha steamy gorgeous self from beginning to end and their banter was still going strong.

I still think there's more to this power couple especially after the way it ended. It didn't end in a cliffhanger BUT I still think it was left open for more of them which I would not mind reading about.
