Hohenstaufen: Mark of the Beast Daniel R. Hopkins

Arjen Staufen is sixteen when he drowns on a crabber boat in the Bering Sea. Instead of going to heaven or hell, he wakes up on the other side of the world — almost eight hundred years back in time.

It's the Holy Land, AD 1277. The Crusader knights are making their last stand. The unclaimed throne of Jerusalem is their only hope. But things get complicated when a dangerous girl only Arjen can see or hear deliberately corrupts history by putting him on this throne. Arjen's mission to discover who he is and why he's here quickly becomes one of survival as his reign places the fate of the whole world in his sinful hands.

Caught in a dark love triangle between a kind-hearted nun and a demoness from hell, Arjen must choose between his destiny and his soul — even if he's already lost both.

Susan Hopkins says

Thrilling, exciting with great, accurate historical facts. Just the right touch of romance and surreal. Every chapter ends with a cliff-hanger. Excellent grammar as a plus. Great for young adults and adults. I am over 60, and I loved it.

Great Read

A fantastic story from beginning to end. The book flows seamlessly from one chapter to the next. I found myself rooting for Arjen throughout. Excited to read the next book in the series!

I want to start off by saying that I won this book in a Goodreads giveaway. Before I go into my review. I wanted to say that I was unsure about this book. Now I know this book as many good reviews. So I put the book down I don't want to dnf without even trying. I ended up picking up this book and I am so glad that I gave this book a second chance. Nothing like I was expecting.

About book:

This book is set in present time and AD times Arjen is a young boy on a fishing boat with his uncle and his crew. When Arjen finds himself somewhere else and in time. Not sure what happened to him on the boat. He is met by a woman name ana for short he can only see and she is trying to help him get what he is entitled to him. In this time. Side note Ana is my favorite she is secretive and has mysterious to her. And the fact that no one else can see her is amazing. I can't wait for book two hope there is one. I enjoyed this book.
