## **Nailing My Wife (A Rough Hands Novella Book 2) C.M. Steele**

Brenda has had enough. With every project, a new woman comes in eyeing her man candy. She thought it would be easier to deal with after they married, but watching women drool over her man while she tried to maintain professionalism is too much for her. She trusts him because he almost seems oblivious to it, but she's afraid the next woman is going to catch a nail gun to the head.

Dane for the life of him can't figure out what's wrong with his wife. Things have been amazing since the day he conned her into marrying him, and he couldn't be happier. She, on the other hand, seemed to be out of sorts.

While on a job out of town, Brenda gives their boss her notice without telling Dane. Crushed and thoroughly pissed off, he's got a one-track mind, and that's nailing his wife then figuring out what's bothering her. There's just one problem—she's missing.

Warning: Abduction included. Don't worry...completely safe. ;)

**Loved it!!!**

I really enjoyed this book as it was a bit different. There was mystery, drama, and happily ever afters. But what I enjoyed the most was that it was already a couple. I also enjoyed the prologue giving us some insight into their beginning. Another great book by C.M. Steele!!!

This is the second novella in the Rough Hands series by C.M. Steele. This one is about Ben's assistant Brenda and her co-worker Dane. For three years Dane and Brenda have worked together and she's fought her attraction to him always saying no when he asked her out. Dane gets tired of waiting, he's knows Brenda is the one and he claims her. This was a short, sweet book and Dane was hot as hell.

**Absolutely wonderful story!!!**

Dane and Brenda are happily married and work at the same business. Dane is super possessive and protective of his wife and doesn't pay any attention to any other woman, but Brenda is getting sick of women throwing themselves at him. Plus there is someone lurking in the background who is out to destroy what they have. Grab this book today and come along for the exciting ride.

Nailing my wife is book two in the rough hands novella series. This story is short, fast paced and a nice read. This book is Dane and Brenda's story, which I have been eager to read since finishing book one in this series. I devoured this book in one sitting and wasn't once bored. I liked Dane; I loved how possessive he was of his wife. I liked Brenda and I liked that she got jealous but I wanted to shout at her to tell Dane. The chemistry between Dane and Brenda was clear to see, as was their love for one another. I really liked them as a couple.

The danger in this story had me on the edge of my seat. I was glad that Dane figured out what had gone on almost straight away, because of that, Brenda was safe.

The epilogue/ so many years later part of this story was sweet. I liked that Brenda and Dane finally got the children they wanted after the struggles of not falling pregnant earlier on in their marriage.

The storyline for this book is easy to follow and it is an enjoyable read. I hope for more books in this series.

I loved Brenda and Dane! The plot twist was so unexpected and so good! A must read!

**Kaleigh says****Short and sexy as sin!**

I love reading C.M. Steele's books, she has a way of writing the sexiest caveman-esque, alpha males that push every single button i have. Dane in Nailing my Wife is a perfect example of this. He's driven and loyal, loving and sweet while being just a bit rough around the edges. He found the woman of his dreams and even though she was running scared for 3 years, no other women ever appeared on his radar. He loves his woman with every single part of him and is territorial as hell, and as jealous as can be while still being loving, attentive & sexy as heck! The best part is, even with how jealous he is when it comes to his wife, it doesn't hurt their relationship as his wife is just as bad. These two complete each other and their story is one I'll go back to again and again! I definitely want a man just like Dane for myself and once you read this hot, short escape from reality, you will too!

I loved this one. Great read. There was push/pull for 3 years off page, but there really wasn't any once the story started. Only om drama was the villain and the ow drama was just from someone flirting, didn't last long. Great story.

I love extended epilogues and this is basically one really long epilogue full of possessive, jealous, baby-making goodness.

Ever wonder what happens after the sexy alpha gets his gorgeous woman? This right here.

I especially liked this because the heroine was not a sweet, passive Mary Sue. It was refreshing to read about how jealous she is when other women get near her man, and how she shows her attitude. She felt possessive and she showed it. She's also no damsel in distress. When she gets into a sticky situation, she doesn't just sit around crying, she uses her brain and gets herself out until the H finds her.

Throughout the book there's this tension between the MCs. It's primarily because of how jealous they are with others around each other and how they hate being apart (a bit over the top, but it was reciprocated so I like it). It was exciting to watch them fight and make up, and then getting some real danger mixed in to show them how much they really loved each other.

I don't read enough romance with married couples and this one almost made me reconsider my thoughts on marriage ;) Check it out if you're looking for a safe, 30-min read about a couple trying to make their alpha temperaments work.

Safety:

married couple (no details on virginity)

om drama (view spoiler)

slight ow drama (view spoiler)

### **Wasn't expecting that twist**

So wasn't expecting the plot twist we got with this one but am so glad the dragon-slayer saves the day. So very glad that the bad guy got what he deserved and the H and h talked to each other about what they were feeling that caused their problem. Love a HEA.

Another wonderful story from author, C.M. Steele :)

I loved Brenda and Dane's story so much <3 I've been waiting for their story and been intrigued by them since reading Ben and his Mira's story, "My Miracle" and you practically feel their intense and hot sexual tension in the air around you ;)

Their chemistry was on fire and the intimate scenes were so steamy that I had to put my air conditioner on full blast ;)

There are some misunderstandings, miscommunications, jealousy; OTT moments ;) also some fertility problems but trust me when you read the ending, there aren't anymore ;) There's also some drama, kidnapping... technically the whole mumbo jumbo but it made this novella awesome!

Also, I didn't expect the plot twist that we got... can't spoil it for you guys but you definitely want to read this and you won't regret doing so :)

Fantastic happily ever after for Brenda and her Dane <3 I loved it so much and I also loved Ben and his Mira's friendship still intact with them after so many years <3 :)

### **Safe read**

- no cheating
  - Dane was a good hero. He was alpha later in the story but it took him 3 years to make a move. I like an alpha who takes charge and goes for what he wants
  - decent heroine
  - great epilogues
-

“I love you, Brenda.”

“I know,” she replies. That’s not the answer I wanted, but I know that’s the best I’m going to get. Unless I force her to tell me what I did wrong. For the life of me, I can’t figure it out.

4 stars because of Dane

Super sweet and short story. I love reading about married couples. I loved how possessive and jealous they were of each other. Epilogue was so adorable. I mean 6 kids? My heart is happy! Once again C.M Steele delivers. Totally safe. Both hero and heroine are virgins.

### **PointedlyBlunt says**

Cute story. Married couple really in love with each other and both are really jealous and possessive. The writing’s just meh and not immersive. There’s a kidnapping subplot that’s resolved with little conflict and lacked the necessary tension.

Great potential, but it needs a stronger base.
