She stole my kid and put me behind bars...

?Wise guys don't do love. They get laid and forget. The life is dangerous and I spend every day like it's my last. Settling down wasn't in my blood before Claire.

I've never fallen so hard for a girl. She's got a body that turns heads, and for a year I did nothing but explore every inch. It was bliss. I thought she was perfect.

I was wrong. Twelve months of my life, stolen. My kid, gone.

Now, I'm out and I'm pissed.

I'm going to drag her home, tie her to my bed, and make her pay. I'll own her body and tame those wild lips for good before I put a ring on her finger.

She took everything from me. I'm taking her over.

One big happy family. Claire is going to be my perfect wife whether she likes it or not.

This romantic suspense novel is a standalone with a HEA!

Enjoyable read.

Even though the stories were somewhat similar. I enjoyed the suspense and the very hot sex scenes. For those who enjoy MC and Mafioso stories.

This is me randomly reading book.. and this one is actually pretty good.. the Hero is definitely a torn asshole hottie.. the end was a little abrupt and could use more detail but otherwise it was a really sexy and fun read.

3.75 stars

Too dark

I liked this series it was good but this last one was just a tad too dark for me. But if you like that sort of bondage sex then this is for you.

Four Stars- I received an ARC for an honest review of Owned by the Bad Boy (Cravotta Crime Family, #4) by Vanessa Waltz

This was my first book to read of the series. The story story of passion and attraction and even included

bondage and domination in it. I enjoyed Luc and Claire discovering things about each other in the bedroom, especially since they had a past that didn't involve those things. Now I'm ready to start at the beginning of the series and read it all the way through.

A captivating story from the beginning. Hot, kinky and little dark. After spending 12 months in prison Luc is out for sweet revenge but little does he know while he was gone Claire gave birth to his son. Scared and left with no choice she did the unthinkable and sent him to prison never getting a chance to explain why. One thing is for sure when he catches her he's never letting her go. Storyline is well written, suspenseful, attention holding and sinful hot. Would recommend all four books in the series. Loved it! Received an ARC copy from author for a honest review.

I was lucky enough to receive an ARC of this book in exchange for an honest review.

I absolutely loved this book and couldn't put the damn book down! A hot and sexy read that will make sure toes curl and have you panting for more. Hot, emotional... keeps you turning the pages.

3.75 hot stars

Once again this author has done it, awesome read. It had drama, hot as hell sex, a possessive alpha that's sweet in his own way. My only complaint is the story seemed to drag a little more than the previous 2 books.

Luc was put in jail when his girlfriend, **Claire** testified against him. And when he was freed, he found out that she hid their newborn son from him as well. Luc doesn't take lightly to her deception and betrayal, but the last thing he want is to let his boss, Johnny put a bullet to her head.

One big question mark: For money laundering, he only convicted for one year? That seems too light a sentence.

I know everything that Luc did was basically **wrong**. He kidnapped Claire and their son to keep them safe and treated her like his personal sex toy. But I'm just rooting for him to get his happy family back together again.

I know everything that Claire did was right. She want to get away from her criminal boyfriend and keep her son safe. But I just want her to stop running and trust him for once. Honestly, when I read such book, I'm questioning my own morality and sanity. Why am I always siding the bad guys?

I actually enjoyed the sex scenes. The **hate-sex** and the **forced-sex**. There are some **D/s, whipping and spanking**. Though I enjoyed reading it, I would have prefer some input from the heroine. You know, at least making it more consensual than it is.

Although this is a dark romance, I need more from Luc and Claire. Luc is doing everything that he can to keep Claire with him, but I felt as if Claire is just along for the ride with no choice whatsoever. I wish to see that she actually accept and love Luc on her own freewill.

The most interesting part of the story is the **crazy cop, Frank**. I can't believe he is such a cray cray character. He had me flipping pages just to see what sort of crazy thing he will do and how will Luc get rid of him.

As for the epilogue, I believe is one year since their marriage. It would be nice to have Luc witnessing their second child arrival, since he miss the first one.

Don't get me wrong, I like my men hot Dominant and Alpha, but there was just something about Luc that rubbed me wrong. I can't really explain without spoilers.

3 star read for me

This was my least favorite of the series. The other 3 books are all pretty dark and gritty which I don't mind up to a point. This book had bondage and domination in it. I don't care for that in books. I felt sort of sick when Luc hit Claire with his belt. She didn't ask him to treat her like that so to me it wasn't consensual.

Before he went to prison he never showed this side of himself to her. She did find pleasure from his treatment which I couldn't believe but they did have sex the first time they met so I guess I shouldn't have been surprised. I pretty much got to the point that I had to skim to bypass the sex scenes. The story is well written by the author but this particular book wasn't my cup of tea. If you like bondage and domination, this book would be one to read.

I received *Owned by the Bad Boy* by Vanessa Waltz in an ARC in exchange for my honest review. I am giving this book 5 stars because I loved how different this story was from her other Cravotta Crime Family books. I also loved how she made the characters so devoted to each other. Even though Claire put Luc in jail he still loved her and knew he could not live without her, and as much as Claire tried to fight the love she had for Luc she knew that she could not live without him either. I just love this Author books no matter what she writes I will read it. Because Vanessa always knows what her readers love to read about, and what makes this book more special is she let us her fans pick what topics we wanted this book to be about. Vanessa Waltz gave us everything we wanted and more in this book. She also includes the other three books in this book too, so if you have not read the other books of the Cravotta Family series then don't bother getting them you could read them all here. I don't want to give too much away about the book. All I want to say is wow where can I get a Luc at lol. If you love books with a gorgeous alpha man, kidnapping, and just one intense love story then you are going to really enjoy this book. So if you have not read this book go buy it now!!!! Thank you Vanessa Waltz for another amazing book and for listening to us and creating a book that we asked for.

A Klue says

Could not finish!! TOO CRUDE & FULL OF GRAPHIC SEXUAL ABUSE THAT IN NO WAY, SHAPE, OR FORM HAS ANYTHING TO DO WITH LOVE, ROMANCE, OR EVEN AFFECTION!!!

Would the real Vanessa Waltz please come back to us!!! You know the one I'm talking about. The author who wrote the Vittorio Crime Family series. I'm starting to think she has been kidnapped & forced to write this other series.

My "romance" book-loving friends, stay away from this one, because it has absolutely nothing to do with "romance". If you like a hero who seems proud of himself for abusing/using women & treating them like dirt...and a weak heroine who is turned on by that disgusting, demeaning behavior..Well, you found it here. This is abusive porn not a mafia romance.

Want a good mafia romance read? Try Bethany-Kris, Dana Delamar, Cora Reilly, J J MacAvoy, etc., anything but this series. They actually write with a plot in mind.

I'll leave the porch light on, Ms. Waltz, in case you decide to come back home to us mafia "romance" readers.
