Kieran says

Good could be in proved but the rest was good

Haripriya Bathula says

Scrumdiddlyumptious collection!!

Elizabeth says

Roald Dahl is a genius! I particularly love Charlie and the Chocolate Factory, Matilda, James and the Giant Peach and my very favourite, The BFG!

Shell says

Fantastic books

Eunice says

Did you know that Roald Dahl is actually a god.

Jenny says

I read these to my boys and we all loved them. Great books!

Shawn Mccann says

If you are a Dahl fan, there is nothing better than 16 of your favorite stories to mull thru! Whether it is Charlie and Chocolate Factory or The Fantastic Mr. Fox, this set will make you smile for many a nights!

Markdomski says

Roald Dahls' are well written but I found them a little dark and creepy. His books are generally crude and the language is sometimes offensive.

I recommend this book only for very mature children - with parental involvement - or for adults. Young people like his stories because they are slightly inappropriate.

Edward Davies says

THE MAGIC FINGER

Not his best or most memorable, but still a great read for kids.

CHARLIE AND THE CHOCOLATE FACTORY

Roald Dahl's most famous novel is also one of his most memorable- there aren't many people who have read this that couldn't recite most of the plot points verbatim.

ESIO TROT

On the surface this is a sweet story, but teaches kids deceit in order to win people over. Maybe it shouldn't be given to kids until they can learn right from wrong and understand that this is just a story.

FANTASTIC MR FOX

Dahl manages to create the perfect anti-hero in this kids book - a thief who we are actually supporting. He's not stealing for any reason other than to eat, yet those he is stealing from are shown as villains, and at no point do we think this reasoning is incorrect! Absolute genius!

BOY

A wonderful memoir that shows where a lot of Dahl's ideas came from, as well as his disliking and mistrust of adults.

CHARLIE AND THE GREAT GLASS ELEVATOR

Not as memorable as the first book, but filled with just as many clever observations.

THE TWITS

Such a silly book, I loved this as a kid and read it multiple times.

JAMES AND THE GIANT PEACH

Although not as humorous as some of Dahl's other works, the ideas are still funny and silly and will keep kids entertained.

DANNY THE CHAMPION OF THE WORLD

A good kids book, though very different from Dahl's other, sillier books. This is far more dramatic and realistic than any of his other children's novels.

GEORGE'S MARVELLOUS MEDICINE

One of my favourites, in spite of being mainly filler. And the kid kills his gran? How wrong is that?

GOING SOLO

Although not as fun as *Boy*, this is still an interesting look at the life of the world's favourite children's author as he progressed into adulthood.

THE BFG

Genuinely scary for small children, this story of a loveable giant is just as effective today as it was when i read it as a child.

MATILDA

A wonderful children's story about how genius can often be overlooked if you don't have the right support system in place. Being one of Roald Dahl's last published books before his death in 1990, this book can at times read like a friendlier version of *Carrie*, with slapstick taking the place of outright murder. A great read, even for adults.

THE GIRAFFE AND THE PELLY AND ME

A silly story that will appeal to children due to its everyman characters and bizarre scenario.

THE WITCHES

One of Roald Dahl's creepiest books, and it doesn't have the typical Hollywood happy ending either. A fantastic read for older children.

Sudakshina Bhattacharjee says

One of my all-time favourite collections that I grew up reading and the stories of which are forever memorable.

Emma Ferguson says

A fantastic collection of Roald Dahl's works... Great for the young and young at heart!!!
