*Abby Weeks*

**Tangled Rose** Abby Weeks

**Warning! This book contains triggers that some readers will find distressing. It is not for the faint of heart.**

**This is the provocative opening book to *The Darkness Trilogy***

*Tainted Rose* is the second book.

*Twisted Rose* is the finale.

Drawn from experiences in the author's own life, this is a heartbreaking and painful story of abuse, degradation and humiliation. While the trilogy as a whole ends happily, this book does not. You've been warned!

Rose Meadows has been kidnapped. She wakes up in a motel room, tied to the bed, and she is terrified. Never could she have imagined what the men who took her have in store. The pleasures they seek are not only sexual; they want that, but they also want to abuse her in more degrading and devastating ways. They want to humiliate her. They want to debase her. And most of all, they want to break down her trust in the one thing that can eventually set her free: Love.

Start this trilogy if you are brave enough to see it through to the end. It is a heartbreaking story but it is also a triumphant one. It shows that love can be found in the darkest of places, and that sometimes it is the roughest and hardest of men who prove to be the most surprising.

\* *First published in the anthology, Dark Passions.*

**Kari Kaz says**

3.5 stars

Abby Weeks – Tangled Rose

A prelude to what happens to Rose prior to the book Tainted Rose, when she is first captured by the DRMC. The story is well-written but I wouldn't consider this a romance in any way. It's very dark and throughout the entire story the heroine is emotionally, sexually and mentally abused and tortured. Not for the faint of heart but a great companion to the full-length novels that follow.

I love the actual writing even though the theme is quite harsh and heartbreaking.

---

**A??ela W. says**

This was a short quick read that I liked. This is the first book in a new series to me. The story opens with Rose tied to a bed after she's been kidnapped by an outlaw biker MC. From that point on, she is treated really bad and humiliated. Rose is now the property of the club and quickly realizes that she has no choice, but to spend the remainder of her life as a stripper for the club, or die. This hellish existence is destined for Rose, and many other girls whose fathers had been members of rival MCs that were defeated by this evil club in a war several years back, as a message to any others that might dare to challenge the MC. This is not my first time reading Abby Weeks this book is well written. The book left me with a few questions that I am hoping will be answered in the next book. This book was dark and I love reading this genre. I can't wait to read the next book in hope it is longer than this one.

---

**Candace says**

This short prequel foreshadows what is bound to be a brutal and tragic existence for Rose. The story opens with Rose tied to a bed after she's been kidnapped by an outlaw biker MC. From that point on, she is treated as less than human and submitted to disgusting, degrading acts to break her spirit.

Rose is now the property of the club and quickly realizes that she has no choice other than spending the remainder of her life as a stripper for the club, or die. This hellish existence is destined for Rose, and many other girls whose fathers had been members of rival MCs that were defeated by this evil club in a war several years back, as a message to any others that might dare to challenge the MC.

A young prospect, Patrice, is the only person to show Rose any kindness throughout this short story. Assigned to guard her, Patrice quickly develops feelings for Rose and becomes her source of hope and strength. When his feelings for Rose are put to the ultimate test, she let's go of any residual sense of self-

worth she was grasping ahold of and is left a broken woman.

I am looking forward to the next book, which is promised to follow Rose's quest for redemption and revenge. For that reason alone, I am continuing this series. I hope she gives worse than she got because these bastards really have it coming!

I usually love darker stories, but with the possible exception of Patrice, these men didn't seem to have ANY redeeming qualities. They were just vile monsters and I hope Rose serves them their asses!

### **Michelle ♥ The Romance Vault ♥ says**

Oh heck this book is dark! I am rating this a 3 1/2 star read, for I can't say it was really enjoyable but it was definitely likeable for setting the horrible scene of whats in store for Rose next. The content is hardly likeable but it's part of the dark read and likeable only for the disturbing factor.

For a biker book this has got to be the darkest one I've read so far. Not much touches at all on the biker lifestyle but this is only the starting novella. If you thought Madeline Sheehan's books were bad then this will send you completely over the edge so may be worth avoiding. I hope it does go into the lifestyle more, we shall see.

This book contains rape and non consent, therefore some will find a trigger. What I found though although this is sooooo dark and disturbing the inherent need to read on and found out if Rose gets out of her predicament is foremost in your mind.

What Fat Boy subjects her to and then Serge - well, let's just say I hope they get their just deserts is all. What a pair of utter bastards.

I did find some of the character characteristics a little disjointed sometimes, the only one that seemed in the zone was Fat Boy, he was a nasty arse from start to finish.

This is definitely a book you cannot say you enjoyed because the content is so horrifying but this book like I say makes you want to read on. And it's funny it's one of those books you wouldn't actually diss if it wasn't visual, but Abby writes a fairly good prose and so therefore it is visual so if you cannot read disturbing situations I would warn you against reading this.

### **Nanci \*\*Warning\*\*IWasASailor??MyMouthisDirty says**

Hmmm this started out interesting which is why The 3 stars however what could have become really dark, twisted, and good...died. The book is very short even still the last chapter was rushed and the detail of the story stopped. Yes, I know the story continues on but the way it ended. Yeah not interested.

Oh well...on to the

## Jamie (The Kansan Reader) says

This really didn't have much to it. It was extremely messed up to.

---

## Katie says

Tangled Rose is written brilliantly. It is a gripping, dark, and horrifying book. There is nothing joyful in this book, so if u are looking for something like that, forget it. It said on Amazon that The author says this is based on her life events. I dont know. This is tragic and i hope she embellished at least some of it...for her sake!! It has a very simple theme...Rose is kidnapped and sold into a evil sadistic motorcycle club to sexual slavery. Her life from that point on was nothing. Now onto the next book, Tainted Rose. The only reason i did not give it five stars is bc there were times i actually had to put the book down bc it is so dark and depressing and the thought of someone, THAT someone actually lived this life just kills me

## KAT ? Kitty Kats Crazy About Books ? says

**TITLE:** Tangled Rose

**SERIES:** (The Darkness Trilogy #1)

**AUTHOR:** Abby Weeks

**GENRE:** Dark | Adult Fiction

**PUBLICATION:** May 25th, 2014

**MY RATING: 4 STARS**

**Warning! This book contains triggers that some readers will find distressing. It is not for the faint of heart.**

This book/series was recommended to me by a friend on here, **\*\*\*I've not read anything by this author before,\*\*?** not sure what to expect as the reviews on here are very mixed, but it does promise to be a dark, gritty, a darker book than I've probably encountered before..

It also states by the author *"The following story is based partially on events from my life."*

So I'm going in with an open mind, deep breath in, here goes nothing..

It starts off where she has been kidnapped, tied up on a bed in a hotel room, drugged..

*She tried to move her arms but she couldn't. Her wrists were fastened to the posts of the bed with leather cords. Her ankles were too, The harder she struggled, the tighter they got. She was lying, spread-eagled, facing the ceiling. She was in as vulnerable and exposed a position as it was possible for a woman to be.*

It's not the darkest I've read thanks to some authors who really push the dark envelope but it is darkish depending on your tolerance and what dark books you've read..It is brutal reading, you do get that connection with the female character and what she's enduring at the hands of a notorious biker gang..

This all occurred because of *one man, one foul, evil man*, **REX SAVAGE**, he was the reason why she was **kidnapped** in the first place, the one who had betrayed her. The one she had trusted against her better judgement.

***You're never going to get out of here.***

Fuck where to start, this book was twisted and sick as fuckery, in some parts it did make for hard reading..I was in such a book funk until I picked this up and devoured it, the authors writing style is so easy to get into the story your engaged from page one, it's precise and right to the point, no over wording, no flipping from past to present just flows for easy reading..I definitely need a break before I head into the other book though because I feel drained, you feel everything the author was trying to convey, when she thought she was going to be saved I felt that too etc etc..

***The reason why I'm holding you here is because you're going to work for me. I'm going to put you in the most desolate, forlorn strip club in the entire world. You're going to be at the very last stop on the highway to nowhere. The only men that are going to see you dance are loggers, miners and truck drivers. You're going to waste away, year after year, in my club, and no one is ever going to come and save you. You're going to get older and less beautiful every year. You're beauty will fade, you'll age. You'll become an old woman. Tired, cold, bitter and loveless, and still you'll work for me. Still you'll belong to me.***

There's nothing really good to say about this book, like it doesn't have a HEA at the end, it's raw, it's gritty and it will make you be thankful for the life you have..

---

## **Veronica says**

Tangled Rose is the first book in a trilogy and this is a very dark tale.

I had already read book 2 Tainted Rose (which was released first) so I was familiar with Rose's story. Tangled Rose which covers the time at the very beginning of Rose's abduction, gives us insight into why when we meet Rose two years down the track in Tainted Rose, she is completely devoid of hope. For me that was all I got out of this first instalment. It is full of rape and humiliation and just isn't very pleasant.

It is worth making it through Tangled Rose to get to Tainted Rose which I was a far more interesting read.

---

## **Dai Alvarado says**

Esta un poquito fuerte y al mismo tiempo deficiente. Justo cuando las cosas comenzaban a ponerse buenas se terminó ¡No es justo! Yo queria seguir leyendo, además de que me cortó el rollo al no describir la mayoría de las cosas que le hacen a la chica.

---

## **R says**

Wow, dark yes.... I put it under genre devil-evil....is not the worst I ever read.

but in the aspect of breaking a woman, and taking her dignity, unless your a strong, bad ass, as I try to feel I am and teach my daughter this by me reading these books....attitude-faith and a lot of confidence and self preservation ...but if you read seize me, Breakneck MC you will see that winter, I think may have had worse, was actually broken literally but not defeated, ever when she knew help was not on the way,, and that is the difference of why this book is so dark and had that book ended after that horrific scene...you knew winter was going to die with a smug look on her face that says FUCK YOU-SEE YOU IN HELL

---

## **Candy says**

If you are the type that sees a \*warning\* in the description of the book, telling you what to expect from the book, and some of the things you will read about aren't your "cup of tea" but out of curiosity decide to read it anyway...don't!

This is a really short story but man, it was crazy! So much happened and yet, it didn't feel rushed.

Rose Meadows wakes up bound, spread eagle, to a bed post. She knows who kidnapped her. She has a few theories of what awaits her. What she doesn't know is why did she, in particular, get taken.

Soon, she'll find out the SICK reason behind her kidnapping. Because you see, this isn't your typical kidnapping. This one, comes along with a little revenge.

\*\*\*

Once again, if you read the disclaimer and KNOW you DON'T like what you might read about, DON'T.

This girl gets humiliated in the most horrible way. My heart felt heavy while reading it, and not a lot of books have that effect on me.

Also, it's not a dark romance..so far. You see a connection developing with Rose and one of her captors but that quickly turns... sour. Book 1 is basically an introduction to her current state and what awaits her in the future, which is very unpleasant.

Will I read the second one? Yes. I want to know if that little spark her capture had towards her can beat all odds.

I want her to succeed and not let them accomplish their long awaited revenge.

---

## **Jamie ?? submits to books ?? says**

### **\*\*\*\* 4 Powerless Stars \*\*\*\***

Tangled Rose is novella in The Darkness Trilogy. This books is raw, gritty with a great dose of humiliation for Rose Meadows.

Rose is abducted and held captive in a hotel room by the Dark Rebel MC's. She has no idea why she has been abducted but she knows things are not going to end well for her.

**"You're never going to get out of here."**

**"After all the love has left your eyes, and all the beauty has left your face, and all the life has left your frail, old body, you'll still dance for me. You'll dance for me till I kill you."**

But before Rose is engulfed into the life of a captive stripper in a dangerous MC, she is first raped, degraded and broke down to a shell of no hope. She begins to believe she is not worth a normal, happy life.

**"Hope could be a dangerous thing if you let it creep into a world in which it didn't belong."**

This book does not have HEA. This is not a warm and fuzzy story of happy hearts and butterflies. This book is the beginning of the darkness the Rose is living in.

This excites me!!

---

## **Val MP says**

... no puedo dar ninguna opinión de este libro aun, siento que no es justo ya que si acaso fue una introducción de la historia, son 80 páginas bastante fuertes y que me hicieron sentir asqueada pero es totalmente la intensidad de la autora, será finalmente evaluado cuando termine el 2do y 3er libro.
