## **That Healing Touch** Kit Morgan

Jack Carlson spied for the union army for four, long years and what did he get for his trouble? Blindness. Battered by the war and lost without his sight, he seeks refuge in Cutter's Creek, Montana. There he hopes to heal his bitter heart. But he's going to need a lot more help than what he can come up with. His cousin, the local preacher, thinks so too and sends off for a mail-order bride for him, praying a wife will do the trick. Willow Bennett has been in love with the same man all her life. As a young girl she followed Jack Carlson and his friends until they managed to out run her. As a young woman...well, a girl can dream, can't she? Imagine her surprise when she becomes a mail-order bride and discovers Jack is her intended! That's not the only surprise she gets in this story of forgiveness, hope and love.

That Healing Touch is the first book in a new series written by multiple authors. Enjoy these introductory novellas of sweet historical western romance, and get to know the folks in Cutter's Creek, Montana!

## **Sharon says**

### **Ended too quickly**

I really love sweet, feel good stories as well as movies. The big problem with them is you have this good show with some problem, tension, or suspense for most of the show and then in the last 5 minutes everything gets fixed. This book was just the same. You read along and the male lead is being a putz and then he did a complete 180 degree turn and I was like "wait, what happened there" and then the book was over. So, the problem is - the ending was way too quick and the book was finished. If you like those sort of movies, great. If not, pass on this book as well. For me, the quick ending ruined the book. Not an author I'm likely to follow.

---

## **Cindy says**

So Kit Morgan is the author that I stumbled across last year that introduced me to the whole mail order bride/western historical romance/kindle book thing. I have loved everything that I've read by her and this is no different. You really can't go wrong reading any book by Kit Morgan.

## **Eliza Olsen says**

### **Love Kit Morgan's books**

I loved this book ! I've always loved reading mail order bride books . Could be because of my grandmother's story . She was a mail order bride and Kit brings out the same feeling that I got from lessoning to my grandmother's story.

---

## **Tonileg says**

Clean historical Western fiction with two childhood friends find each other with a mail-order wife plot with a blind war veteran and a destitute orphan.

Jack Carlson was blinded in Civil War and it now has taken up every aspect of his life that he wallows a bit in self pity. Jack is very lucky to have a great cousin that has taken him in and is trying to help him find some independence but that cousin also behind Jack's back sent away for a mail-order bride to take care of him.

Willow Bennett recognizes Jack's name immediately as her childhood crush so she takes her chances and hops on the stagecoach to start a new life. The usual reluctant courtship unfolds in this story.

Not re-inventing the wheel in this book , but a cute quick clean read.

### **SOMETIMES WHAT NEEDS HEALING ISN'T THE OBVIOUS!**

Kit Morgan gets a solid 4 STARS for her The Healing Touch Cutter's Creek.....) her emotional packed Novella of a Civil War Vet who is blinded in the war who ends up with an childhood friend's sister, as a Mail-order Wife sent for by his Pastor cousin. It is emotional in parts and funny in others, and an all around enjoyable read. FYI: This Vet's life could actually be from any war.

WARNING: 16 & UP SEX : CLEAN & no Curse Words

### **That Healing Touch ( Cutter Creek Book1)**

Interesting read revealed some of the devastation and disruption of lives from the war. God's help in restoration of families.

---

## **C.M. says**

Short, slow, and predictable. Had trouble connecting with the characters. It's too bad, because I really wanted to like this one. It just wasn't for me.

---

## **KB says**

5 stars

I purchased the novella Cutter's Creek Book 1: That Healing Touch by Kit Morgan and this review was given freely.

After the war, Jack returns to Cutter Creek blind and depressed only to be saved by his Pastor Cousin and a surprise mail order bride, Willow. This is a well written poignant second chance at love sweet romance filled with emotions, forgiveness, and love.

---

## **Jean Holtorf says**

I enjoyed this story with it's journey through the centuries by Mikhail, the Russian Dragon shifter. I like the adventures with the gems and the gemologist Piper Linwood, who ended up getting more than she bargained for... A good fun read.

---

## **Patricia says**

## **Quick and simple**

I received this book free from one of the book sites. I do not remember which one! This is my honest review. What I really like is that this book is one that simply lets you read & enjoy without a lot of useless side stories getting in the way.

A simple love story that shows having faith and hope are so very important.

I highly recommend this book.

## **Thomas Douglas says**

### **A Very Interesting Book**

I very much enjoyed this book. The different individuals were very well described. Not ever reading about someone going blind as an adult from fighting in an war was very interesting.

## **Marsha Spohn says**

Reviewed at Historically Romantic

That Healing Touch is the first in the clean and sweet Western Historical series, Cutter's Creek. It is a long running (twenty titles as of this date), multiple author series that showcases the pioneer days right after the Civil War when America was growing, and healing from the devastating results of war.

Jack Carlson knew the results of war. Didn't really matter if you were on the winning end or not, the damage done would last a lifetime. Jack lost his eyesight near the very end of the Civil War. Once a young man full of hopes and dreams of the future, now he's blind, bitter, angry and at a loss as to what his life will mean now. Feeling abandoned by most of his family he's settled in Cutter's Creek, Montana with his cousin and his wife. He should be learning his way around this new way of living but his bitterness has dampened any desire to do more than mope. The one thing that does hold his attention is his need to learn braille – the faster the better. As to those dreams of wife and family – they don't exist for him any more. How could he protect and provide for a family as he is now. No, love is beyond his comprehension at the moment.

Willow Bennett also has known the damages that the war has brought to her own family. She once had dreams of a family, with her secret love, Jack Carlson as the man who would love her for the rest of their lives. Of course Jack never knew of her dreams, she was merely his best friend's little sister. Now Willow is alone in the world, her family victims of the war, in one manner or another. Her only real hope of that future is by gathering up her faith and courage and setting out as a mail order bride. What she discovers at the end of that journey West will encourage, sadden, test her faith and bring her the greatest joy. All she has to do is change one man's attitude toward life – and get him to admit that he loves her, too.

I enjoyed Willow and Jack's romance. They are quite opposite in how they are dealing with loss. And to be quite frank, Jack can be quite the jerk at times. His blindness is no excuse for his behavior. Willow will do everything in her power to help him, but in the end it's Jack who must make the choice to live life once again... and make those dreams of theirs come true.

I would recommend *That Healing Touch* for any reader who enjoys sweet and clean romances in the Western Historical genre. This story lays the foundation for the rest of the series as we begin to know the townsfolk and get a feel for this small town. No cliffhangers, this is a complete story with the hint of a future story as Jack has hired a bounty hunter to search for his missing sister.

I read this title through my Kindle Unlimited subscription.

### **Kathy Heare Watts says**

#### **IT'S AMAZING WHAT THE LORD CAN DO ONCE YOU LEARN TO GET OUT OF HIS WAY**

I enjoyed this emotional Christian western romance. Jack Carlson was blinded months before the Civil War ended, to him, he is so bitter, angry and cynical that he wish his life had ended instead of being left helpless. To say he is having a pity party is true, but for a man in the 1860s, he is limited, especially considering her had a bright future. With no family left, only one cousin and his wife willing to help, he winds up in Cutter's Creek, Montana with Reverend Howard and Mary Latsch. Willow Bennett has lost everyone she loved due to the war and her options are limited, she decides to become a mail-order bride. What a shock to have one of the men be Jack Carlson, but could it be the same one, her brother's friend that she has had feelings for since she was only a child? No matter what, she is excited about starting a new life, having a husband and hopefully children.

The plot of the story kept me captivated and the pages turning as Willow travels to Cutter's Creek and discovers many hidden secrets about her intended and who penned the letters to her. This is an emotional story and a reminder that the Lord works in mysterious ways. For Jack and Willow, maybe He thought they could bring each other comfort. There is a great cast of characters, heartwarming dialog and a good amount of thoughtful dialog. "Good things come to those who wait." The story does not end on a cliffhanger, no as an introduction into the other Cutter's Creek stories, but with another possible story in the near future of Emma, Jack's sister, that is being tracked by hired man, Lucius Judrow.

---

### **Linda Walters says**

This book was a charming quick story. I liked it and how it showed the challenges that Jack and Willow had to face, both separately and together. But I wouldn't say that it was a real deep story.

Willow had to change course a bit when she finds out Jack doesn't know that she came as his mail-order bride. And Jack is angry about being blind and needing any help at all. He is thankful for his cousin Howard and his wife Mary for taking him in though. And Howard being a preacher, also tries to remind Jack about how God is there for him, even though some difficult things have happened to him. I really liked how Howard loved him so much without being judgmental towards him.

Willow knew it probably wasn't going to be easy just showing up to someone she had known. But it was a lot harder than she thought it would be. Several times she thought about giving up but for the most part she just hung in there.

This a Christian story, and it does come across as a clean story with no sex or sexual innuendo. But it does

show you the beginnings of a hard fought for relationship.

I really liked the cover for the eBook. It looks really attractive.

## **Fran Tucker says**

### **A dream comes true**

Very good story of two shattered lives that learn all will work out.

I was disappointed that a resolution to find Emma was not in the ending. I do hope her story will be forthcoming.
