Robert R Palmer

The World of the French Revolution: Volume 6 (Routledge Library Editions: The French Revolution)

Robert R Palmer

This book examines the European world before 1789, recounts the history of the revolution in France itself and then explores its monumental impact on European society. The book focusses on the causes of this impact and discusses the levels of thinking, communication, social, political, and economic conditions in France at the time, which combined to make the revolution possible and which were similar to those developments elsewhere in Europe.
