## **Wanted by the Lawman** Rhonda Lee Carver

To Serve. Protect. And desire.

Special Agent Zander Cade discovers his stunning neighbor and realizes she has a handful of secrets that could put him in a difficult situation. He has a job to do, but her beauty and spunk deter his every intention to abide the law. If his instincts are right, she's a whole lot of trouble...and in danger.

Wynn Makelti has no other choice but to move into her grandmother's neglected house, at least for the time being. Anything is better than going back to her ex whose criminal activity is catching up to him. The Wyoming scenery isn't too bad, considering her neighbor has caught, and keeps, her attention. But can he be trusted? She believes he has a few secrets of his own and she makes it a priority to find out what he's hiding behind his hat, beguiling smile and bad-boy tattoos.

Little by little the secrets begin to unravel and turmoil shows up on her doorstep. As safe as his embrace feels, can she stay and possibly put him at risk from someone from her past? If she leaves, she could lose everything she has come to love.

As risky as loving Wynn is, Zander can't let her go, even if it puts his career on the line. It's time she finds out what a real man has to offer and he's the one to do it. Together they can face the danger closing in...unless she runs before he can prove that he can be trusted to protect her and love her.

## **From Reader Review Wanted by the Lawman for online ebook**

### **The Redhead says**

I love all of Rhonda Lee Carver's books but this one just has a little extra something. From page one I was hooked and stayed up all night reading.

The story of Wynn leaving a marriage with problems and moving out on her own drew me in right away. Zander is the special agent who live right next door to this newly free woman. When they meet you could feel the chemistry. The build up between Wynn and Zander was great. A strong woman and a protective man who just can't fight the attraction to each other.

The intimate moments between Wynn and Zander were very steamy and hot. The sweet romantic moments will melt you hear.

Rhonda writes about some very hot men and Zander did not disappoint at all.

Must read

---

### **Tianna Croy says**

The secrets we keep to protect others sometimes cost too much. Wynn found herself in a no win dead end relationship. When she couldn't take it anymore she left, but leaving Rory didn't end all her problems. Moving to Crooked Creek she discovers she has a hot and sexy new neighbor. But meeting Zander didn't go smoothly, but in time she found him quite enticing. Due to her circumstances she tried to keep to herself but there was only so much she could resist. As they began to grow closer secrets threaten their new found fondness of each other. Not to mention a serial killer on the loose and her ex on the prowl, things really heat up in the little three stoplight town. In the end they discover that "each day is a gift."

"We all have to get through a storm to see the rainbow."

---

### **Beverly Blank says**

This is book #2 in the Lawmen of Wyoming series. The book had me from the very first pages & I didn't want to put it down; I read it in 2 nights. Zander Cade is what every woman wants in a man. He's protective, able to take care of things, sexy, & very capable. Wynn runs away from a bad relationship with some items she has no clue that she has. Wynn lets Zander get close, tells him her story and life takes off for them. Of course, the bad guys come for their property. This story has everything a fantastic story needs...romance, friendship, some agony, suspense, humorous moments and steamy moments. It's highly recommended by me...Rhonda Lee Carver makes it a must read. I'm looking forward to the next book in this series.

Wanted by the Lawman  
Rhonda Lee Carver

What a stay up late story that had to be read to the end. Did not figure out who it was until the end. Love Zander and Wynn. They clashed and brought sparks to the story. Love this series and can't wait for the next one to see what the Cade brothers and sister get into next. Highly recommend it.

---

## **Rachael says**

Wynn's situation at the beginning of the story captured my attention and kept me turning pages. Wanted by the Lawman is my favorite of the series so far. Rhonda Lee Carver wrote the perfect hero with Zander! I loved everything about him. He is definitely my favorite Cade brother.

I voluntarily read & reviewed a complimentary Advance Reader Copy.

## **My2CentsBookReviews says**

**Pool my for action packed trying to hunt down a killer stumble into a romance on the way - then this is your book.**

Sander a special agent wanted to let his boss value his work takes time off and to let them struggle through one case without him, then the boss will be getting for his return. He buys land a little ways from his family just like his dad. His family four brothers and one sister all wear a badge. He has a neighbor move next store and that when romance takes a steady turn. Wynn leaves a hostile relationship. Stumbles into a small town that has two murders. Mystery of finding the killer is fast paced. Violence 2, sex2

## **Stacy Jordet says**

What an action packed read!! There were multiple things going on and it kept me on the edge of my seat.

Zander and Wynn meet and while there is an attraction, lets just say their first interaction doesn't go very

well, along with the second time they meet. When these two decide to start over, this is where the fun really begins. The chemistry between these two is hot and fun to watch.

With multiple mysteries going on, this was a book that I couldn't put down. Zander is my new book boyfriend!!

### **Pat Rathmann says**

#### **HIGHLY RECOMMENDED READING ADVENTURE**

Hopefully there will be a book three for this new series. These lawman stories are fantastic, intense, full of suspense and constant action. The characters are strong and dynamic with some emotional baggage that will need to be resolved before reaching any romantic conclusion. This author is creative in her style to keep the guilty person's identity almost to the end.

---

### **Kelly Bailey says**

Who needs a prince when you have a cowboy?

If you are looking for a great read, just go ahead and hit the buy button.

Rhonda Lee Carver is one of my go to authors when looking for a new read. The way she is able to immerse you into the story is a true talent.

---

### **Amanda Bordner says**

Rhonda Lee Carver can literally do no wrong in my eyes! Seriously, how does she do it?! :)

Wynn and Zander were just FANTASTIC. This book had some suspense, was super hot, and literally kept me hooked the entire flipping time! The stories have depth, the characters are extremely well developed, and the book even had me laughing. Gosh, I cannot say enough good things about this book and would highly recommend it! I would read book 1 first just to get the full experience, but you CAN read book 2 without having read the first. You don't want to miss out on the Lawmen of Wyoming!

---

### **Elaine Swinney says**

I received an ARC copy of this book and I voluntarily chose to review it. I loved this book. It is a fantastic story and it's well written. I loved the mystery element in the story. Rhonda Lee Carver has become one of my go to authors, I know when I see her name on a book I know I will be getting a great story. A serial killer on the loose in a small town and the old boyfriend after our heroine the recipe for a great story. I encourage everyone to get this one it is worth your time and effort. I can't wait to see what brother comes next, the hero has 3 brothers who need that special woman and a sister needing the special man. This is a great series!!!!

---

### **Sara Keenan says**

This not only was another great story by Rhonda Lee Carver in the Lawmen of Wyoming series but it was also a story that was very different from her previous books. One of my favorite things about her books is when there is a mystery, she is able to keep you guessing through the entire story. Just when I thought I knew the “who” the story would throw another curve ball. Special Agent Zander is thrown from his comfortable, and quiet country life when Wynn Makelti shows up next door. Wynn is looking for a new life, with a future unlike her past and moving into her late grandma’s house seemed like the best plan, but trouble seemed to have followed her. Thank goodness Zander lives next door, but is she able to trust again? This is a MUST read with the series or as a stand alone!

---

### **Gail says**

Rhonda Lee Carver has definitely hit the ball out of the park with this book. This story takes you on a roller coaster ride that you won't soon forget. All the best elements are represented in this story; murder, mystery, drugs, the Mob, and romance. This is a story that has you hooked from page one.

Wynn Makelti has just escaped a controlling boyfriend and has run to Wyoming to regroup and carve out a new life. She stops off to grab a few groceries and runs into Zander Cade, they both want a certain package of cookies. Sparks fly, but Wynn is not interested. She soon finds out that cookie man is her neighbor. Reluctantly she accepts his help in getting her place heated.

Wynn and Zander get closer, the past is catching up with Wynn, the murders are increasing and the plot(s) thickens. All this and a hot romance...

So what are you waiting for, buy this book and get reading!

\*I was given this book for my honest review.\*

### **Emily says**

"Wanted by the Lawman" (Lawmen of Wyoming Book 2) by Rhonda Lee Carver is a great read. I enjoyed Wynn and Zander's story. This book is packed with action, twists and turns, suspense, passion, close family, hot lawmen, interesting characters, and more. I can't wait to see what happens next in this series! Highly recommend to all fans of romance, suspense, close family, lawmen, and series.
