## **A Pug's Guide to Etiquette** Gemma Correll

This manual is an essential item for any pug aspiring to be a sophisticated, civilized citizen. Pugs play by their own set of rules. When you want them to sit, they stand; when you want them to stay, they go; and when you want them to stop eating that unidentified item on the floor, well...Traditional schools of canine thought put this behaviour down to a stubborn refusal to be trained that's inherent in the breed. Not so. This behaviour is, in fact, down to an ancient set of rules, passed down from pug generation to pug generation. A Pug's Guide to Etiquette attempts to explain these rules, thereby advancing pug-human relations to hitherto unprecedented heights.

### **Kevin Ng says**

3.5 pugs

---

### **Jamie says**

SO CUTE.

---

### **Ginny Beck says**

Adorable and silly. Also applies to Boston Terriers.

---

### **Julia says**

Brilliant and adorable, this book is a great manual for dog owners and dog lovers alike. Gemma Correll's style is so lovely - and, if you get a chance to see the real-life Mr. Pickles, jarringly accurate - and her writing is sweet and funny. I refer to this book on a regular basis for advice, or cheering up on a glum day.

---

### **Retromantik says**

Una boniquez de principio a fin, y más todavía habiendo tenido una carlinilla que hacía más de la mitad de las cosas que ilustra Gemma Correll <3 Si tienes un carlino o te gusta esa raza, tienes que leerlo.

---

### **Lisa says**

Love the illustrations!!! If your a puglover you will laugh and smile with this book!!!! Soooo funny and a wonderful book to add to a Puglovers collection :)

## **Carol Downs says**

THIS BOOK IS AN ABSOLUTE MUST FOR ANY PUG OWNER/LOVER.....

or even better for anyone aspiring to being owned by one of these delightful little creatures. I felt that Gemma Correll was describing my own gorgeous little Pug, Mollie, 100%! She has just had twin puppies, one of which we are keeping, and I will insist to anyone wishing to own the other, that they must purchase this book to ensure they know quite what they are letting themselves in for!

Absolutely everything about this book is fabulous; from the name, the pug illustrations to the prose describing pug behaviour and protocol; with such wit, I quite literally chuckled my whole way through it.

It's a short book, taking only half an hour to read from cover to cover, which is hard-backed and has the same illustration on the hard back as on the dust cover. But I know I'll pick this up and read through over and over again, in fact it will live on or in my bedside cabinet. I was positively giddy whilst reading, this book could not have been written by anyone other than a pug owner.

I was extremely lucky to receive a copy of this book from the publishers Cico Books, whose service was superb, but that has no bearing whatsoever on my five star review. At just under £10.00, and considerably less on Amazon, this makes the ideal gift ~ I know a few friends who will be receiving this book as 'thank you' gifts or stocking fillers. Let's face it what can you buy these days for under a tenner, especially of this quality. **HIGHLY RECOMMEND! :o)**

## **Tracy Colby wen says**

So applies! I laughed so hard. So much like our Grumble!

---

## **Ashley Jones says**

I love this book!! This is my Phoebe down to a "T"!! So funny! So cute!!!

## **Sarah says**

One Christmas Eve my mother-in-law hosted a family party in the main classroom of her very posh dance school. She graciously allowed us to bring our pug, Muggle, with us because we were having some repairs done in our house and didn't want to leave him there with the workmen. Once the party was in full swing, Muggle strolled into the centre of the room and proceeded to take the biggest, fattest dump EVER right in the middle of her newly polished wooden floor, then proudly strutted away. The children present were absolutely delighted, with the giant turd however I was mortified and have since banished Muggle to the house no matter what's happening at home.

According to A Pug's Guide to Etiquette, pooing on the floor during a party is appropriate behaviour for a respectable pug. I had no idea. Also pug points covered in this book are cushion bull-dozing, the wearing of

stupid outfits and the infamous ‘pug run’ that Muggle practices daily. Honestly, I thought my pug was just a buffoon but now I know that he’s definitely not. He is the epitome of gentility. Thank you for setting me straight, Gemma.

---

### **Sara Hart says**

Adorable, hilarious, and spot-on!

---

### **Jess L. B. says**

"During any respectable dinner party, your guests will appreciate a well-formed poo, or noisy bum-licking display, in the middle of the dining room."

Aha, pugs. What brilliant creatures. This was such a cute little novelty book, displaying why pugs are just so great. Adorable illustrations and quirky writing style, just so lovely really. I may not usually be a big fan of dogs, but pugs are always the exception

---

### **Aimee Dars says**

Anyone who loves pugs needs to read this book! I recognize so many of the “etiquette rules” my pugs follow—leaving pug glitter generously, insisting on prompt meal times, refusing to deign to play fetch! The text is a riot and so are Gemma Correll’s wonderful drawings. If I had any complaint it might be that the book is short. I’d love more of the hilarity.

---

### **Mikayla says**

An entertaining, light-hearted book for any and all dog lovers, the etiquette displayed in this book I know can most definitely be applied to Cavalier King Charles Spaniels (of which I own 2)
