Okay, someone titled this book wrong. It should be "**Bound by Aria's stupidity**".

Where I was a bit okay with Aria being dumb in the first book since she was still young and was sheltered all her life, here it was a tad too annoying. Scratch the "tad", it's unbelievable how stupid someone can be.

But let's start from the beginning.

Blurb: *When Aria betrays Luca by going behind his back for her family* When I read this I was disappointed because all I wanted to say was "again?" First for Gianna and then for Lily, and now again, the girl never learns her lesson.

Actually reading the book: I was surprised (and not pleasantly) to find that the majority of the book was only books 2,3,4 and 5 from Aria's or Luca's POV. I would say 3/5 of this book was a repetition of the series. Then we finally get some new content. (view spoiler)

This is my main problem. And I will repeat it; Aria is dumb!

Luca spends so much time repeating that he cannot be soft and that no one can see his weakness. But then he goes and acts like a fool just because Aria makes puppy eyes. (view spoiler)

As for Fabian, I'm actually interested in his story, so, I may give it a shot. Mainly because I hope he kills their father. (view spoiler)

Also, I'm interested in Remo Falcone; he seemed like the devil Luca was supposed to be. But let's see. (view spoiler)

As for Dante, I was never his fan but now? Probably even less. (view spoiler)

Ah, just one word says it all...

And it's all in the name...

Luca *sigh*

Fuckin A

Those of you who have read *Bound by honor*, which is book 1 in the *Born in Blood Mafia Chronicles* already

know ALL about **Luca & Aria**, an arranged mafia marriage that actually turned into a "real" love as much as it is almost impossible to obtain in the mafia world

Love is a risk in our world, and a weakness a Capo can't afford

and they are proving us wrong in this 6th book *Bound by love*, cause Luca & Aria go through trials and errors, "betrayals" that could cost everything and all, prove to be the most challenging of ALL odds and obstacles they come across through events that are crosscrossed through out the books 2 till 5 in the series...

My first choice should always be the Famiglia. But you are my first choice, Aria. I'll burn down the world if I have to. I'll kill and maim and blackmail. I'll do anything for you. Maybe love is a risk, but it's a risk I'm willing to take and as you said, it's not a choice.

I'll go where you go no matter how dark the path.

Like I've said, it's all in the name, and he's name is *Luca*

And again, fuckin A

I'LL GO WHERE YOU GO NO MATTER HOW DARK THE PATH... -Aria

That was a trip down memory lane, but from different POV's!!!

Well, the book started after the end of "Bound by honor", Luca's and Aria's story, the first book in the "Born in Blood mafia Chronicles" series and it followed for once again Luca and Aria as they were facing the rest of stories in the series...

In here, we took a ride to all the previous books, plus "Twisted loyalties" who was following Fabiano Scuderi's life, but we saw them through Luca and Aria's eyes...

We saw the impact that the rest of the stories were having to their love and marriage and how the secrets and lies felt as betrayal and changed them, in a way...

To be totally honest with you, in the beginning, i wasn't very excited by the development of the story, but at some point, i felt very intrigued, especially when we were seeing some things that we didn't know from the previous books!!!

I also have to admit that i liked Mrs. Reilly's idea for this book!!! And i really enjoyed it!!!

Especialy since i am a big fan of the series, i loved that i saw everyone in here... Literally, everyone!!!

And I can not wait about the second book in the "Camorra Chronicles"'s series since we took a glimpse of Kiara in here!!!

Enough of that, now i have to focus on my beloved Luca and Aria...

Their love was unique, even though their start was rough...

I loved how good they were together, but Aria had a soft spot and that was her siblings...

For her siblings, she could do anything and that wasn't always good, since she was risking her relationship with Luca...

And at some point, things got really ugly!!! Seriously, my heart was broken for them...

Will they reach the end unscratched???

Is love a weakness after all???

Well, this is your chance to find out by yourselves!!!

Lucca y Aria una de mis parejas favoritas de esta serie.

En este libro no tenemos una historia nueva sino la perspectiva de Lucca y Aria a través de toda la serie. Tenemos escenas nuevas por ejemplo su luna de miel.

Y otras no tan nuevas como la historia de Gianna y Matteo, la volví a odiar a la perra sigo pensando que no se merece a mi precioso y amado Matteo.

La historia de Lily y Romero.

Y a través de estas historias vimos como Aria por tal de ayudar a sus hermanas desgastó la relación de ella y Lucca sobre todo su confianza.

Me gustó que hubo drama.

Presenciar la parte más oscura de Lucca.

La Guerra que tiene ahora con el outfit de Chicago.

Ahora ya quiero ver el nuevo libro de Dante y Valentina y su lado de la guerra.

“So ladies, many of you have been asking about BOUND BY LOVE and if I still intend to publish it. You want more from Luca and Aria, I get that. They hold a special place in my heart too. But unfortunately there won't be a novella with them...because you'll get a FULL LENGTH NOVEL. Yes. More Luca. More Aria. So much more.

The book will be out some time this year. Definitely after TWISTED LOYALTIES and most likely before the second book in my Camorra Chronicles. Bound By Love will be book #6 of my Born in Blood Chronicles and it'll include spoilers for all of the other books in the series.

Here's the summary:

That's how I felt when I saw that this book was finally released in December ! I'd been waiting on this book for so long and it was like a mini Christmas gift to download a copy and find out what's been happening with Aria and Luca ever since *Bound by Honor* ended. My long time GR friends will know that I'm a creature of habit: I often stick with my Harlequin Presents and my Regency Historical Romances. A novel has got to be super fabulous for me to step outside of my comfort zone and give it a chance. I will not lie ! I loved this book and I love Luca and Aria. This was a sexy, intense, drama and angst filled marriage in peril story. There was:

A lot of hot sex ! OMG the sex scenes were better than erotica;

An obsessed, possessive and totally besotted Luca;

A lot of hot naked Luca (all 6ft. 4 inches of scorching, panty melting masculinity);

An adequate amount of the requisite mob violence where Luca finally reveals to the reader how he earned his diabolical nickname "The Vice";

Intriguing cameo appearances by other well loved characters from the *Born in Blood Mafia Chronicles*;

Fantastic dialogue;

And, most importantly, there is absolutely NO INFIDELITY/CHEATING in this book.

Aria and Luca are one of the sexiest couples in contemporary fictional Romancelandia ever, in my opinion. But before getting into this review, let me deal with the obvious elephant in the room, vis a vis *Bound by Honor*. Their story, in *Bound by Honor*, is one of a select few where I've been able to overlook the H's infidelity. Those who had read their first novel, *Bound by Honor*, are aware of the scene in that book, very early in their marriage, when Aria walked in on Luca and the skank Grace. It was an awful, heart wrenching scene but somehow I was able to live with it, because of the nature and status of the MC's marital relationship at that point in time. There are **very few occasions** in which I can overlook infidelity and one of those include a situation where MC's:

1. Have not developed feelings for each other as yet;
2. Were forced into the marriage by their parents;
3. Have not yet been intimate (i.e have not had sex as yet)

Another couple in Romancelandia who've become a favourite is Rush and Blair from *Fallen Too Far* and its sequels. In *Fallen Too Far*, Blair had walked in on Rush having sex with some woman. It was also awful but Rush and Blair had not yet been involved with each other; they'd not even shared much conversation or kissed. In those circumstances, I can overlook the nasty sex scene with the OW even though I wished the author had chosen not to include it. Anyway, sometimes a story captures my imagination so much and thrills me from the beginning to the end that certain triggers of mine don't seem to make much of a difference.

Another book that is **loaded** with triggers, for me, but I still loved was *It Ain't Me, Babe*. I don't read Tillie Cole anymore, though, because she makes me cry and puts my emotions in a wringer. And finally there's

Sinister Kisses and its 3 SKALS sequels, with a sociopathic, obsessive, jealous and controlling dark anti-H Sebastian Bass ! There was no cheating in the SKALS quartet, but Sebastian was such an anti-H that I still don't know why I loved those 4 books.

The point I'm making is that usually I can't handle stuff that aggravates my triggers but a few books are just so good that the story itself outweighs the negativity of the triggers. Bound by Honor had an early scene that detailed infidelity but I still ended up loving the book. Maybe that makes me a huge hypocrite and you guys have my permission to judge me but I am not gonna lie and pretend to dislike a book just to get approving pats on my shoulder from anyone. And NO, this is NOT an ARC review. I don't do ARC reviews in any event. I'm just an ordinary amateur reviewer, like most of my GR friends, who reviews books because it's become a little hobby of mine. I do it for me; not for any author or for anyone with a vested interest in publishing.

This novel deals with the external struggles that plague Aria and Luca from the time Bound by Honor ended. The MC's are totally in love with each other when this story begins and Luca, who is now the *Capo*, has become a devoted, loyal and obsessed husband. It's clear that Aria is his one weakness in life and that's exactly how a man is supposed to feel about his wife. In Luca's own words:

“But I don’t care, because loving you is the only pure thing in my life.”

Aria froze, eyes filling with tears. Crying and begging had never softened my heart, but with Aria they spoke to a part of me I hadn’t known existed.

“You love me?” she asked, eyes full of hope and disbelief.

“Yes, even if I shouldn’t. If my enemies knew how much you meant to me, they’d do anything to get their hands on you, to hurt me through you, to control me by threatening you. The Bratva will try again, and others will too. When I became a Made Man, I swore to put the Famiglia first, and I reinforced that same oath when I became a Capo dei Capi even though I knew I was lying. My first choice should always be the Famiglia. But you are my first choice, Aria. I’ll burn down the world if I have to. I’ll kill and maim and blackmail. I’ll do anything for you. Maybe love is a risk, but it’s a risk I’m willing to take and as you said, it’s not a choice. I never thought I would, never thought I could love someone like that, but I fell in love with you. I fought it. It’s the first battle I didn’t mind losing.”

Cora Reilly. Bound By Love (Kindle Locations 73-86). Kindle Edition.

This was so romantic and I always felt that these MC's love for each other was strong and sincere. It's not often that a romance novel hits that special spot in my sentimental romantic heart. In fact, I've recently become a little disillusioned with the run of the mill romance novels that I keep coming across. So, when I am fortunate to read a book that gives me positive chills and goosebumps and makes me almost wish that these MC's were real people, I know I've found a winner. This book made me happy, sad, angry, frustrated, annoyed and lots of other feelings on my emotional spectrum. There are not many novels that can do that. At times I wanted to pull my hair out and even slap Aria for being stupid and putting her family before her marriage. In this novel, I felt that Aria really tested Luca's love for her. Don't misunderstand me: she wasn't unfaithful to him but she betrayed his trust 3 times when she went behind his back in order to help her 3 siblings.

I even reached a point where I was so fed up of Aria that all I could think was:

This is Luca, the H:

This is Aria, the heroine:

This story led me on an emotional roller coaster ride where I kept waiting anxiously for the point where Luca would finally reach his breaking point with Aria. She allowed her siblings' drama to play such an important role in her life that it almost ruined her marriage 3 times !

She failed to understand that sometimes a woman needs to put her husband first and on the first two occasions, Luca forgave her. He was angry and he felt betrayed but he forgave her because he knew how much her sisters meant to her. The first time was on the behalf of her mean, selfish and unlikable sister Gianna. The second time was when she begged Luca to intercede and help with the younger sister Liliana. I was more sympathetic with Lily's situation because she really needed help. Gianna, on the other hand, was just a selfish, f*cking manipulative bitch who never stopped to think of the repercussions her actions would have on her older sister. But it was the 3rd betrayal that brought Luca to his breaking point. Aria went behind his back to return to Chicago, knowing full well that it was a dumbass and dangerous situation, since Dante (the Capo of the Outfit mafia organization and the H of Bound by Duty) had declared war on Luca and the Famiglia.

Dumbass Aria was caught by Dante who might have kept her in Chicago, had he not discovered that she was pregnant. But, Dante created a lot of trouble for Luca and Aria's marriage when he manipulated a scenario with a paparazzi photographer to make it appear as if Aria was cheating on Luca with him (i.e. Dante). I love Dante from Bound by Duty but what he did was some punk ass, messed up shit ! He forced Aria into the front passenger seat of his car and bent down to pick up her handbag which was lying on the floor in front of her. He made sure that his stooge photographer was there to take long angled photos of the scene; it appeared, to any onlooker as if Dante's hand was fondling Aria **between her legs !** And, there were other staged photos where Dante pulled Aria close to him, as if he was embracing her and whispering sweet endearments in her ears !

LOL.

Well, fans of Dante will be happy to know that he just faked those situations and that he's still madly in love with Valentina. But it was still a shady ass stunt to pull because he knew it would throw Luca into emotional chaos and destroy him. Dante felt that the first step in winning the mafia war was to create instability in the personal life of the Famiglia's Capo. Dante knew that Aria was Luca's weakness and he was right. Luca lost it when he got emails with those photos attached ! He destroyed the living room, the tv, he cut his hand on glass and didn't even feel the pain because he was a man tormented. I've got to admit that I loved this scene because it seemed like retribution for that scene with the skank Grace, in Bound by Honor. Luca finally got a chance to be eaten alive with jealousy and it was beautiful, in an intense and violent manner, to read this scene.

When Aria returned from Chicago, she was shocked to see the havoc that Luca had brought to bear in her living room:

The arm with the knife hung limply at his side. I forced myself to meet his gaze again. Luca was in there somewhere. Behind the anger and the hurt, my Luca was in there.

“Luca, please listen to me. It’s not how it looks.”

“So you didn’t let Cavallaro have what’s mine?” he roared. And he was upon me, his bleeding hand clamped down on my forearm. He was still holding the knife.

“I would never do that! You will always be the only man I want to be with. I went to Chicago to meet with Val and talk to Fabi. But Dante followed Val and wanted to talk to me. That’s all, I swear.”

“And what’s your swear worth? You’ve betrayed me before.”

“I never lied to you. I never cheated. I helped my sisters and didn’t always tell you everything, but I never lied to you.”

Cora Reilly. Bound By Love (Kindle Locations 3732-3768). Kindle Edition.

I can't end this review without adding that the former skanky OW Grace, from Bound by Honor made a couple of cameo appearances in this book too. She's married to a middle aged Englishman but she's still a slutty bitch who cornered Aria at a Christmas party and tried to make trouble again. This time she failed because Luca is in love in Aria and didn't have time for her skanky ass. In fact, Luca went as far as to put that horrible bitch in her place:

“You listen to me, Grace. You will leave New York again and you won’t come back. I will say this only once: you will never threaten my wife again, or you will be the first woman I will skin alive. That’s a fucking promise.”

He hit his chest with the hilt of the knife, right where his Famiglia tattoo was. His gaze made me shudder, and Grace finally realized he was being serious. Color drained from her face as she nodded.

“And now you will go to your fucking room, and you won’t emerge until this fucking party is over.” He released her and she ran down the corridor where her room must have been. Luca turned to face me, sheathing his knife, the remnants of the monster still in his expression.

Cora Reilly. Bound By Love (Kindle Locations 976-981). Kindle Edition.

Is it sick and twisted, of me, to admit that I found this scene so sexy ? I wish H's in other sub genres of Romancelandia would defend their heroines like this !

Grace made her second appearance during the period after the Dante episode when our MC's are going through a temporary separation and angst filled marital crisis. Luca, in his effort to hurt Aria, tried to make her jealous by talking to Grace at another party but he didn't succumb to the former OW's slutty sexual advances. I'll also add that Grace is so slutty that she even, earlier in the story, gave Luca's brother Matteo a blow job. That happened before Matteo married Gianna. Anyway, I can't add more to this except that I really hope the author doesn't write a future novel that ends in the death of either Luca or Dante. It appears as if the

Famiglia and the Outfit will be at full scale war and the skeevy Camorra will partner with Luca's group against Dante. I don't care much about the Camorra guys yet because I haven't read those books but I really don't want either Luca or Dante to be hurt. They're my 2 favourite heroes in Cora Reilly's books, after all.

The novel does end on an ominous note, however, because Luca is prepared for full scale war with both the Camorra and the Outfit mob groups. But, in true alpha male form, Luca is dedicated to protecting his wife, his son and his daughter:

“You still mark me,” she said with a hint of amusement, rolling on to her back. “Do you really think there’s anyone out there who doesn’t know that I’m yours?”

I stroked the faint bruise on her throat. “You are mine,” I said in a low voice. “And it’s not them I’m reminding, it’s myself, because even after eleven years sometimes it still seems impossible that I have you, that I love you and that you love me.”

Aria’s fingers trailed down to my shoulder blade with the tattoo, her eyes warm and fierce. “I’ll go wherever you go no matter how dark the path.”

I grasped her wrist with the bracelet I’d given her many years ago and brought it to my lips, kissing it. “Even in the darkest hour, you are my light.”

"Born in Blood. Sworn in Blood. Maybe I hadn't made a blood oath, but what bound me to him was stronger than any oath. I was bound by love."

Bound by Love focuses on the couple who first introduced us to the Born in Blood Mafia Chronicles: Luca and Aria. They were and still are my favorite couple in this series, so I was excited to be reunited with them again. And how awesome is it that we get a full-length novel instead of a novella? I was a bit scared that I wouldn't love this book as the first one, but the author did such a great job in continuing Luca and Aria's story in a very intriguing way. After an HEA you normally don't get to see the struggles, and everyone

knows that especially in a mafia book there are many of those. Cora kept me interested and engaged until the end. I loved seeing these characters interact and also see their POVs of when the previous books took place. Aria's sisters didn't really make it easy for Luca as a Capo, and Aria is of course caught in the middle. She wants to protect her siblings which results her going behind Luca's back.

"There are few good things in our world, Luca, and if you find one, you cling to it with all your might. You are one of those good things in my life."

Bound by Love is a beautiful and also dark contemporary romance. I absolutely loved seeing Luca and Aria grow as a couple and individuals. They have their ups and downs, and sometimes don't know how to handle them, but eventually will always come together because they love each other. Some parts of this book were heartbreaking and I wanted to smack Luca, but looking at how he was raised by his sadistic father, his behavior was the only way he knew how to get through things. I especially loved seeing Aria grow in this book, she became a very strong woman, who sometimes acted before thinking, but always had the best intentions. This follow-up to Luca and Aria's story was done very well, and it makes me even more excited for the upcoming books in this dark, sexy and intriguing world that Cora has created. I think fans of this author/series will be satisfied and enjoy this book.

Beatrice ~ Confessions of a Pinay Bookaholic says

Born in Blood Mafia Chronicles needs salvation because its previous book was horrible. I'm excited for *Bound by Love* because we'll get to see **Aria Scuderi-Vitiello** and **Luca Vitiello**'s perspective from books two to four. I'm glad this became a full length novel as we get more glimpse in Aria and Luca's marriage. Just because they're in love, it doesn't mean everything went smoothly.

I don't know how I'll review this without spoiling other books. **Some of you thought Aria was stubborn and annoying for disobeying Luca. It was a complete opposite for me.** Aria is an independent woman who thinks on her own accord. Sometimes she gets impulsive when it comes to her siblings and that's natural. She's a selfless woman and she'll risk everything for all the people she loves. That includes her husband and her siblings. She's a lovely heroine and she's more mature than what I've seen from the first book. I'm defending her on this one.

The reason why I lowered my rating is because of Luca. I was fuming on how he acted and I want to throw back in his face what he'd done in the first book. (view spoiler) Don't get me wrong, I do like Luca. He's my second favorite (I like Dante Cavallaro more hehe) and it was really nice when a sinister Capo becomes a sweet, attentive lover to his wife. However, I wished he'd let Aria explained before jumping to conclusions. Overall, I like this book. It's entertaining despite of my annoyance on Luca.

P.S.

Can Dante and Valentina have another book? I seriously want them to have another book!

Final rating: 3.5 / 5 stars

There aren't enough words to express how much I loved writing about Aria & Luca again. They have stayed with me all this time, through all the years, and I knew their story was far from being over, and when I began writing Bound By Love, it felt just right. This book is so much longer than I expected. Over 400 pages, 116,000 words. Filled with Aria & Luca, Matteo & Gianna, Dante & Val and the rest of the crew. I loved writing this book. And I hope you will love it as much as I do. <3

2 - was this book really necessary? - Stars

For me, this last book of the series was supposed to be an extra cherry on top to cap off everything and everyone in this series. At least that was the reason why I purchased this book in the first place. I was hoping to get some further insight to certain scenes from previous books and mostly, I was really wishing for an epic epilogue that would make me swoon for all of my fave characters (especially Matteo from Bound By Hatred). But wow. I actually wish I had skipped this last instalment as it only served to tarnish some of the stories and characters that I had previously loved and gave me none of the above wishes mentioned. I hate giving out such low stars and I feel terrible for doing it at the end of such an enjoyable series.

Sigh... I won't be describing any spoilers here but I will say to those who loved Matteo and Gianna's story in book 3 and were hoping to catch further glimpses of them (like me); you will need to lower your "Matteo" expectations and find some extra strength and patience to tolerate the pain of (the h from book 1 and this book) Aria's ditzyness all over again. I nearly forgot how excruciating it was to get into her dumbass head in the first book, until I had to go through it all over again!

Unlike me, if you weren't interested in Matteo or Gianna, and want to read this book to catch up with the other characters in this series; then you'll probably enjoy this more than I did (unless Aria's character also makes you go insane). Reading this totally put a stain on one of my fave book boyfriend and sadly, I now question everything that I loved about book 3 and through that woe, I could only skimmed through the rest of this book just for the sake of finishing it. Sigh.... but I still love Matteo... only less now... but if I completely erase this book from my memory and pretend I didn't read it, then I'm sure I can love Matteo as I once did... but probably not :(

Ok rant over. Told in multiple POV (mainly Aria and Luca's) and should be read in order of this series. No bloody HEA. Just HFN for effing Aria and Luca with lead up to spinoff series. Barely got any goods on Matteo and Gianna's HFN so all this pain was seriously for nothing.

Rant over for real. Jewels out.
