### Nanna says

Yang ini juga lebay

Cukup seru ceritanya, tapi karena udah lama banget bacanya (bacanya sekitar SMP mungkin) banyak yang lupa. Yang inget, good ending dan pertandingan sepak bola yang super duper lebay. Oya, satu lagi, adegan semut-semutnya sangat mengganggu.

Today I have another favourite author's work for you. I recently found out that I have not reviewed her works even once, and I love all of Ikeyamada sensei's works s much. Though there are 3 that I need to find translations for, otherwise at least 2 of those are completed but in my library they're still ongoing. Why do I love this mangaka's works so much that I can reread them for as many times as I want to without getting bored? Her drawing style is great, her plots are fun and simple and her characters are always developed and with a great sense of humor.

In Get Love, I laughed on nearly every page. Just the concept of a short guy is already fun, but the author takes it up even higher and presents a fantastic character in Yuuki. During all 7 volumes, he's short and only on last [ages he finally is high and it's a bit annoying because it would have been so great to see him a bit more. Miki is a character that you love from the very first glance. She's fun, she's cheerful and she's a bit perverted, and the best part – she's the greatest Yuuki Sagara's fan. Her love for him is something amazing. The story progresses fast for a shoujo, a bit too fast. They're a couple before the first volume ends. But besides the relationship problems and those are so many not so many, but quite a lot, Miki and Yuuki face some major problems, like a formidable opponent in football and it's always fun to watch how Miki is cosplaying in order for the team to practice harder.the humor in this story is fantastic. And I've mentioned this but drawing style is specific but amazing. The characters feel not drawn but real like they'll jump right from the pages and start talking to you. The funniest period is when Sagara (that's Yuuki) gets popular.

If you've come to this moment and you loved this series, after this you'll love it even more though it also means you'll need to be prepared to say goodbye to already favourite characters. But don't worry if you keep reading the author's works they do appear once in another manga.

So, are you ready to get to know Miki and Yuuki and their soccer team? Then what are you waiting for? Immense fun is awaiting you! Enjoy it to its fullest and don't forget to share your thoughts below! Stay tuned for more reviews as well as promos! Don't miss your next favourite book or manga! Happy reading!

XOXO

Sejak baca moe Kare, saya jadi suka sama karyanya Go Ikeyamada. Gambarnya bagus, dan ceritanya lucu. Di seri Get love ini meskipun cowok pemeran utamanya lebih pendek dari ceweknya, tetep aja ceritanya jadi lucu! tetap aja, ciri khasnya ikeyamada sensei ini biasanya ceweknya banyak disukain sama cowok-cowok. Itu aja sih yang bikin sebel. hehe...
