Last Will

Ron Schwab

Last Will Ron Schwab

When the dead body of one of lawyer Ian Locke's wealthy clients is discovered in a place most unbefitting for a man of his station, it is just one piece of a complicated legacy that Ian must unravel. Who killed Ralph Wainwright? His bitter wife? His son, back in town after a long absence? The discovery of multiple wills further clouds Wainwright's relationships and motives others may have had in wanting to see him dead. From the countryside to the courtroom, the small town of Borderview to the burgeoning metropolis of Omaha, Last Will is a tale of mystery and suspense set in 1880s Nebraska, as lawmen and law wranglers must navigate the ripple effect a murder has on the community and their families.

From Reader Review Last Will for online ebook

Jeff Benham says

Interesting story once the stage is set. Bankers and lawyers transcend time, so this story could have taken place in any era. Ian Locke is a lawyer whose banker friend is murdered. Now who could have done such a dastardly deed to such a fine citizen. Ian is the executor of the will, but which will? there seems to be more than one. Will the murderer get away scott free?

Marcia says

I won this book on Goodreads. This is my first Ron Schwab novel, but I liked it so much that I intend to read others. Setting a novel over 100 years ago has the special problems of being consistent and correct in the past time. Schwab handled the details in setting, clothing, and action very well. I liked the characters. The action was realistic and underscores that certain aberrant behaviors are not confined to the present time.

Jim Ward says

Great

Great story and well paced. Characters are nicely formed and I look forward to reading more stories by this author.

Jackie L. Darnell says

Loved the book, I do not finish a book if I do not like it. I did like this book. I enjoy simple straight forward writing, little fluff. This is it.

Lowell Moore says

A Very Good Story

Good western books are rare and hard to find nowadays. This one is a very good find. It is full of intrigue, romance, and action. Be sure to read this one.

Shelley Engel says

Loved it

Very authentic & true to the times. I love the idea of a woman "Law Wrangler" in Nebraska in the 1880's. The law & trial were intriguing, the action was exciting & the romance tied it all together.

F. Allen says

A Legitimate Tale of the Old West

This is not a shoot 'em up bang, bang book and more realistic because of it. A lawyer has written a will for a wealthy man who is killed under suspicious circumstances. A female lawyer becomes the defense attorney for the live in lover accused of killing the man. And this privides the will writing lawyer with a very strong love interest. It was a surprise happy ending. Very nice book.

Peter Cornell says

Great Read

A terrific western adventure, and an even better murder mystery. Frontier jurisdiction prudence. A really interesting mixture. A nice surprise.

Jackie L. Darnell says

I loved the book. I have never thought of attorneys in the frontier. But Ron's books puts a new twist to westerns. His writing is the style of Louis L'Amour, my favorite western writer. This was a page turner. Even if one is not a western fan, I think they would like it.

gwen graves says

Really enjoyed

I decided to read this story for two reason. One it's a mystery and two because of the time it was set in Nebraska. My great grandmother came to east Nebraska in the late 1870's as a young girl and spent her life in a small town of Plainview Nebraska. So that was a good reason to read this story. I'm so glad I did, because it was exceptionally good. I really liked the characters and though I rarely enjoy a story for the romance, this one I did. Plan on reading more from Ron Schwab.

Lawyers

As I try to avoid lawyers, doctors, and such, I do appreciate a good tale! Thanks for this tall tale!

Fred Zenz says

Darn good book!

It kept me interested from page one till the end!
I had to find out who the killer was. I had to find out if Ian got the woman! It was a page turner!

Christine Smith says

The Last Will is excellent.

The book was well written, it was an interesting and plausible story. It had just the right balance of romance, intrigue and adventure.

Michael Gaskins says

Slow start but a good read

Good characters... lots of places the story could go... or future stories. And, I would likely read them. Good luck

Dennis R Thummel says

Hard to put down.

I read for pleasure and relaxation, not to write reviews. I feel reviews should be left to the recognized critics and not be mandatory. The star system of rating should be sufficient for most readers.
