**Mobster's Girl** Amy Rachiele

Mobster Romance Book (Free Mobster Book)

Gripping my chest is the only way to hold myself together or what's left of me will fall out. The past week has enlightened me on one thing-I don't care.

*Megan, Mobster's Girl*

I didn't even hesitate. I took two strides and blasted him in the face with my fist. He was ready for it this time-unlike in church. He tried to hit me back but I ducked and smashed him again.

*Antonio, Mobster's Girl*

You can't help what family you're born into or what lies they keep from you. You can't help it if they mold and shape you just the way they wanted. Are monsters born or made?

Antonio and Megan have a timeless issue. They were told to stay away from each other. They try, they really do. But they are drawn to each other.

Antonio is eighteen and the up and coming mob boss of Palmetto, New Jersey. Megan is a girl uprooted from the grassy plains of Ireland at the age of five. Now she's seventeen and faced with horrors she never thought existed.

## 2.5 Loving monsters STARS

*"Don't think, just do."*

Llevaba meses buscando un libro de Mafia con protagonistas adolescentes, al no dar con ninguno, pedí recomendaciones y vuola me enteré de este Serial. Y es justo lo que estaba buscando, historia un joven Príncipe de la Mafia Italiana que está enamorado de la única chica que su papá le prohibió que se acercara.

**Antonio, mejor conocido como Tonio, es una mezcla entre Cristianno Gabana y Carmine DeMarco.** Si ustedes no son tan Mafia sluts como yo y no saben de qué estoy hablando, les explico.

Tonio tiene un lado adorable, es un adolescente que acude a su último año de high school, le gusta salir con sus amigos, tiene un crush en una chava que conoció cuando eran niños, adora a su mamá, va la iglesia los domingos, etc.

Pero también tiene otra cara, la parte de su personalidad que su papá le ha enseñado, la parte que todos temen. Fue muy interesante ver lo forma en que Tonio maneja y asimila todo este mundo de violencia. Su padre le pide que haga cosas que él no disfruta, (como golpear personas por dinero, romper dedos, romper piernas, disparar a matar).

La protagonista, no es nada sobresaliente, al final su personaje da un giro y la verdad aun no estoy segura de como siento al respecto.

**Lo malo del libro es la portada (horrible) y la escritura,** La autora comete muchos errores gramaticales, me chocaba cada que ponía un punto final y la siguiente palabra la ponía junta, sin espacio. Repetía frases completas de una página a la otra, en un momento Tonio no trae playera, en la siguiente página dice que le están quitando la playera.

**En conclusión:** Lastima que la escritura sea tan mediocre, pero en si la historia si me gusto y pudo llegar a más.

## THOUGHTS

This is a young adult story that I would recommend to a mature audience. This story contains a blend of a mob feel from a younger generation. Antonio, is following in his father's footsteps as his father is a mob boss. Antonio is a regular teen, depending on the day of the week and what jobs he is running for his father. As young as Antonio is, he is feared by his fellow teenagers and classmates. The one person, he doesn't want to fear him does and that's, Megan. Megan is Irish and has grown up in the same area as Antonio. Megan is clueless of Antonio's feelings for her. The more unaware Megan is, is the more intense, obsessive and possessive Antonio gets about her. Megan is shy and carefree. She always does what she is told and was always warned to stay away from Antonio and his gang. Antonio, as macho as he seems, he is very vulnerable when it comes to Megan. Of course this wouldn't be a story without a triangle, as other feelings come into play from other characters. I love Megan and Antonio's story and I love seeing their love come alive.

Their story is one of almost forbidden love, as family plays a part in their romance. This story reminds me of one of my favorite movies, A Bronx Tale. It had almost the same atmosphere of a mob like/forbidden love/teen love concept. The writing was a bit iffy at times but the story supersedes that for me.

## Tana says

Mobster's Girl by Amy Rachiele

So this is the first book I've read by Amy Rachiele, her writing was easy to read, plot and character development was well written, and the story flowed really well. I picked up this book this afternoon and finished it in one sitting with a few cups of coffee.

Mobster's Girl is about a young woman named Megan who all the sudden notices Antonio is looking at her. Antonio is tall dark and handsome and a bit dangerous young, he is also from a very well off and powerful family in their neighborhood. The title of this book says it all. Antonio remembers meeting Megan when he was 5 years old and is fascinated with her, but years ago he and his friends were warned by his father not to go near her. But you know what happens when parents tell you not to do something.... They talk .....and Antonio knows he wants Megan to be his. Megan knows her parents won't approve but that doesn't stop her, she gets butterflies when he smiles at her.

Mobster's Girl is about romance, coming of age, and finding out sometimes people are not always what they appear. I really enjoyed Megan and Antonio's love story and cannot wait to read more.

I have to thank Amy Rachiele for listing her book in our group We ♥ YA Books, and offering our members copies to review so thank you. I cannot wait to read the next book in this series Awakening the Mobster which I just found out was released 2 weeks ago.

I have rated Mobster's Girl a 4 star rating and if I could I would give 4.5 stars.

## **Bitchie says**

I really tried with this one, because it has so many really good reviews. Only one mentions "minor" editing problems. Minor? Are you kidding me?

**EDIT: It has been brought to my attention that this book has been re-edited. So I am going to stop reading now, and wait til I get the "edited" version. Although it seriously pisses me off that once again, paying customers are being used as free editing for authors who can't be bothered or don't want to pay a real editor.**

**Reading edited version now, and the "O'Neill's" are still coming to dinner, she still walks "pass" her sister. The first paragraph is a bit smoother though.**

**Still lots of skipped commas. "Connor is Erin's age fourteen".**

**Yep, the family still switches from "O'Neill's" in chapter 1 to "O'Connell's" in chapter 3. This author needs better free editors! I will come back and redit the rest of the review as I decide to read on with the book.**

First off, we have the "O'Neill's" coming to visit. Then suddenly, they are the "O'Connell's". (that punctuation isn't mine BTW, it's how it is in the book. The "O'Neill's are coming to dinner. The O'Connell's have arrived". Seriously.

Lots of "youre/your" and "they're/their" goofs.

Sentences are overly simple, like a kid would write. "I kill the engine and get out. Vito tosses me a beer. I catch it and smoothly pop the top. I take a long pull of it."

The guy learned how to "intimate" people at a young age. I think he means "intimidate" people, but what do I know?

Here is an actual sentence: "When it is time to stand and sing". Um, when it is time to stand and sing what?

Another one "As I get out of the car, after sitting with Vito watching Megan play dirty dancing in the water with some tool I've never seen before". You do what?

We have now seen the "Hero" beat up a guy and break his fingers. He's getting lessons from Donny the Knife on how to dislocate a guy's shoulder. He seems to feel no remorse or anything, that's just life where he comes from. THIS is supposed to be dreamy hero guy?

We meet Maria, who is the school whore (hero's words), who is so skanky she probably fucked her own cousins. (again, hero's words. hooray for slut shaming!)

I'm still trying to work my way through this, so I'm sure I'll be back with more thoughts. I just wanted to get at least ONE review out there that was honest about what a hot mess this thing is.

---

## Deborah says

This book was recommended by a friend and since it was free I thought I'd give it a try and I'm so glad I did. I really enjoyed this and after just a few pages I was hooked. Antonio is son of the Palmetto, New Jersey mob boss, he's eighteen and has been training his whole life to eventually take over from his father.

He has a nice car, plenty of money and his life is pretty good considering but he and his friends have been given one rule 'stay away from Megan O'Neill'

Megan's family moved over from Ireland when she was five years old, she's a beautiful and intelligent girl who's been given one rule 'stay away from Antonio Delisi and his friends'

They both try really hard but the attraction is there and it's not going away and it gets to the point where they just can't fight it anymore.

Like I said I really enjoyed this book and not only was it free but there's a link at the end where you can get the second book 'Awakening the Mobster' for free as well.

## Sibylla Matilde says

I finished Mobster's Girl last night... It was so difficult to put it down, honestly. I had to because it was Father's Day and I felt like my dad and husband probably needed my nose OUT OF a book for a little while, but it was painful for me... In spite of having to forcibly put it down for hours yesterday (which about killed me), I still ended up reading the whole book in one day, reading late into the night. At any rate, while I don't normally read YA or mobster-type stories, I really loved it since there was enough UST to keep my pervy mind interested. The whole mobster thing isn't something I'm very familiar with, living in the rural area I do, and big cities are kind of like other planets for me. But, I felt I was able to clearly see everything and smell the smells of the city. And I loved that there was a history between the H/h, not just an instantly in love thing that makes stories kind of unbelievable. Also, the story totally kept me on my toes and wasn't predictable at all, IMO. I was floored by her own past! :) I can't wait to read the next installment. This one is even going in my OMG category...!

---

## B says

### *5-Mobster-stars .*

I'm totally and completely *in love* with this story and Antonio *obviously*.

*"If you are going to avoid anyone in this town, avoid Antonio Delisi, Jr., the Mob boss's son".*

**Antonio:**

*"My mom says, 'he's got the devil living in him.' She may be right because seeing him right now; he looks nothing like an angel".*

Megan:

Eighteen year old Antonio Delisi Jr. is Mob boss's son. After turning eighteen, he's got to understand his responsibility to his father's *business*. He's supposed to collect money from people and he has been told to beat them if they don't have any. He just does whatever he's told to do and as his father says ***"Don't think, just do."***

Anyway, he has always liked Megan but he was strictly told to stay away from her. But now, he has decided that he can't do that anymore. He knows that she's afraid of him but he really wants to change that. Everyone around him is aware that he likes Megan... except *Megan*. Antonio's friend, Alessandra invites Megan to her party where he charmed Megan and took her out. To date her, he had to take his dad to Megan's parents to ask for their permission and reluctantly, both her parents agreed. One day, Antonio went to collect money and he was told to break the guy's leg if he didn't give money. Megan's father took her to that guy's place and she witnessed all that. Antonio's father and Megan's father cunningly planned this to separate them and they succeeded. After that, Megan refused to see him at all. But, eventually they both came around, but this time they kept their relationship low key. After few weeks, when she got home, there was an assailant who had bound her mother and sister. But, her father came and rescued them. (view spoiler) Megan's father asked Antonio to keep both his daughter's safe as he couldn't trust anyone with them. Now Antonio, Megan, Megan's sister Erin and Antonio's friend, Vito are flying out of New Jersey to keep both the girls safe. Story to be continued in.. Awakenning the Mobster

---

## Vishous says

I really, really, really liked this story!

I loved Antonio and Megan! Ok I really LOOOVED Antonio! He's mob boss's son, and he's so hot and bad and so deliciously alpha male! He is crazy about sweet and innocent Megan (kinda Travis from BD crazy), the only girl he's forbidden to touch. I was beaming when they were together, they were so perfect for each other. I also loved the mafia element, although I sometimes had this feeling that I'm watching L.DiCaprio and C.Danes in "Romeo & Juliet" but they don't commit suicide in the end. And the end! Such a cliff-hanger! Definitely going to read the sequel, bcoz I so didn't wanna this book to end!

Oh Antonio, Antonio....

***"I have to control myself from shoving her into an empty classroom and kissing every freckle on her face. The more I spend time with her the more breathtaking I find her. I'm in deep shit!"***

***"It takes an effort but I restrain myself. I want to flip the switch to recline the seat and cover her with my body."***

***"I take a deep breath relishing her scent and closeness. It's like a dream. After all these years, I am holding her in my arms."***

***"I feel sick to my stomach. My heart is pumping way too hard. The anxiety is killing me. Friend I can deal with. I think. Boyfriend? I think I will fuckin' kill someone-starting with Troy. Troy? What kind of an asshole name is that? Wasn't that a country like a thousand years ago?"***

and sucha witty comebacks...

*"I laugh again, "What are you going to do Mr.Delisi, tie me up and throw me in the river?-"I wouldn't throw you in the river, but tying you up has been on my mind before." His face is serious, and he squeezes my hand to jerk me closer."*

*"With my face nuzzling her neck and my hand cupping her hip I say, "I don't want to let you go.I want you all to myself." "What are you gonna do, kidnap me?" she says joking. She stiffens under me when I say, "I have resources you know." - "I bet you do."*

---

## **Beeg Panda says**

Just my thoughts...

I loved Tonio, the hero. Why? Cos he is gorgeous and talented and flat out top dog alpha male, he's the mob boss's son (in EVERY sense of the word!! be warned!) They call him lady-killer for a reason - although he isnt a man-ho, he makes smoking look sexyyyyyyy, he is fixated on Megan, the heroine, the only gentling influence in his life. (He reminds me so much of Travis from Beautiful Disaster)

Lotsa lustful thoughts but no explicit scenes. The violence though, is typical of my idea of mobsters - no pulled punches here. He lives by his pop's motto: "Dont think, just do"

Megan is sweet, innocent and beautiful and perfect for Tonio.

I shouldve picked up on where the story was going but missed it because I was so fixated on their relationship and all the other good things about this story.

There is a sequel so watch out for the ending.

I worried about the lack of editing but not enough to put me off. I will be looking out for this author's books and hope the next one comes SOOOOON!

ETA for some good news: - the author says she has ".....re-edited the book, no content changes....."

---

## **Kristin says**

A few weeks ago I saw a review for this book and knew I needed to read this book. So, when I saw that the author was offering the second book, I jumped at the possibility. I have the second book, but since its a continuation of the first, I had to read the first before.

Yesterday I was at work for 12 hours, and was exhausted. I figured I would start this book and fall asleep a

few pages through. Nope, that didn't happen. Three hours later, I was still awake and completely finished it. I could not put this book down!

Its the ultimate bad boy and the ultimate good girl. They fall in love, and their families are against it. Every good girl falls for a bad boy. I know I did when I was younger, heck, I married one!

The only bad thing about the book was that the twist was a little predictable. About halfway through the book I started having a niggling little feeling, and sure enough, I was right.

I can't wait to curl up tonight with the next book!

---

### **Sheri says**

I really enjoyed this book. I only wish it had been a bit longer. It seemed that just when things started getting exciting, there was the end. Although the characters might be a bit cliché (shy, pretty 'good girl' versus handsome 'bad boy'), it works for the story. I love Megan and Antonio and the circumstances surrounding their relationship. They've known of each other their entire lives but have been kept at a distance.

This is a classic story of star-crossed lovers, which I immensely enjoyed. The author is a great storyteller, going back and forth between Megan's and Antonio's points of view. With this style, we get to see a bit of both of their worlds. The author kept enough of the story back to keep us guessing but told us enough that we wanted to know more.

---

### **★Ruth★ says**

There was something so compelling about this book but I can't for the life of me say what it was. It wasn't the best written, I was confused at times as to what time era it was supposed to be set in as some things that happened & were said seemed like the book was set in the 30/40's but then the H says something that reminds you that you are firmly planted in the now.

I read the book in one sitting as it is quite short but even at that it was late and I had to get up for work early the next morning and I should have put it down but I just couldn't.

I am looking forward to reading the next one to see exactly where the story goes.

---

### **Belle Aurora says**

LOVED THIS BOOK! Loved it so much I bought the second book right away!

Antonio and Megan are a modern day Romeo and Juliet.

Get on it...Do yourself a favour and read it right now!

---

## Hazel \*Craves the Angst Reviews\* says

### 3.5 stars!

*Good read but could have been great...*

Mobster's Girl is a YA Romance written by *Amy Rachiele*. I read this as a R2R with *We ♥ YA Books!* As always, a special thank you to the mods and author for allowing me to participate.

#### ***The Review:***

I liked this book. It was a sweet story about two opposites coming together only to find out they aren't so different after all. I really liked both Megan and Antonio. Megan was sweet and shy but also stern and formidable. Antonio was the quintessential mobster's son. He was learning the family business as the author takes us inside his world rife with violence. But at the same time he's also trying to keep his darker side from Megan. Troy was Megan's best friend and his unrequited love for her was heartbreaking as he realized he was losing her to another.

You get a switch between both Megan and Antonio's POV's which is done very well and allows you to see into both of their worlds. There are shocking and exciting moments as well as secrets to discover in this book, but there was just something missing.

My biggest complaint is this book glossed over events that I felt should have been written out so the reader could experience them along with the characters. I wish there had been more dates between Megan and Antonio or at least more interaction before they both realized they were in love. The relationship, although building from a distance since childhood, just seemed rushed once they connected and since the book itself was so short, I thought the author could have added a few more events to really draw the reader into their relationship. All the right components were there to make this a truly fascinating love story but it just didn't follow through thoroughly enough for me.

Also, I didn't understand the mother's reaction to Megan's pain. She seemed like a caring mom up until that point and then she just sits back and smugly smiles down at her daughter from a haughty perch while her daughter is suffering? Oookay...

#### ***The Wrap Up:***

Though I enjoyed this book, I wanted more time to get to know the characters. I wanted to spend more time inside their lives but the story was so short, coming in at about 130 pages, that there just wasn't enough time or events to really sink my teeth into them.

Though this book isn't listed as a series, there is a second book titled, *Awakening the Mobster*, and I was entertained enough that I'll probably read on to the next.

---

## Ezinwanyi says

The writing in this book was pretty elementary. It lacked depth and emotional engagement. It was a quick read so it wasn't bad. But I wouldn't count this book in my top 10 mafia romances.
