The #1 bestselling chapter book series of all time celebrates 25 years with new covers and a new, easy-to-use numbering system! Getting the facts behind the fiction has never looked better. Track the facts with Jack and Annie!!

When Jack and Annie came back from their adventure in *Magic Tree House #5: Night of the Ninjas*, they had lots of questions. What did it mean to be a ninja or a samurai? Did they really have special abilities? What was life like for them in ancient Japan? Find out the answers to these questions and more as Jack and Annie track the facts behind some of history's most intriguing and secretive figures.

Filled with up-to-date information, photographs, illustrations, and fun tidbits from Jack and Annie, the Magic Tree House Fact Trackers are the perfect way for kids to find out more about the topics they discover in their favorite Magic Tree House adventures. And teachers can use Fact Trackers alongside their Magic Tree House fiction companions to meet common core text pairing needs.

Did you know that there's a Magic Tree House book for every kid?

Magic Tree House: Adventures with Jack and Annie, perfect for readers who are just beginning chapter books

Merlin Missions: More challenging adventures for the experienced reader

Super Edition: A longer and more dangerous adventure

Fact Trackers: Nonfiction companions to your favorite Magic Tree House adventures

Have more fun with Jack and Annie at MagicTreeHouse.com!

From Reader Review Ninjas and Samurai for online ebook

Chrystral Phillips says

Another fun little trip to ancient Japan and the beginning (and end) of Ninja and Samurai Warriors. Lots of interesting tidbits, as I've come to expect with the Fact Tracker Series, no disappointments here. The most interesting thing I found in this book, was the Nightingale Floors.

Marya says

Of course, kids think this topic is nifty. Great job Magic Treehouse on creating a great primer to ninjas and samurai that keeps all the cool factor but doesn't loose the truth!

Heather says

The nonfiction companion to go with Night of the Ninjas, Ninjas and Samurai gives tons of facts to kids who want to know more. It includes chapters on samurai life, weapons, armor and battles, ninja fighting, and what happened to the ninjas and samurai. I highly recommend this book to kids who have read Night of the Ninjas.

Philip Raber says

A very informative and entertaining book, written as a nonfiction companion to the Magic Tree House Night of the Ninjas. I enjoyed the author's introductory note providing their reason for writing the book, and encouraging the reader to consider themselves as fact finders. The format is a nice blend of text, black and white illustrations and actual photos. There are interesting side notes, an index and a list of resources for additional research. This would be a winner with readers ages 7-10, or anyone really interested in these ancient Japanese traditions.

Tara says

I can honestly say I knew little to nothing about ninjas and samurai. This book is so interesting. I love all the pictures. I love learning about things I thought I knew about but really didn't.

Myra Benedict says

This books tells us questions and answers about ninjas and samurai And about history as well .a good fact book

Maria says

When jack and Annie came back from their adventure in Magic Tree house. They have lot of questions. who was Ninjas? What weapons did they use? what is different between Ninjas and Samurai? it's a fun book to read and learn about great fighters.

Abraham Ray says

Nice book of ninjas and samurai

Shamyak Acharya says

class,
respect,
role.
and extreme

Agnes Budianto says

This book is declaring war for those who believes ninjas from televisions. Trust me, you're going to have a heartbreak by this book, though I love how much information the authors put in the book.

Thomas Wilson says

Great!

I've been living in Japan for eight years and I didn't even know a quarter of the book! I totally recommend this book if you're interested in ninjas and samurai!

Melinda Christensen says

Ninjas and samurai lived and fought in ancient Japan and there are many things in Japan which remind its residents of that life today. Many samurai castles and teahouses still stand. This book describes the lives of samurai and ninjas, the weapons they used, and their armor and battles. This book was really interesting to me, as I didn't know the difference between a samurai and a ninja! I'm sure boys and girls will find this book very informative.

Marilyn says

This nonfiction companion to the Magic Tree House Night of the Ninja focuses on the historical aspects of ninjas and samurai. It is an overview that is fact filled and well organized to convey basic ideas. Some historical illustrations of historical figures are somewhat blurry and hard to understand in connection to the text. Labeled new drawings were more helpful. Excellent ideas for further research are included along with an index. Vocabulary was defined in side bars, but the book lacked a comprehensive glossary. This book was provided by the publisher for professional review to SWON libraries.

Alex says

I enjoyed this book because I like ninjas. I do not like this book because I do not like samurai. I also enjoyed this book because I liked the part when I saw somebody looking inside a samurai temple.
