Prized Possession Kora Knight

With Tad's reservations firmly on the one-eighty, he's finally more at ease exploring this intriguing new part of himself, especially where his attraction, and affections, for Scott are concerned. But when their evening plans get cancelled, Tad winds up watching the guy in action at the gym instead. Kickboxing lessons lead to sparring, which in turn leads to a face-off more erotic than Tad could have ever imagined. With huge new boundaries crossed, both men are floored like never before. Have these milestones finally put all Tad's hang-ups behind him?

Warning: this 30k+ story includes erotically rough physical play and graphically explicit gay sex.
Intended for mature audiences only.

****4.5 Stars Hot Jock Strap Stars!!!****

(I'm saving that extra half star for the end!!)

I will never look at wrestling the same way again and hallelujah for THAT!!! AWESOME!!!

This was definitely my fave installment of the series yet! I'm starting to get to that *smacked in the face with awesome* stunned way that I get, when I love a book so much that I can't even form coherent sentences and all I can really say is...

oh and...

We are definitely waaaay into a gray area now for Tad. He's finally admitting to himself that Scott just might mean something more to him than a hot piece of ass, although he is still a HOT. PIECE. OF. ASS!!! Ok, ok...I'm trying to be an adult here...I'm really trying, but these boys make it so **HARD!!** Crap, I did it again, see?

The professions of honesty are starting to get more frequent too which I damn LOVED and needed by this point in the series. Scott has been so patient with Tad but Tad...yeah, we get to see Tad start to come out of his shell here!!

And OH MY HOLY hot wrestling! A challenge is made for some honest sportsmanship with some naughty little prizes and sweet Jesus was it fun to read!!!

I don't think it's ever just been sex between these two..but it really isn't now. Every encounter is mixed with a ton of emotion, passion, and dare I say, love. <3

"His lips worked their way up the side of Scott's neck 'til his teeth latched onto his lobe. "You," he panted, hips pumping steady, "make everything feel amazing."

I never thought those sweaty gym mats or a damn jock strap could be so hot but damn it, this author makes me want to eat off of them just to have more of a peek at these boys! LOL!!

And OMG, the banter continues which is one of my favorite things between these two characters.

*"“Shit... Wish we were lying in my bed right now.”
“Yeah?” A woozy kind of warmth washed through Tad’s chest. “Why? You a snuggler or some shit?”
Scott didn’t answer right away. “No. But I would be with you.”
A boyish smile tugged at Tad’s lips. “Did you just sweet nothing me?”
“No,” Scott laughed. “Geez, you’re annoying.”
“You did,” Tad beamed. “You totally sweet nothing’ed my ass.”
Scott laughed harder. “Get the fuck off me, you dork.”*

Awww, melt my heart!! I swear, it's still an extremely hot read, but the moments like these with these guys, totally pull at my heart strings! I would really love to see Kora Knight write a full-length novel. I definitely think that this is an author to watch!!

Oh, oh!! And, spoiler alert but we finally get something that we have all been waiting for and
AHHHHHH!!!! It was so good!!!

Running off to read devour Bringing It Home, even though I am SO not ready to say bye to these boys!! This has just been such a fun series!! <3

This series, Tad & Scott

***J* Too Many Books Too Little Time says**

Unfortunately this episode had one too many eye roll inducing moments for me to rate any higher. Namely some of the verbiage....

friends-with-bennies

posse

sitch

brah

butt munchers

fucktards

Please tell me no one says these things on a regular basis.

And don't get me started on the use of "star"....

"Around and around, they slicked up Scott's star, making it glisten like a damn glazed donut."

Please let's not speak of donuts and ass-holes in the same sentence. Please!

Or dinner rolls....

"Salty and savory, yet kind of sweet, too. Like a honey butter dinner roll straight from the oven."

I like Scott and Tad enough I suppose, but things are just progressing too damn slow. Every episode is one loooooong scene. One loooooong drawn out sex scene.

Maybe I'm just too damn impatient.

This book.. Oh my God... It was SO good. Kora you did it again!

I was aching for my next Tad and Scott fix, and Kora delivered just in time.

These guys apparently have something against sex in a bed. Am I complaining? Hell no! I hope these guys will do the entire Kama Sutra around town. I am VERY okay with this.

This time the guys are in a gym... they go from kick boxing to wrestling. We've had a glimpse of this in the previous books, but this time (view spoiler)... Oh boy... there went my underwear..

It was.. it was.....

But what really blew my mind... (view spoiler)

I do have one complaint... The end! I want more Tad and Scott. Like, right NOW!

Warning: Spoilers ahead!

This installment was all kinds of awesome!!!

Phone sex. Kickboxing. Wrestling. Jockstraps.

Scott as a prize. Tad topping and taking charge.

Tad coming to accept his attraction for Scott.

Just the thought of being Scott's first in ages *anything* made his whole being thrum. But it also made those fluttery things burn heavily in his gut. A strange feeling of possessiveness rose up in his chest. Scratch that. He didn't want to be Scott's anything. He wanted to be his *everything*. Didn't even want the guy to think about anyone else.

The long-awaited kiss, better than I could've imagined.

Wet, firm heat slid inside his mouth and started to sensually roam. Tad clutched Scott's sides tighter. Oh God, he tasted *so fucking sweet*. In the way that only a man could. Scott groaned softly, gliding his tongue over top of Tad's, then below with a slow easy sweep. Tad's whole body thrummed, each tender brush, each languid stroke methodically unraveling his soul.

And Kora's fantastic writing skills.

Because those tongues of ecstasy lapping at his balls, and licking up his spine? Yeah, those feisty bastards were in his thighs, too, making it a bitch to function.

What's not to like?! I might have even highlighted half the book.

Highly recommended!

PROCEED WITH CAUTION

When reading this you will definitely need....

1. To have your partner within grabbing distance

Or

2. Have some 'Alone'time' with the image of these 2 going at it hot and heavy firmly imprinted in your mind

Sex was as HOT as ever but actually felt more erotic as you can feel them really developing feelings for each other

They are just perfect together...they are fast becoming my favourite m/m couple.

Scott,

Sexy, confident, flirty but he has a sweet side as well...

"Fuck yeah," Scott hissed, his exhale all gravelly. "Always, Anywhere, With you"

Tad,

I LOVE that he's so awkward

I LOVE the way he keeps blushing....but we see a different side to him here...his words to Scott

"Baby," he breathed pressing his fingertip where it counted. "Time to let me in"

Well done Kora, another winner, just keeps getting better girl !!

***** ***5 thousand-one stars*** *****

Another incredible installment in the Up-ending Tad series! I loved that we got to learn more about Tad and Scott. I loved Tad's mind in the story and how he came to grip with the turn of events. And boy did he come. CHRIST!

Scott and Tad's is-or-isn't-a relationship has happened fast. Tad has only met Scott four times and he needed to even out the playing field a bit. Feeling that Scott have the upper hand since he has been screwing with Tad's... head on several occasions now. Tad wants to knock "Mr. Cocky Pants" down a few notches. This leads to a wrestling match between the two with high stakes! I loved I loved their taunting and playfulness.

And I loved.....! Well, check my updates!

Fantastic, Kora!

Your writing is superb, you manage to convey all this sexy naughtiness without it turning tacky or porn-y. The hotness is off the scale, but the feels saturates the story and make me fall even more in love with the main characters! And THANK YOU for the happening at 92%!!!! Woohooooo!

Holy donut holes, Batman!

I don't know where to begin.

This was...

But it's Tad and Scott so it was to expect!

I love Tad coming to termes with his feelings for Scott.

*He was attracted to Scott. Period. More than he'd ever been to any **girl** before. He didn't know why. He didn't know how. At this point, he kind of figured it didn't matter anyway. He was what he was regardless of the reason.*

Still so hard to believe he'd cought this man's eye. It was like he'd won some cosmic lottery.

*Just the thought of being Scott's first in ages **anything** made his whole being thrum. But it also made those fluttery things burn heavily in his gut. A strange feeling of possessiveness rose up*

in his chest. Scratch that. He didn't want to be Scott's anything. He wanted to be his everything.

The change of dynamic in this book was just awesome. (view spoiler)

I really want to know how their story will continue! But again the only thing I could do is waiting (more or less patient) for the following book to get my next fix!

Dear, Kora!

Keep writing and please never stop!

RECENSIONE QUI: <https://thereadingslove.blogspot.com/...>

Adoratrici di Kora Knight, Tad e Scott sono tornati e sono in una veste mai vista fino ad ora. Credetemi, vi lasceranno a bocca aperta, vi faranno aumentare i battiti e trepidare per leggere immediatamente il seguito. Per chi non conosce la serie, parliamo di racconti erotici puri dove Scott e Tad hanno degli incontri in ambientazioni diverse per ogni storia, ma con un comun denominatore: la passione, l'erotismo e l'esplorazione della propria sessualità. Sono storie brevi ma pregne di una sessualità indescrivibile e infiammantissima, scritti divinamente dove è impossibile non riuscire a visualizzare ogni situazione, ogni gesto e dove è impossibile non apprezzarne lo stile, la fantasia e non esserne totalmente coinvolti. La bravura dell'autrice sta anche a farci conoscere intimamente i protagonisti e farci scorgere i sentimenti che serpeggiano in ognuno, pronti ad uscire pian piano, troppo piano per me. Scusate, piccolo sfogo da fan accanita che aspetta con trepidazione l'amore. Nonostante sia un erotico puro con sfumature BDSM, si avverte anche la dolcezza e un certo romanticismo che fa sospirare e sperare. Come già detto, in questa storia i protagonisti sono molto diversi da come li abbiamo conosciuti fino ad ora: Tad è sempre la voce narrante e nonostante le sue interminabili elucubrazioni è pronto ad accettare il cambiamento, è più aperto e consapevole; nonostante la paura che lo accompagna non si blocca più o nasconde. Ho letteralmente adorato il Tad intraprendente di questa storia, fidatevi vi stupirà, un nuovo lato della sua personalità viene allo scoperto e credo che da adesso in poi tante cose cambieranno. Che vi devo dire di Scott? Io lo amo e basta, è sexy, è forte, comprensivo e di una grande dolcezza che trasmette con i suoi grandi occhi ambrati. Lui è fuoco e passione, forza e coraggio, lui è perfetto. Anche questa volta la Knight ci regala un vero gioiello erotico che ammalia il lettore, l'arte di scrivere erotici non è una cosa scontata e l'autrice padroneggia questa arte con maestria. I miei complimenti alla traduzione impeccabile e alla trasposizione in italiano che hanno reso questa storia fluida ed armonica, enfatizzando la magia erotica dell'autrice senza mai valicare il confine sottilissimo da sensualità a porno volgare. Per me Upending Tad si conferma senza ombra di dubbio la miglior serie erotica letta fino ad ora...

Tad & Scott's story continues in part four and Tad is growing more bold when it comes to his attraction to Scott. When canceled plans leave them face to face at the gym, a challenge is issued. Tad has something to prove and Tad has something Scott wants and as these two grapple to top each other things get a little out of control and a whole lotta hot.

So beyond the hot man on man action going on, I really love the theme of a "straight" guy giving into his attraction to another man and giving in to desire. But what I really, really love is how the author gives us a very strong character in Tad, who obviously is struggling with his newly realized feelings – but he isn't really denying them... just getting used to them.

So let me just clear up something. I have a total m/m fetish. I also have a thing for wrestlers. This book coupled those two things and made me one happy lady. The “scene” in this is pretty much what I envision when any two hot guys wrestle (shut your mouth... don’t ruin this for me). I was in day dream heaven!

I can’t wait to see what happens once Tad realizes that the ball(s) are in his court and that he has to make the next move. Bring on part five! This girl needs her man-sandwich, like yesterday!

Hhholy effing lahwd!!!

Where do I even start with this one???... Hmmmm, for starter, as soon as it came to my attention that this is out, I was right there 1-clicking this baby. And I’m up to my eyeballs with other ARCs and reviews to write, but no, this took precedence over all that. Yes, that’s how excited I was with this one...

I suppose I can talk mostly about the hotness factor in this one, which is nothing new, if I may add, with this series, but that may just come across as pervy *g* and the last thing I want to do is to overlook the story itself. But mother marshmallow, the tension!!! And is it ever hot!!!

Smexy times aside, I like seeing Tad just increasingly giving thoughts to the idea of him and Scott, and seeing that new comfort level to Tad’s line of thinking when it comes to Scott. But now, he’s also starting to deal with the bigger implications of it all. And because most of the awkwardness is gone, I thought Tad showed a new side here. There is a confidence level which felt dichotomous, given the ongoing struggle in his head, yet so appropriate, and in turn, shifted the dynamics a little between the 2.

Which then leads me to Scott... oh Scott... With that slight shift in their dynamics, I really liked seeing him accommodating Tad and giving/being what Tad needed at that moment... sigh... I’m really trying to not give anything away...

And of course, not just with this book but throughout the series, I just love the banter b/w these 2, and the wry sense of humor, self-deprecating at times (esp from Tad), that everything just feels completely natural. Gawd, I’m just so enamored with those 2, seriously!

Picking this up, I wasn’t really sure how Kora will move these 2 men along, seeing how very new things still are, especially for Tad on so many levels, but you know what, I’ve not been disappointed so far, nope, not at all. There is one more book to the series so no HEA yet... I just trust she will take me on a good ride right til the end... I think... I hope...

Lastly, like I already told Kora, now I will anxiously but patiently wait for the last book. Is it spring yet?:D

*****5 "Pin Me To the Mat" Stars!!!*****

I've been hooked on this series since the very first page of Book 1, so needless to say I've been stalking the author on Facebook, waiting for news of the next installment so I could pounce on it immediately. Yes, Tad & Scott and their will-they-won't-they dynamic **still** have me hooked. This story picks up right where Book 3 left off, and all of the delicious frustration is there as Tad tries to come to grips with the battles waging in his body and mind.

There's only so much I can say without spoiling the hell out of this review, so I'll just tell you that this story strung me along as breathlessly as the first. If you think the tension can't possibly last another minute, you're dead wrong. Kora Knight is a mistress of edging. You'll keep begging for more, but you're not gonna get that happy ending until she's good and ready for you to have it. Read with your ShamWow and someone/something to get frisky with!!!

GUH. This series is gonna be the death of me, because I'm gonna combust while sitting in my car listening to it! Some things just **WORK** in audio format, and I'm convinced that this is one of them. I just **LOVE** Tad's voice in all of this, the narrator is perfect, and I love how conflicted he is, yet how much he clearly wants Scott.

This had a nice switch to things - we finally get to see Tad take down Scott in wrestling, and that was kinda hot to read about, too. And since Tad won, he gets to pick what they do. And boy, does he pick something good!

I love the bits of emotion though all of this. (I would **LOVE** to read a shorter story where we get some of these scenes from Scott's POV, bc you know the guy is totally crazy for Tad). I think I could read about/listen to Scott and Tad for a very, very long time. Their chemistry is off the charts, but you can tell that they have more than just chemistry, it's a real connection. Love this series!
