Katie says

Waste of my life. OCD compels me to finish books, but this one was tough. Boring.

Stuart Pope says

This has to be one of the most boring books I have ever read.

Maddy says

SETTING: London

RATING: 3.0

WHY: Johnny Frank served 18 years in prison for a robbery and has long plotted his revenge on the man who squealed on him, Jim Buckley. Buckley is unaware that Johnny knows what he did. Johnny forces him to take him into his home while he figures out how to get the diamonds from the robbery. The Buckley family is very dysfunctional. One of their sons, Marc, lives in a flat upstairs with his wife, Simone. The novel alternates points of view between Johnny and Simone. They are constantly playing mind games with each other but are placed in an uneasy alliance. The book started well, but the interplay between Johnny and Simone goes on for far too long. There's a promising thread at the conclusion, but ultimately, the book ends with a sputter.

Anna says

I love Roberta Kray, seriously, I do.

But I don't love the debut novel. I am so glad that this was not the first book of Roberta's I bought, because if it was, I would have missed out on truely fabulous author.

All I can say is, it read like a first novel, and that's it. I have nothing else to say. I got to chapter 4 and thought "Anna, you have read far better books by this lady, you don't need this book, it's not part of a series, fgs put it down!"

If someone asked me "is it worth reading?" my true answer would be, swerve it if you can. But....read dangerous promises, or streetwise, anything but this. They say never judge a book by it's cover, I say also never judge an author by their first book. Roberta is a truely wonderful writer, not quite Martina Cole. But still good.

Tammi Ashbee says

Meh !!

Lisa says

I've enjoyed other books by Roberta Kray but this one was a struggle - I gave up. I really couldn't be bothered and didn't care either. As this was her first book I think she has definately improved with writing!

Louise Brice says

Struggled a bit with this book. Took me a long time to read it but was determined to finish it. Did not captivate me at all

Pol says

good book

DW says

It sucked. I finished it as a matter of hope, faith and OCD. Don't bother.

Carol Taylor says

loses its way in the middle but good ending

Kelly Higgins says

I ended up skimming most of this because it was kind of dull.

Wyma says

Why does a woman all in love with a criminal? Why does she stay with him even after finding out he's an

inept criminal? Why does a newly released criminal invest so much in payback? For him, revenge is a dish served cold - nearly 20 years cold. I thoroughly enjoyed this book told through two characters with its crime, passion, and humor. Even though you think you know how the human element will turn out, still there's suspense in just seeing who will be left alive at the end. Recommended.

Raymond says

The format of the book is unusual. The story consists of alternate chapters of two people's Soliloquy's. The plot is reasonable but fairly predictable.

Joy Lawson says

I had great hopes for this book and was quite excited about it. Unfortunately I found it rather boring and predictable. It was slow and never really went anyway. Most of the time was spent travelling around in a car to somewhere or other. I also felt that the characters lacked any character! Sometimes you felt the main man was supposed to be a proper gangster but to be honest he was just a petty criminal. Sleep seemed more exciting than reading this and often won, thus taking me twice as long to finish the book. I won't be rushing to buy anymore.

Christopher Candy says

I thoroughly enjoyed this book, it took a bit of getting into due to the way it has been written, but once you get into the juicy parts there is no putting it down!
