## **What It's Like To Love A Heartless Savage** Iisha Monet

Love. An intense feeling of deep affection. A four letter word that holds so much meaning. A word that we all crave. So what happens when two sisters embark on different journeys trying to find their own happiness? Shiloh and Sachua are two sisters just trying to find their way through this crazy thing called life. Both beautiful and intelligent lacking the one thing EVERY woman wants. Love. To feel wanted. To be adored.

Shiloh Williamson is a 24 year old Human Resource manager for a local private doctor office. Living a simple yet quiet life, some would consider her boring. Poised and very reserved she meets Landon, self proclaimed ladies man and the local dope boy when she's invited out for drinks thanks to her best friend Kirby. Instantly sparks fly when the two initially meet but is her good girl image strong enough to make him change ways?

Sachua Williamson has an on and off again complicated relationship with her daughter's father Joey but when he starts dating someone close to her things take a change for the worst. Not wanting to be a single mother she's torn between the battle with her mind and heart. Should she stay and deal with the pain and agony he continually cause or walk away while she has a chance. Completely capable of holding her own, what happens when big sister Shiloh steps in making a permanent decision that will change their lives forever?

Loyalty would be questioned. Lines will be crossed. Relationships will be tested but will love conquer all?
