### **BILLIONAIRE (Part 6)**

As invested as she is in her love affair with Alexander, Lila wonders if the intensity of their weeks in Paris can sustain itself once they return to work and real life in New York. And Alexander is not only being cagey about her new appointment as his assistant, but his obsessiveness when it comes to Lila has reached fever-pitch. So much so that Lila wonders how much more of it she can handle. When Alexander does the unthinkable, Lila has no choice but to walk out. Only to run into none other than Alexander's badboy brother Jake.

4 stars!

The novel started with a wham-bam and then the love story follows.. This is what the novel is like, so don't judge it til the very last page!!

It's getting more and more interesting!! They're fighting!! I love it! reminds me of Jesse Ward and Ava, Jesse forcing Ava not to go to work! Hah! Love those scenes! The alpha males doesn't want their ladies to work or to be out of their sights! Love disagreements! keeps the story hotter!

I like that she decided to leave his apartment, I thought she'd be the kind of character without a backbone!

Ya know what I think about her feeling pretty while she was walking and the people were looking at her, how she's dressed and how beautiful she is? Some readers might say, wow, big headed much? but I think everyone's like that, think about it. We do like to get noticed, even the shy types feel..pretty good about it. ;)

### **Gloria Herrera for As You Wish Reviews says**

This review is for the complete series of Billionaire.

Explosive, raw, lustful, erotic and emotional are but a few words that come to mind when reviewing this book. The combination of Lila Carmichael and Alexander Wolfe is highly combustible from the moment he begins to interview her for the job of his assistant.

This is erotica with a great plot line. These two characters literally cannot keep their hands from each other. Some of the scenes are so hot you will think your house is on fire.

They both appear to be as far apart in the social class as is possible. Yet, when they start sharing their secrets, they find they are more alike than they originally thought. They both come from disrupted childhoods where abuse, fear, hunger and finally escape is a reality. They each worked hard to remake their lives and build a future they would be proud of. They are kindred spirits, communicating through their bodies and building a connection that goes deeper than their lust for each other.

Definitely recommended... look for my review of Honey Girl the sequel to this story. This story just gets better and better. The sex is still hot, but the plot line just blossoms into a more gripping story yet.
