## **Birdie's Nest** Linda LaRoque

Texas Ranger, Birdie Braxton boards the Brazos Belle to attend a costume party, gets tossed into the Brazos and when she's pulled from the river she's told the year is 1890. A fact she can't accept ... until she looks across the river to see Birdie's Nest, her ancestral home, no longer exists. Tad Lockhart is a content man-a prosperous rancher with a ladylove in Waco. He's not interested in marriage and family, yet ... until he pulls an unconscious woman from the Brazos who insists she's a Texas Ranger from the year 2012. As romance blooms between Tad and Birdie, she struggles to earn enough money to build Birdie's Nest, and Tad strives to mold Birdie into a Victorian lady suitable to be his wife. Can Birdie give up dabbling in police work and other unladylike pursuits yet stay true to herself? When faced with an indiscretion from Tad's past, is Birdie strong enough to support her man and be the woman he needs?

Smart, Sassy and Charming!

This wonderful time travel story had me hooked from the first page. Linda LaRoque's talented narrative drug me kicking and screaming back to Waco, TX in 1890, right along with Birdie.

I shared the heroine's disbelief, and struggled right along with her as she fought to adapt to the restrictive era, without relinquishing her independence, then cheered her on as she used her intelligent mind to win over the local law enforcement while surrendering her heart to the rancher who saved her life.

If you enjoy a novel chocked full of history, humor and sweet romance give Birdie's Nest a try. I'm looking forward to reading more from this author.

\*I received this book for free through Goodreads First Reads in exchange for an honest review.\*

I love this book! I initially wanted to read it because I am a fan of time travel and historical fiction but in time it was the characters that really drew me in. Birdie is amazing. It was fun reading about how she handled going back in time to an era where women have more limitations then what she's used to. No female Texas Rangers in 1890! I also enjoyed reading about Tad, his family, and certain other town folk.

I will admit that I did see a couple of editing errors, but I've read books with way more and it didn't interfere with my reading or enjoyment and took nothing away from the story.

All in all, a very enjoyable read that I recommend to everyone that enjoys historic fiction or stories with time travel.

So-so time travel romance. Not much mystery involved.

I really loved this book. I received a free copy from a Kindle free book promotion, and I am glad that I grabbed it when it was available. This romance was just science fiction enough (with the time travel) for me to really enjoy it. I had never read anything by Linda LaRoque before, so I was taking a bit of a chance on a new book, but she writes a great story that pulled me straight into her world.

Her writing style is smooth, which made this an easy and quick read, and the description is so clear that you can see the world vividly while you read. This was a great book, which is why I gave it a five out of five stars.

This review is from: Birdie's Nest (Kindle Edition)

The fact that this is a time travel story is what prompted me to buy the book in the first place and I'm really glad that I did. The villain, Samuelson, wants to tear down her home, Birdie's Nest for financial gain in 2012. Miss Birdie Braxton has 60 days to pay her back taxes or he'll see his ambitions becoming reality. As of the 1st of Aug, her house would go on the Auction block and be snapped up by this man. As a Texas Ranger, she has a job to do at a costume ball on board his boat and because of a bit of magic, she ends up in Waco Texas in 1890. A RANCHER, Tad Lockhart and his sister save her from drowning and when she wakes up there's hell to pay. This story is a real page-turner that just keeps getting better.

### **InD'tale Magazine says**

2.5/5.0

Romance blooms between Tad and Birdie, but the two characters are rarely together to develop that experience.

Read full review in the 2013 September issue of InD'tale Magazine.
