### **Susan Liston says**

A good companion to the TV series. If you like the show, these stories make for a diverting addition.

---

### **Nicole says**

My husband and I recently found this show and have been binge watching it. When I found the companion books for season 2, we decided to read along with the series. I have enjoyed the background information on the characters and felt like the stories contributed to the enjoyment of the series. I thought the stories were well written and true to the characters I was watching on TV. Excited to jump into the second book.

---

### **Kristin Marlow says**

Meh. It's nice to see the characters and it does offer some mild insight into the thoughts of some of the characters and some of the plot of the TV series but it doesn't really stand up as a stand-alone read.

---

### **Laura says**

A Who done it. Not my favorite genre. Also, because it's a BBC drama, a lot of the language was sort of hard to understand. It's practically word for word the same as the Netflix mini series. If you want a visual instead.

---

### **Lauren says**

Companion stories to the first four episodes of *Broadchurch*'s uneven second season, these tales do a nice job of filling in some holes. The four stories focus on Ellie, Maggie, Jocelyn, and Tess, and I liked the humanity it gave the characters, particularly Tess. My biggest quibble would be that the timeline for Jocelyn's tale didn't mesh with what we learned about Jack Marshall during the first season, although, overlooking that, in some ways I found it the most moving of the tales. Recommended

---

### **Amber Baker says**

A great and emotional read.
