No ending

All opinions of this review are strictly my own. My review may or may not contain some spoilers.

I'm extremely disappointed with this book. It had a really good potential to be an exciting short read. However, the author rushed through the plot so there was no wondering why it happened, who was involved, what they hoped to gain, etc.

Katya's parents are murdered and she finds out their secrets in a safety deposit box. After tracking down her uncle by getting a job as a stripper, she later learns with the help of Nik that her uncle set up mom and was behind the murder.

Now, other than the rushed information that we get, it would've been nice to actually have the parents in the story or maybe have had the book start from the mother's or even grandfather's pov and lead up to this point.

The major problem with this book is that it suddenly ends. Nik's cousin (who is the main focus of book 2 in this set) comes to help out but leaves when he says he got some possible Intel he must get in person and flies to Tampa. We never know the confirmation between Katya and her uncle go, if her uncle was behind setting up Nik (the uncle is Nik's second in command), we don't know the information Grigori received, if any, in Florida (though maybe it's in his book?), we never learn if Katya takes her place in the family. There are just too many unknowns. This book is very unfinished like the author stopped and decided to just publish what little she had.

I can't recommend this book or any of the other books. While each is based on a different male character none of the stories are completely finished.

Kata had two loving parents but that changed a few months ago when they were killed in a car accident. But as she looks through her parent's things she finds a safety deposit box key. That will change her views and she will find out her family was part of the American Russian mafia. It leads her to Las Vegas and in the sights of Nikolai the head of a mafia group that could help her find some answers.

Lorraine Lesar says

It's 2.5 rather than 3*. I have a couple of major issues with this book 1) it's a serial book, which is not mentioned in the blurb! 2) the author didn't do her research well (Brussels is in Belgium, not Germany). I actually liked the storyline and was getting into it and then BAM, WHAM and THANK YOU MAM it's over! Sorry, but feel very let down.

Reviews

Katya's parents get killed and she finds out her family have deep ties to the Russian Mafia. The FBI tell she is being followed. She finds a letter from Herr Mother that tells Herr to find her uncle. She goes to Vegas and hires at a strip club to find him. While she is working there Nikolai sees her dancing and gets her at his table. He talks Russian and she sees she understands the language and she keeps looking for someone. Her uncle comes to the penthouse and gives him the letter. Nikolai is the Bratva boss instead of her Uncle and she spends the night with him. They have an attraction and they want to see where it will lead and see who is trying to kill her

The more I read Leslie North's books the more I enjoy her writing. Yeah, I wish they were 50-100 pages longer but at the same time I can't complain. She manages to pack quite a wallop into the 100 or so pages she does write and I feel like I could easily purchase one of her books and not feel like I lost out. Since I did subscribe to her newsletter I was told about the free ones that are available and they are what I am reading now.

A clueless girl about to run face first into a brick wall.

A gorgeous Russian becomes that brick wall and her eye opener.

Two sexy people learn about each other while one teaches the other about what life is going to be like.

Really enjoyed this book

Katya loses her parents and finds out she is part Russian and her family was mafia. She becomes a stripper at a bar her uncle is supposed to frequent. There she meets Nikolai, a mafia crime boss. But as they investigate her parents death, they believe her Uncle has put a hit on her. Cliffhanger. Sexy. And a little humorous.

Debra says

This is one of Leslie North best stories. I enjoyed the plot and the twists in this one. I just hope she will finish this story line. It did not have any type of ending. I gave her 4 stars only cause of the way this one was written not about the unending. Its about a young woman who's parents dies in a car crash. Katya finds out her whole life was a lie. Her parents were once involved with the Russian Mafia and were on the run. Now after their deaths she finds out that their deaths was not an accident. She wants revenge. So she finds her last living relative, Uncle Danil, to help her. Only she finds her self now involved with the Las Vegas boss, Nikolai. Not all is as it seems. Please finish their story. There are three other stories with this series but did not see where this story finishes.

Interesting Read

The plot line was good with the family deceit and betrayal, especially with the whole mafia family thing. When you think of the title you expect a badass tough heroine but I found Kat to be too soft and submissive. Yes there was little streaks of boldness in her but nothing portraying what a reader would expect. If this was a full novel with more added, it would have been a much better read.

Deborah says

I really enjoyed this book but I knocked off a star because I was so annoyed when it just ended, it states it's book 1 and having recently been caught out by an unannounced cliffhanger I actually quickly checked ahead the blurb of the next book 'Mafia Hitman's Daring Lover' and since it featured completely different characters to this blurb I felt justified in assuming this was a standalone.

Despite the abrupt ending I found this to be a good entertaining if somewhat far fetched read, Katya Miller has lived an ordinary life with ordinary parents, or so she believed until her parents were killed in a road accident and then a whole new world opens up for her. Her family are related to the Russian Mafia and her life is in danger and so she packs up and goes looking for her history and her revenge.

I liked Grigori, I really want to find out what happens with Katya and Nikolai and the next book's on KU so I can't say no.

Kimme says

This is a great story. I only gave it two stars because I am sick to death of authors chopping their stories up and selling them bit by bit. Write a stand alone book and be done with it. This whole here's one hundred pages for free but now you have to pay \$2.99 for the next hundred and gee another \$2.99 for the next hundred is nothing but a pain in the butt. Authors need to stop this. Offer the whole book for a reasonable price and be done with it.

Carol says

This book kept my interest with it's pace and good story telling.

Why then only 3 stars??

It was because of the final page with its abrupt ending and the to be continued vibe this created that relegated my rating initially from a 4 to 3 stars.

In agreement with another reviewer I too am frustrated with authors writing stories that are chopped into small portions to generate more funds. Hence my choice to not revisit.

Mella says

A lot of story, not enough depth.

Nadia says

It's a short story, good writing style, a few misspelled words but nothing major, excellent characters, the plot was actually very good but there's no end to the story, I guess I was hoping for a HEA, a love declaration, some years later, I don't know, just a little bit more... still will read more of this author.

Finding out the truth

Finding out that her parents were murdered was just the first shock of many for Katya. But finding out that she is actually the heiress to a major Russian mafia family nod that she is being hunted by the one person who should want to protect her. Even with all of this danger she seems to have found a true attraction with Nikolai, he head of the mafia family. The journey they have begun to each other and to justice for her parents and herself has just begun.

This was an unexpected book for me. I wasn't sure I would like this book, but I must say that I enjoyed every minute of this and am ready for the rest of the series.
