## **Marek S. Nelson**

With the weight of the club on his shoulders, Cole Marek, president of the Knights Corruption MC, had only one choice:

Turn their livelihood legit.

Everything was falling into place until one unexpected, fateful night. With an attack on his fellow brothers, Marek had no choice but to retaliate against their sworn enemy.

The Savage Reapers.

Swarming their compound, he comes face-to-face with the infamous daughter of his rival club, making an astonishing decision which would change his life forever.

She was the enemy.

She was the prize.

She was a game changer.

Sully Brooks led a desolate life, her entire existence dictated first by her father, then by the man who'd claimed her when she was only fourteen. Years of abuse shaped her into the woman she became, but she longed for something more. Craving an existence where she was free to live a life of simplicity, she wanted release from the harsh realities she'd known since childhood.

Will her prayers be answered when the enemy strikes?

## From Reader Review Marek for online ebook

-S? says

★3 Stars.

---

**Trish says**

Meh, don't really recommend this one. Neither the hero nor the heroine were memorable or had any distinguishable personalities. Plus the extent of the heroine's torture/back story was a little too grotesque for me. I'm not into that level of sadistic treatment of women.

---

**Michelle Cage says**

I received an ARC for an honest review.

This was so amazing. S. Nelson held my attention with a riviting storyline, and how great her characters are. I liked how she changed some of the terminology used in MC books, which gave this story a freshness. Marek (Cole) is the president and he takes Sully who is the daughter of his rivals club, but little did he know that taking Sully was going to change him forever. Sully has been through so much that's its remarkable that she has maintains such a sweetness that just endears you as a reader to her story. Marek is a control freak, and is determined to keep Sully safe, but he is trying to get all of the clubs business ventures legit, and we end with a little cliffhanger which will be coming out in the next book Stone, so hopefully we will see what happens with the cartel. Like I said at the begining this is a really good read and I enjoyed it very much and I am looking forward to the next book.

## Rosa Sharon (iScream Books Blog) says

*"Apologize for nothing, but make amends to right the wrong."*

Being a MC Romance enthusiast, I tend to take chances on unknown authors, being intrigued by the subject more than the author's following. That being said, I accidentally stumbled upon an incredible new series that I will definitely be keeping my eye on. ***I need more Knights Corruption MC, ASAP!***

Another admission is that I let my assumption lead me in the wrong direction. Reading a reference regarding the club president wanting to go legit, I wrongly assumed that this was going to be a watered down version of MC life, not the dark outlaw drama driven mayhem I'm drawn to. Let me tell you, it is everything I hoped it would be. I stayed on the edge of my seat, gnawing on my nubs and tentatively turning each page, peeking through one eye knowing that this would be one that revealed what I was waiting for but afraid to see. It kept me glued to my kindle, letting all my responsibilities fall to the wayside as I immersed myself in the MC club lifestyle that I've become addicted to.

I fell in love with the characters, finding myself rooting for relationships that I saw budding in the background. I was up to my usual tricks, giving unwanted relationship advice to characters that can't hear me. But that never stops me. I get attached to them, especially when an author is as talented as S. Nelson. She had me wanting to hug grouchy old men and battling puppy love for prospects that melted my heart. I wanted to meddle and match-make. I wanted to attend a *ruckus* and watch Hawke get his ass handed to him. I wanted a free-pass in the basement to do unmentionable things to those that shall remain unmentioned, but mentally tortured beyond recognition. Is that not the way you should feel after reading a good book? And did I forget to mention the mind-blowing-panty-melting voyeuristic experience of being inside the filthy mind of Marek? That is definitely an experience you don't want to miss. It makes me wonder...will there be an audible version? ♥

## Alba M. says

*«Te amo. Creo que me enamoré de ti la primera vez que mi mundo chocó con el tuyo. No ha habido un momento que haya pasado sin que piense en ti. En qué estabas haciendo. En cómo estaba lidiando con tu nueva vida. Si te sentías atraída por mi. Si pensabas en mí tanto como yo en ti. Mi vida tenía tan poco significado antes de conocerte. Y ahora... ¡Mierda! No tengo ni idea de qué haría sin ti. Cuando fuiste secuestrada, mi alma fue machacada, la sola idea de nunca volver a verte era demasiado para soportar.»*

***Existo porque existes.»***

De la nota que le he dado, no estoy todavía segura. Me frustró mucho este libro así que... ya sabeis, cuidado con los spoilers!

Esta historia trata sobre dos clubs los Knights Corruption y los Savage (no se que más, porque ya sabeis, los nombres y yo... mal). Así que tenemos a Marek, el presidente de los KC (a partir de ahora usaré esta abreviatura, como hace el libro, así no tengo que matarme a escribir todo el nombre) que pretende volver legal el club. Siempre han estado pagando a un hombre en la DEA para que haga la vista gorda, pero ultimamente se ha vuelto codicioso y ahora se encuentran en el suelo mientras ven como el mismo hombre al que le pagan, destroza su sede del club en busca de drogas. Marek sabe que no va a encontrar nada, no son tan tontos de tener la mercancía a la vista y también sabe que esta redada estaba sucediendo porque el hombre de la DEA obedece a quien más paga, y en este caso fueron los Savage. Una vez se han marchado, los hermanos del club quieren tomar represalias, tanto contra el agente de la DEA como contra el otro club. Marek acepta lo del agente pero contra el otro club todavía no lo tiene tan claro, no quiere armar una guerra sangrienta.

Por otra parte tenemos a Sully, la hija del presidente de los Savage que a diferencia de las mujeres de los KC, su vida es un maldito infierno. Abusada por todas las personas que amaba, tanto fisica como mentalmente, solo quiere morir. Pero es entonces cuando su padre da un paso en falso y los KC quieren venganza ¿y que mejor manera de vengarse que llevarse a la hija del presidente de los Savage? Poco saben ellos que le estan haciendo el mayor favor de su vida.

Bueno, no digo más pero vereis: mi estomago se revolvió tantas veces durante la lectura que no sé como no acabé vomitando. La vida de Sully es jodida, pero JODIDA en mayúsculas y con todas las letras. Su padre y su novio abusan de ella, sexualmente y dandole palizas. Su padre se detuvo en el momento en el que Vex, su novio, la reclamó, pero eso no lo hizo mejor. Vex es un puto yonki loco que ha pegado y apuñalado a Sully tantas veces que es un milagro que todavía esté viva. Me dolió muchísimo leer todo lo que le hicieron y como su padre se la dió a Yanez, el segundo al mando de un cártel para poder cerrar un trato con ellos. No suficiente con que Yanez la violara, encima Vex le pega una paliza por ser una zorra que se deja follar por todos. **¿¡VEIS PORQUE NO AGUANTABA LEER ESTE LIBRO!?** Putos enfermos. Así que cuando Marek llega y se la lleva, me tomé un respiro, dije: aquí va la nueva vida de Sully, esto va a ser mucho mejor. Y lo fue, al menos un poquito. No me entendais mal, Marek jamás le ha puesto una mano encima a Sully, pero tampoco ha sido muy amable con sus palabras. Viendo la cantidad de cicatrices que tenía en el cuerpo ¿no pudo entender que la chica necesitaba su tiempo para recuperarse psicológicamente? NO, no lo entiende porque es un hombre y solo piensa con el pene (no me refiero a los hombres en general, no os ofendáis, me estoy refiriendo a este en concreto). Así que se pasa la vida gritandole y diciendole cosas hirientes a Sully porque ella está asustada. **HIJO DE PUTA.** Que ganas me daban de pegarle cada vez que hacía eso. Lo juro. Y me jodía que él se daba cuenta de que la cagaba y siempre le decía: "Yo no pido perdón, nunca, pero voy a compensartelo". **ANDA Y QUE TE JODAN.** Tienes huevos para ponerte como un puto cabronazo ¿pero no tienes huevos para pedir perdón? Cagao.

Bueno, luego sucede algo con Sully, donde viene el drama y todo eso, entonces Marek se da cuenta de que la ama y blablabla, ya sabeis, no es que la historia esté mal, porque engancha eh. El problema es: **EL PUÑETERO FINAL.** Faltan cosas por resolver. Como, aunque nos hemos librado de Vex, ¿que pasa con el cabrón del padre de Sully? Y además, justo cuando va a encontrarse Marek con Yanez el del cártel (y el que violó a Sully) para dejar a los Savage sin mercancía como venganza por todo lo que le hicieron a Sully... **¡SE ACABA EL LIBRO! ME CAGUEN TODO.**

El siguiente libro no es sobre ellos, es sobre el Vicepresidente de los KC y la sobrina de uno de los hermanos así que... no sé como puede dejarnos así con la intriga la autora. Es una maldita perrada! Es que para continuar con este tema de fondo es un poco tonto, no siendo ellos los protagonistas...

En resumen, la historia está muy bien, engancha aunque es un poco rápida en lo que a sentimientos se refiere pero aun así es jodida por toda la mierda de Sully...

---

## **Heroesinbooks says**

2.5 Stars

This book had my emotions all over the place. I felt for the heroine, Sully. She had the life history from Hell. I liked some of the supporting characters but not all.

What I had an issue with was the Hero.

Cole Marek should be the very alpha , tough bada\$\$ President of the KC MC. Unfortunately, he comes across as super controlling and domineering. I just didn't care about him very much. He wasn't that likeable. Each time I thought he had redeemed himself, he said something horrid again. For example, he tells her he loves her and when she can't say it back he gets so angry. He sets out not loving Sully. He has claimed her but it's supposedly for darker reasons, but he is so verbally unkind at times and also his general attitude to women sucks. One of the other Biker's (Hawke) has an altercation with his wife because she catches him having sex with a club girl. So understandably, she's furious and upset. She lashes out and Marek is watching all this unfold. He comments:

*"Hawke struggled to reach her and, if she didn't leave in the next two seconds, I would seriously consider letting him go. Teach her a lesson and all. I'd never tolerate him beating the shit out of her, but sometimes a harsh shake or a quick throat snatch was called for."*

No. Just no.

There is violence and rape in this book. It's pretty dark at times. Domestic abuse / child abuse / incest.

This book does set up the series well and introduces the reader to lots of characters. There is a strong and interesting sub plot. I will try the next one because I liked Adelaide and Stone and their story is next.

HEA? More HFN

Cheating? Yes- he has sex with a club girl when he and Sully are to all intents and purposes together publicly but have not grown physically or emotionally close. He does not remember the 'hook up's ' name and was thinking of Sully the whole time he screwed the random woman. There is a scene at the very start before he meets the heroine where we see him having sex with a 'wannabe' (Club girl).

### **BleuBelle says**

Another DNF for me. And I was so happy I found a MC book from another author.

Let me first begin with the name of our heroine. Sully. Are you for real? English is not my native language but I'm sure this is the first time I heard of this name. Awful. Especially for the heroine. Every time her name is mentioned in the book, I want to cringe.

Moving on to her past. The blurb explains some of her tragic circumstances. In the book we have insight of all the cruel things that happened or are happening to her. At the hands of her father and her "man". Well for me it was over the top. I know it's a dark read but somehow these events are too brutal and too far fetched. Even in an MC life.

Then we have Marek, our hero. I don't like him! Just like that. He's not a hero for me, and he just doesn't seem like a President of an MC. He's only 28, a little too jung for me and his position in the club. I got the feeling, that he doesn't have his club in order. It's chaotic. The fights with old ladies, the "love trouble" no one seems to have foreseen and all the bickering. It's like kindergarten all over again.

Adelaide got on my nerves, her problems with the VP Stone were all over the pages. And they're not the main couple.

(view spoiler)

---

Yeah so definitely not my thing. This is the second book from S. Nelson I didn't like and couldn't finish. Perhaps I will take a break from this author.

### **Nayab says**

I should've known - actually I did know when I started this that it wouldn't be all romance and roses, it is a motorcycle club book after all but from reading the synopsis I was expecting Marek to be a kind of anti-hero... You know, he does some questionable (some outright) bad stuff but for the most part he's a good-ish guy with a strong moral compass.

Yeah, that didn't happen.

It felt to me as if the character was all over the place, I had no idea if he was coming or going... He was portrayed as being this honourable guy yet the things he did? Not so honourable.

The violence - sexual or otherwise - was too much. If there had been just as much character development (or any character development) as there was violence during the course of the book, I would've been content just skipping the violent parts (which I did) and finishing the book but that wasn't the case. The violence was

written about in minute-for-minute detail. The characters? Not so much.

Which is why this book was a DNF for me at 60%. Why DNF at 60% you ask me and not before? Because that's when Marek's rape comments started. It was fine up to about 60% but then Marek, this guy who is supposed to be the better guy, starts talking about rape, not condemning it like the book had shown him to do up to this point but when Sully asked if he was going to rape her (because up to the point where she's 'rescued' by Marek it was all she had known) instead of reassuring her he makes comments like 'Well you are my wife and isn't it the wife's job to give it up to the husband?'

No.

Just no.

There's no apology or remorse, nothing to show that the character didn't mean to say what he did, still I overlooked my initial feeling of uneasiness and carried on... Maybe he would apologise/say he didn't mean it later on. That doesn't happen, oh no. In fact, just a few pages later he comes out with this:

'You're saying that after I/we just [insert sexual activity here] you're not going to give it up?

And I was done.

Thankfully I was able to get a refund. I've never been so completely and utterly wrong about a book.

---

### **Megan Fall says**

This story was a lot darker than most of the MC books I've read. There was a lot of abuse! However, I still enjoyed the story and the characters and look forward to reading more.

---

### **Paganalexandria says**

[marrying her (hide spoiler)]

---

### **Sarah says**

I'm SO disappointed. I thought I was going to love this book, but it sounded pretty good and I love biker books but this one.. Was just not for meI almost DNF'd it several times but I'm stubborn so I wanted to finish it (I did skip a few pages here and there though.). I don't like to DNF books but I wish I'd done it to this. It

was a complete waste of my time, unfortunately...

I didn't like Marek. He was a complete asshole. He treated Sully like crap. His back and forth with him being nice and then an ass, wanting her, yelling at her. It was like he had two completely different personalities, like he was two different people. And when he was trying to be nice, he failed.

I mean.. (view spoiler) Wtf??

---

### **Beth, Hurricane Readers Book Reviews says**

Absolutely Amazing! S. Nelson is an amazing writer. I have been with her from the beginning and her books just keep getting better. And Marek is Excellent. I couldn't stop reading once I started. Cole Marek is the President of The Knights Corruption Motorcycle Club, he is trying to make his club legit but before he does he has a score to settle with the rival gang The Savage Reapers. So when he goes after them he thought the biggest "F-YOU" would be to steal the presidents Daughter Sully. There are rumors that she is absolutely beautiful but she is kept in the shadows. Sully has had a very hard life. Things happened to her you couldn't imagine having done to you. Horrible and unspeakable things. There was no way out for her.

Once Marek has her he starts feeling Things. He is protective of her. She has been hurt badly. Scares line her body. What has she been through? This was supposed to be a punch in the gut to their rivals but Sully is a game changer. This wasn't supposed to happen this way.

Sully is scared, and not sure how to take the MC rival gang. She has heard so many stories but none seem to be the club that kidnapped her. She starts feeling that this might be fate working finally in her favor or is it? She doesn't know what to think about Marek but the attraction is almost to much. This is forbidden. She could never return to her club but does she want to? Her club is nothing like this one. Come find out what happens To Marek and Sully .

This is definitely a must read and recommended for 18 plus. Also I would like to mention there are adult situations that are hard to read about.

---
