Reaper's Kiss

Jaxson Kidman

Reaper's Kiss Jaxson Kidman

I saved her life once – now I own her.

Trust me, this isn't what I wanted. Not that I mind a beautiful woman showing up at my door first thing in the morning. What I do mind is the baggage she's carrying with her. My club tells me I have to press her for information. But I can't get too close to her.

The problem? I get too close to her. I can't help myself. It's just my outlaw way. The second I realize I need to get away, I discover there's a connection between me and her. A murderous connection that is rearing its ugly head into my present and into my future.

This wild fling is turning into something deeper... and Ava is about to learn the consequences of when you mess with an outlaw and his heart.

Hey darlin'

You're about to read my next release, REAPER'S KISS. Each and every book I write contains a part of me. Some of this is true. Some is this is altered from the original way it happened in my life. Some of it is all wild fantasy.

Hope you're ready... I know I am.

See you on the other side.

Josebel Molina says

I really like this one, lately I'm having problems loving bikers and outlaws books. Why? Because some of them have become repetitive and cliche. But this one I like it even if is a little cliche.

The action though I found it lacking I don't know, like it wasn't exciting. I need blood, fighting and shooting at the same time that's what makes an action scene worth my time you know. All joke aside it was a little disappointing especially when he kept telling her to trust him even when he was putting her on danger. I was annoyed by that he's like (view spoiler) Bitch No! I don't care how hot you are that's not happening.

BUT, even with those problems it was a good book and the relationship part was good not great but good. Also Jace is the more "respectful" to women or at least his woman of all of the Jaxson Kidman outlaws. So yeah I like him.

Like I said in all of my other reviews of Jaxson Kidman his books keep getting better and his writing is improving with each one. I can't wait for Outlaw King!

*** I receive an ARC copy of this book for my honest review***

Cindy Miller says

Love!! Jaxson Kidman writes the best MC books!

Sherryle says

Great story!

Elizabeth Gardner says

If you like romance with a hot Badboy but also a good storyline Jaxson's books are the ones for you. Reaper's Kiss gives all that and more. Again I couldn't put the book down for very long until I was finished. This book, again like his others, is a must read for anyone who likes bad boy romance. It also keeps a person wondering which parts of the bad boy are really a part of Jaxson just like his other novel. Well done. Can't wait for the next.

Susan Burgess-Ryan says

5 STARS IS NOT ENOUGH FOR THIS BOOK. I GIVE IT 100!!!!

This is the second book I have read by Jaxson Kidman and in no way was I disappointed. But when again I love motorcycles and MC romances. My first MC book was chosen because I thought the man on the cover was HOT AS HELL!!!! My men have not let me down yet, and neither has Jaxson Kidman. I couldn't put the book down once I started it, and I read in a few hours. Who wouldn't want to read a book with a tattooed biker, the Russian mafia, blood, murder and mayhem, and sex scenes that will make you hotter than hell itself? This book is recommended for mature readers 18 years of age or older because of the sexual content.

Ava was a nice girl in a bad situation. Even though her father and her are running the store they owned, and her mother was killed in, he has her running the store. He also has her taking care of the shady customers that gather in the back of his store. She feels as though she is two steps from being a prostitute even though she doesn't do anything more than make sure the men are taken care of. They are allowed to fondle her, but not have sex with her. She is really unhappy and knows that there is something wrong with the dealings in the back of her father's store. She's minding the store when this biker comes in wearing the cut of the Bitter Aces MC. But he is actually just scouting the place out at the request of his club's President. They are checking on some rumors of gambling and drugs in the back of the store. Then her father runs out and starts grabbing money from the till telling her to stay put no what happens. Things got worse and Jace jumped in and helped rescue her dad from "Uncle Frank". Of course it didn't solve his problems. And then she is attacked by "Uncle Frank" who had intentions of taking her. So her father realizing that he has to protect her gives her a sheet of paper with the biker's address on it and told her to find him that he would protect her.

Jace is a patched in member of the Bitter Aces MC and he loves it. He is sent to check out a store by the club's President Sid and to find out if anything illegal is going on in that store. Jace thinks it is a waste of time since it is a rundown store in town and hardly anybody goes there anymore. But what he didn't expect when he got there was to encounter a scared girl who beats the crap out of him before he even gets a chance to find out what her father was needing all the money from the till for. After he gets her settled he goes the back and rescues her father from "Uncle Frank". Then after he reports back to the MC about what he finds the Prez Sid jumps him because he was only to scout the place. Jace goes home to be by himself and the last thing he expected was to find Ava banging on his door wanting him to save her. So now his club wants him to find out from her all she knows about her father's business and his association with "Uncle Frank." He tells himself not to get close to her but that turns out to be easier said than done. To make things even more interesting, Jace finds out that there is a connection between him and her. A connection that turns out to be more dangerous than they would have thought. Will Jace be able to save Ava and her father both? Will Jace be able to keep his heart closed to Ava? Will Ava be able to shatter the wall around Jace's heart?

No Spoilers. Advanced Readers Copy received.

Chera says

Jaxson Kidman has written another steamy MC story in Reaper's Kiss. Jace and Ava are caught between the MC and disaster and Jace isn't willing to lose either one

Hilary says

DNF!!!

Jodie Coman says

Loved it

This was a great hot quick little read. A well written story with hot characters and great twists.

LaGina says

I am really liking Jaxson's way of writing about an MC. I dont know if I was reading to many and they just seemed to all have the same thing going on in the reads. I'm glad that I have found an author that has made MC's enjoyable for me to read again.

Katie Lamb says**Love from the first page**

This book omg rough, raunchy and everything in between. My heart belongs to the Outlaw. This story will grab you and hurt so good. It will leave you raw and coming back for more.

Geraldine says

This book is full of suspense and heat and the twists and secrets keep you going until the very end. Most enjoyable.

Linda Levine says

This is a great MC romance with lots of passion and action. Jase and Ava meet when he is on a mission for his club and he ends up being the one that can keep her safe from her dad's shady dealings. They make a great couple and have an immediate connection.

I am voluntarily reviewing a copy I received.

Wendy Livingstone says

I voluntarily read an Advances Readers Copy of this book.

This is the story of Jace and Ava. Jace a tattooed biker who is a patched member of the Aces MC, and is sent on a recon mission in Ava's father's store. This is where he ends up saving her and protecting her from the

people her father is involved with.

This story is packed full of action, intrigue, twists, and love. In my opinion Jaxson's work just gets better and better, and a 5 star review is not doing this book enough justice. I recommend this authors work to all lovers of MC stories, and I cannot wait to read more of his work.

Alba M. says

Como es que tiene una nota tan alta este libro, va más allá de mi...

Es uno de los peores libros sobre MC que he leído. Los he leído malos muy malos, pero este también lo es.

La forma de escribir me recuerda a esos libros de wattpad que nunca han tenido una corrección ni un diccionario en su vida. No puedo con esto, de verdad. Encima este instalove que ni instalove es.

En cuanto a personajes, no están bien definidos sus caracteres. Jace se supone que es un tipo rudo pero en realidad parece bipolar y Ava se supone que es una chica tímida y aterrorizada pero su padre le decía que se vistiese como un putón y ella no protestaba. A ver por favor, seamos coherentes...

He perdido mi tiempo con esta historia, ha sido de lo más absurda.

Doris says

This is yet another of Jaxson Kidman's dirty biker reads that will leave you lusting after a dangerous outlaw. He wasn't looking for a woman but that is exactly what Jace got in Ava, the beauty who was somehow involved in criminal activities in her family's run down store. Her father was mixed up with some bad people and told Ava to go to Jace and ask for protection. Her dad knew that the Ace's MC would be the only ones to keep his daughter safe since he could no longer do that.

Orders were given to Jace from his MC to find out exactly what this woman was hiding. You will love the tactics that Jace uses to get info from Ava! Besides the connection that is felt between them, what else links the past of these two that neither of them had any idea of? Is Ava running from one criminal just to be caught up with an outlaw? This is another excellent biker read by Kidman and one you won't want to miss.
