The Debt 6 Kelly Favor

--By New York Times and USA Today bestselling author Kelly Favor—

The dark and Sexy new series The Debt continues with book six...

One innocent mistake...

A night out at an exclusive party at a millionaire's mansion, and now twenty-two-year-old Raven Hartley is in big trouble.

Because of him...

Gorgeous pop idol Jake Novak is smoking hot and blazingly confident. For him to take an interest in someone like Raven is beyond unthinkable.

And now she has a problem...

Before the party, Raven Hartley was a waitress, struggling to make ends meet, still running away from the darkness of her past and the betrayal that haunts her.

After the party, she's presented with a choice...

Become Jake Novak's personal escort or have her life destroyed.

The Debt 6 is the sixth book in the sexy and smoldering new Club Alpha series, by the bestselling author of For His Pleasure, Fight For Her and Naked. For fans of H.M. Ward and Claire Adams.

From Reader Review The Debt 6 for online ebook

Katrina says

holy spaceballs batman....I've read some pretty good erotica, but there was a scene in this book that was some of the best erotica I've read. I actually felt the passion, heat between the characters!

Linda Wigginton says

Seriously?

I really can't believe I have bought all six books in this series! I am truly angry with myself. I have really enjoyed Kelly Favor's books in the past but I have never disliked two characters more than I dislike whiny Raven and jerk off Jake. When I finally think this story is going somewhere both of them behave as two year olds displaying temper tantrums (again)!!!! I am done with this series.

Linda Estes says

I have read all 10 books in the series and loved all of them... The only thing that I could have suggested would have been to make the stories longer. Instead of being 10 books there really could have been 5 and the series would have been better.

Jamie Leigh says

The storyline is getting to be a little too much. the writing is great. But if I could just slap the characters and make them act right, that would help.

Theresa says

Oooh the story line is getting good!!

Candace says

Like every other book in this series, Jake and Raven continue their on-again, off-again antics. This installment has the two of them going into hiding after Raven's childhood home is burned to the ground by Club Alpha. Once they arrive in their cabin in the wilderness, Jake promptly turns into vigilante Rambo. Just when I thought that this story couldn't get any more unbelievable, this author takes it up another notch.

If you can get past the rockstar/top-secret military operative persona, which I can't, then you can look forward to an irritating, immature relationship between the H/h. Raven seems to have the maturity of a giggling, 12 year old girl. If I had to read another minute of her childish rationalization so of his hot and cold behavior, I was going to go insane!

After holding off for this long, the two finally have sex. Of course, Raven was a virgin and a natural sex goddess. To top it off, the sex scene wasn't worth the wait. It was completely underwhelming and left me thinking, "I waited for that!?!". Immediately thereafter, they have another lover's quarrel and we're back to the on-again, off-again drama.

I'm out of patience with this series and I'm hanging it up for now. I just can't handle the back and forth or the ridiculousness of this storyline any longer. A little angst is good, but this is just annoying.

Cynthia Austin says

I first discovered this book in an email I received from B&N. The first book sounded interesting and it was only \$0.99 so I downloaded it. Five books later and I can't wait for book 7 to come out. Kelly Favor adds a perfect mix of romance with an awesome story line which leaves the reader in total anticipation. One of my favorites!

Nikki Wilde says

Yeesh. So Raven and Jake go into hiding. For like, two days? This is the part that pushes it way over for me. I mean, how long can this go on for? Can we just finish the series already and either keep them apart for good or give them their HEA? I mean, I'm starting to skip whole paragraphs here or just read the last sentence or two and I feel like I'm not missing anything.

I'm so overly annoyed by these two now. I mean, I can't even figure Jake out and Raven? Her doubts are starting to piss me off. I mean, what does she want from this man? He's never lied to her and yet, can she really say the same?

For goodnessakes, lets get on with it already. I'm worn out.

Natalie The Biblioholic says

[Are we to assume that the two guys ('Dave and Joe') who kidnapped Raven from Jake's cabin work f

Mandy Saial says

I am glad that Raven & Jake are finally sharing secretes and trusting each other to a certain extent, even though i'm not sure how long their new found bliss will last.

Waiting for The Debt 7

Natasha says

Don't know if it is just me but I'm still struggling to like Raven and Jake. They both seem like a well match that's for sure because they're both so mixed up. At times I feel like Raven is a little immature and is quite weak. Then there's Jake that seems cold and yet I can see that he loves Raven.

De Reese Robinson says

Angst!!!

Raven is maddening with her I want you, but I need you to be fully opened to me, but I don't trust you enough to give you everything. Jake is trying to give himself and more, but struggling with his past, but at the same time falling deeper for the girl who won't give him what he needs...HONESTY!!!

Sivutha says

"He pulled back and looked into her eyes and now he was smiling, and some of the pain was gone from his face. "I love you," he said. "I loved you from the first moment I saw you but I was too afraid to admit it. But I'm not going to miss my chance," he said. "I'm not going to live in fear anymore."
"I love you too," she said, and her heart felt like it might explode from the happiness she felt."

"All I need is you."

Kim Bryant says

Great read!

So far, I think this is my favorite installment of this series. It was a rollercoaster ride of emotions: fear, trust, passion, anger, peace and terror all packed in a short read. All I can say is, "WOW!"

Asma says

THis sucked royally for me. I'm talking about the reading experience, but I respect the author's work. the only reason I keeep on reading the books in this series is that I'm curious and too stubborn to give up, but I don't know if I'll carry on and if I do I'll be skimming.
