Now this story is why I love Fiona's writing. The novella is short, sweet, and definitely pack a punch! Plenty of wow factor, adorable boys, all the feels, and most important...,the female doesn't appear to be jail bait. I'm incredibly happy Harley "appears" to be older even if she's not. I'm grateful David doesn't appear to be a dirty old man. For those reasons alone this story deserves kudos!

Four stars!

2 very cheesy love short story's!!

In the 1st we have to mischief's that bring together a couple, it's hinted that there is an age difference but not how much...

The story itself was cute, but I have to frown at the insta love.

In the 2nd we get the HEA of the 1st book friend that was due for more than 3 years... No insta love, but then we have insta kids... :D

It served it's purpose: entertaining!

3.5 stars. This is an easy, fun Christmas book! This is Harley and David's book. Harley is a the older sister to a little brother. David is a young, hot dad. His eight year old son is best friends with Harley's little brother. The two boys decide to set up the couple so that they can be "related" (a la Parent Trap). When Harley and David meet in the school parking lot, sparks fly. There is some insta-love, some very cute Holiday moments,

baking and sleigh riding, and a Christmas eve proposal. Sweet, sexy, somewhat cheesy fun! There's not a ton of depth, but the cuteness is totally satisfying!

**\*\*ARC RECEIVED IN EXCHANGE FOR AN HONEST REVIEW \*\***

Such a cute little Christmas read! They were thoroughly bamboozled by two elementary aged kids and didn't even realize it until they were in love. Short and sweet, chocked full of Instalove.

- no cheating
  - no ow/om drama - a parent tried to flirt with him but it was promptly shut down
  - no pushing away
  - no violence of any nature
  - instalove
  - just ok epilogue 1 year later

It took me a bit to realize that the h in this book was best friends with Holly from The One I Want For Christmas, the holiday book Fiona Davenport released last year. And the H is the Santa that Holly went to and wished for Jacob and he appeared at her door the next day. Luke and Tyler have been best friends since they first met in kindergarten. They are now a few months into second grade and luckily they're in the same classroom again. Luke's parents are divorced and he spends most of his time with his awesome dad, David. He's upset because he just found out his mom is getting remarried which doesn't bother him but the man she's marrying has a one year old daughter. He doesn't want a little sister messing with his toys and following him around. They wish they were brothers and come up with a plan to fix up Luke's dad with Tyler's older sister. David Clark is 29 years old and the owner of a very successful toy company, he's divorced and has an 8 year old son named Luke. Harley is Tyler's older sister and she works at a local bakery called Cake Walk. She loves her little brother so when he asks her to start picking him up from school she doesn't think anything of it and immediately agrees. Luke convinces David to volunteer as Santa Claus at the local mall knowing Tyler has arranged for Harley to go there. David first meets Harley after school one day and he's immediately attracted to her. The two of them see each other a few times and their chemistry is explosive. Harley's best friend, Holly is depressed because this is her first Christmas since her mom moved to Florida and she's all

alone. Harley drags her to the mall and the two of them decide to sit on Santa's lap. Harley is surprised when she realizes that Santa is actually David and they soon figure out the boys set them up. David surprises Harley with incredibly romantic plans on Christmas Eve. This one was really good and I loved the whole thing in the beginning with Luke and Tyler's POV.

This was cute and sweet but wayyyyy too short. FD specializes in instalove novellas which I love. And I liked the characters in this one. But it was just too short. I wanted more background of the characters. At one point Harley says that her and her bff started calling themselves the Hs in kindergarten almost 13 years ago. That would make her about 17. But she's not in hs and works at a bakery. So the timeline seemed off to me too. Still a decent way to spend an hour.

A lovely romance warmed up by all the Christmas spirit.

I got really excited when this cute Xmas present came up ready to cheer me up at this time of year. Hot chocolate, romantic gestures, an age-gap relationship, and a couple of little friends who concoct a genius plan to play Cupid with the people they love.

I adored the scheming boys who plan this matchmaking adventure on the first chapter. From then on, it's fiery chemistry than ensnares David and Harley into baking cookies together and other hotter things that involve no tools or clothes :-D

Somewhat cheeky, yet always super sweet, this little treat is perfect to sate your appetite for Christmas warmth, family, and romantic bliss.

Luke and Tyler, best friends, have returned to school after a short break, one Luke spent with his mom, and new stepdad and stepsister, a baby one at that. They both agree Tyler's older sister, Harley, is cooler, and decide she'd be perfect for David, Luke's single dad. Now, to plot ways to get them together.

David is picking up his young son, Luke, when he meets Harley, Tyler's very beautiful sister, and is instantly attracted, just knowing she's meant to be his.

Harley has no idea why Tyler is suddenly so adamant that she, and only she, pick him up from school. She adores her brother and is happy too, even more so after meeting David, his best friend's dad.

As the opportunities to spend time together continue, thanks to Luke and Tyler's scheming, err wanting to hang out, it isn't long at all before David and Harley's chemistry explodes, and both know they've found something special.

Will their age difference cause a problem for their burgeoning relationship? Psst...it's Fiona, everything works out just as it should...happily.

Cute and quick Christmas story nice to curl up with on these cold nights. Trust me this will warm you up!

Harley is just a sweet heroine looking out for her little brother. She picks him up from school where she meets David a single father. They are attracted to each other from the beginning and as much as they want to ignore the attraction between them its impossible. Little do they know this is all a perfect plot by Tyler and Luke. They want their own happy ending.

This was super cute, sexy and completely safe. Love Fiona Davenport and this one did not disappoint.

Side Note: I only wish we knew the history with the hero's ex. She is never in the book but he also never talks about her other then saying his son is staying the night with his mom.

#### **Two cute Christmas stories in one!**

This book had two stories of best friends during Christmas. The first was of Harley and David. Harley is the older sister to a younger brother who is in elementary school. He is best friends with David's son who is also the same age both boys conspire to get their sister and dad together.

The second book is about Harley's best friend Holly. Holly is feeling lonely during the holidays because her mom and step dad have moved away and can't make it for the holiday. Holly goes to visit Santa with her friend Harley ad wishes for her old high school boyfriend Jacob.
