Always the Bridesmaid Sarah Webb

It's bad enough when your love life is going nowhere fast -- it's worse when everyone else's is soaring!

That's the personal tragedy that appears to have befallen Amy O'Sullivan, as she careens toward the "Big Three-O" with what she laughingly refers to as a "career" at a dead end. Amy's little sister has come home with her "Golden Delicious" Australian fiancé in tow. Amy's girlfriend Beth is also planning on tying the knot with her own Mr. Right in the near future. And another "friend" has just slept with the man Amy figured she herself might end up marrying! So what's a perennial bridesmaid to do . . . after she's spent more than enough time and energy lying in bed, wallowing in self-pity? Why, move on, of course! She's needed (sort of) at the bookstore where, as "Story Princess," she's expected to enliven young lives, even as her own sinks deeper in the mire.

Then again, perhaps there are actual Prince Charmings out there in the real world. And a pitiful princess never knows what -- or who -- is going to come walking in the door holding the hand of an eager little girl . . .

Stella_bee says

3,5 stars. I don't like the protagonist, terlalu cengeng, egois & mengeluh tiada henti-hentinya sepanjang cerita hufff...

Anggun says

despite all others think that Amy's beautiful and smart, she always feel sorry for herself - comparing herself with others around her, think that any other girl is smarter, lukier, prettier and etc. Well, don't we all? it reminds you to just love yourself and believe that you will get your right one in the right time.

mairywo says

I read this quite a while ago and I only remember that it wasn't as funny as I'd hoped it would be. Actually, it wasn't funny at all and I recall getting annoyed by the constant moaning of the main character.

Lisa says

I think I'm finished with the Bridget Jones genre of self-indulgent females who ultimately get the guy. The book is exactly what it purports to be, so if that's what you're looking for--dig in!

Kendall says

I guess I don't get Irish Humor but I was unimpressed with book all the way through. The main character is a selfish brat with mood swings no one in real life would put up with. Her poor me attitude definitely put me off from this book. Not sure why I even finished reading it.

Soniya B. says

Kindly don't waste your time reading this book.

Diyanah says

Actually, my rating is 2.8

I love this book because its using simple word and easy to understand.

Initially, it was so great and interesting. But later, its going quite slow and not strong enough to catch my heart. Yeah, little bit boring. dont have much humour i guessed.

penelopewanders says

So, the chick-lit romance bookbox landed on my doorstep, and of the twelve books in it, I had read three. Unfortunately there are none that I was absolutely dying to read, but I figured I'd read a few and replace a few and send it on in a few days. So this was the first. Like a number of British novels I've read recently, I am dismayed by the extent to which characters mess up their lives, partly because they're drunk. The main character here is also rather depressive, but makes a number of stupid mistakes and decisions, so it's rather surprising how well everything turns out in the end. This is not a great book, but it lets itself be read.

Carly says

Such a cute story! I wish I had this happen to me!

Kristi says

cute but depressing. would ahve been better if the children's book author had ahd a different name.

basically a story of friendships. a little bridget jones diary maybe. set in scotland.
lots of drinking stories i just don't get the funof. but ok enough.

Emily says

I got this book thinking it was a different one, same name or close different author. I didn't notice till I finished. I enjoyed it though. The book was really kind of brainless. At times I found the main character, narrator, to be a bit whiney (that is saying something since I can be a bit whiney at times in my life). She messes up her life when she doesn't need to, just by being stupid and then has to fix it but has to be talked into doing that. She also, drinks a to bit much for just no reason in my opinion, maybe to forget her issues but that seems dumb to. The end of the book was worth the rest though and made me almost want to cry that it all worked out so well. So, if you are looking for something mindless, I recommend this, if you want to actually have chick-lit with substance this is not the one for you.

Astri Nasthasia Videlia says

Simple en Dalem...

cerita dimana seseorang diharuskan berfikir dewasa saat menerima berita yang menyakitkan hatinya... karna biasanya... memang seseorang itu kebanyakan akan menganggap dirinya korban dan meratapi diri sendiri saat dia fikir dialah disakiti.... Human Nature lah....

BETH BUSS says

not an awful read if you're sick or at the beach and don't mind whiny boozed-up Irish lead characters. Kind of hard to recommend other than as a book that you can take somewhere that you won't mind leaving behind. Part of the book purge going on - will drop it off at the laundromat tomorrow. It will be a good mindless laundry read for someone.

... best bit ... the cute little chapter head illustrations

Kana Haya says

this book is so me! I was always being a bridesmaid since i was like on elementary school? and it goes until i was doing my thesis on college! so its like, i don't know, twelve years or something? and i still haven't got married. but unlike Cate Padgett, i already have a boyfriend and I don't have to do a lap dance just to get him! hehehe...
