Read everything Natavia

If you haven't read any of her books go and start now. You will fall in love with every single book. Go buy them now and see for yourself. Don't take my word for it. Every book mixed well together. Can't wait to see what she comes up with next.

Imma Booker says

This was a decent ending to the series. Some things got a little too ridiculous for my liking, but I appreciated the intricate back plots that fueled some of the character's behaviors. Good read.

Mary M. McClendon says

Still Good But...

Still Good But it lost something in the middle. It seemed rushed. Some characters personalities changed too fast as the author tried to bring this novel to a conclusion. So many plots and some of them were not exciting. Still enjoyed it.

No Sweat

Taylor says**Definitely a 5 star read ??**

Such a great series these characters definitely went through all twist and turns! Desk and Bishop were my favorite couple. Desi was crazy and came a long way, but I'm happy she finally got her happy ending. Ree-ree is dumb and needs to let Jada go ?. I can't wait till Yolo and Desiree's story.

Mamajay says**Loved it**

Latosha Capone says**Loved it from start to finish...**

I get utterly excited whenever Natavia drops a new release. Her stories make you experience a flow of different emotions because there are parts of the book that are serious, funny, and overall most certainly ratchet. I can't even choose a favorite character because they all have different characteristics and personalities that are both good and bad. But is I had to choose a love interest from this book, it would be a choice between Kwenya or Bishop, and if I had to compare myself to one of the female characters, my best comparison would be a little bit of Ashanta, but a lot of Desiree. I don't want to go into details about the book, for those who haven't read it yet (and prefer to check reviews first) But just know that if it's written by Natavia, it's undoubtedly going to be a Five Star Read.

All your books are fire. I loved this story. The characters was entertaining. To read about. I can't believe Jade turn his back on his friends. Kwenya is all of that. And Yolo , oh my goodness. He is one of my favorite.

Kaa Hill says**Yasssss**

Bishop is bae all the way. I'm glad he finally realized Desi is for him. Kwenya is bae too. I loved this book. I knew it was gone be fire

Ladii Zig says**Bangerrrrrrr 5 STAR**

I loved every second in this book Natavia never disappoints. I was too happy that Bishop and Desi got back together because they were made for each other. Glad Serene got her happy ending because she really went through alot with Deron so she deserves it. Happy that Ashanta and Kwenya got there family. Can't wait for the standalone with Yolo and Desiree cause I know it's going to be interesting. Oh and I pray that Yolo get the balls to beat the mess out of Jayla grown self. Great job Natavia

Madelyn says**Unstoppable read**

I chose this resting m rating because I could not stop. I wanted to know how it ended. It's one of those books that's so good you stop reading too because you don't want the tale to end. I loved everything about this book. Great written artistry. All three books excellent work!
