Hydrolysis of Metal Ions

Christian Ekberg , Paul L. Brown

Hydrolysis of Metal Ions Christian Ekberg , Paul L. Brown

Filling the need for a comprehensive treatment that covers the theory, methods and the different types of metal ion complexes with water (hydrolysis), this handbook and ready reference is authored by a nuclear chemist from academia and an industrial geochemist.

The book includes both cation and anion complexes, and approaches the topic of metal ion hydrolysis by first covering the background, before proceeding with an overview of the dissociation of water and then all different metal-water hydrolysis complexes and compounds.

A must-have for scientists in academia and industry working on this interdisciplinary topic.

Hydrolysis of Metal Ions Details

Date : Published May 31st 2016 by Wiley-Vch (first published March 14th 2016)

ISBN : 9783527330102

Author : Christian Ekberg , Paul L. Brown

Format : Hardcover 952 pages

Genre :
