## **Russ says**

This turned out to be less useful than I expected. I've been a volunteer tax preparer for AARP the past three years. I thought it would be nice to have a thorough reference book to use in addition to the AARP's materials when I was preparing tax returns this season. However, when an unusual circumstance comes up while serving a taxpayer, I've found that doing a simple Google search is easier, faster, and more discreet than referring to a giant yellow and red book.

This book has some good explanations of concepts phrased differently than IRS verbiage, which helps promote a broader understanding of tax law. But it's just too cumbersome a reference for practical usage in today's world of online tax preparation.
