**Liar, Liar** Kasey Millstead

*. . . Liar, Liar*

Makenna Banks is a 28-year-old, independent, professional woman who spends her days seeking the truth for her clients. She is tenacious and fuelled by events in her past, determined to bring hidden secrets into the light.

*. . . Pants On Fire*

Thrust into a life he didn't imagine for himself, but unable to escape it, Benny Duncan immerses himself in his job to avoid his home life. With his future mapped out for him from birth by a pair of controlling parents, more concerned about their social stature, than the happiness of their only son, he always knew he was destined for this life. It doesn't mean he likes it, though.

*. . . Nose As Long*

In her search for the truth, Makenna has to put herself in sometimes-dangerous positions, going above and beyond for her clients. But what happens when a situation is not all it seems? What happens when love is thrown into the mix?

*. . . As A Telephone Wire.*

To do her job properly, Makenna has to get involved, but not *too* involved. It's a fine line that she has managed to never cross. Until now. Until him. Benny Duncan will turn her inside out, changing the world as she knows it. She maybe powerful in all other aspects of her life, but Makenna is powerless against the biggest factor of all; true love.

# From Reader Review Liar, Liar for online ebook

## Ashlea Rhodes says

Hot, steamy and a whole lot more.

I enjoyed Liar, Liar. It was one of those stories that have you going "oh no this is not going to go well for them." I enjoyed the flow of the story and the connection between the two. I admit there are times I wanted to slap Benni and tell him to grow some balls. But he does, he grows and in doing so finds himself. It's a really good story and one that kept me up past my head time and had me throwing down my iPad down for the story had so very hot moments that left me needing a couple moments to recover before jumping back in. A book for anyone who loves steamy sex and falling for the one person you shouldn't touch.

I got this book for an honest review.

---

## Lauren Firminger says

Liar Liar is the story of Makenna Banks, the owner of a P.I company and Benjamin Duncan, a CEO of Duncan Realtors. How does one find the other? Not how you think. Read it and find out!

I loved this story. The words flowed from page to page and it never left you wondering. The slow way Kenna falls in love with Benny and the inner turmoil that Benny feels about how he feels about Kenna from the beginning was perfectly written. Kasey gave you just a little to invite you in and slowly fed you more as the story progressed. With each page you want more and more because you are dying to know do Kenna and Benny get their happy ending or will Benny's situation win out and Kenna loses it all.

I could read this a hundred times over and it still have me feeling just the way I did the first time. Well done Kasey!

---

## Kristy says

I was given an ARC of "Liar, Liar" from Kasey, in exchange for an honest review.

I know I stated I was given an ARC, but in all honesty I jumped at the chance! As a Kasey Millstead fan, I couldn't wait to read this book, especially with the blurb (have you read it??) I was intrigued. Then once I started..... I couldn't stop!

Makenna is a women who's made a life for herself, after years of nothing but dissapointments, she finally where she wants to be. With her life long friend Mitchell, they co-own a Private Investiagtion company, spending their days sorting through the lies. But what will Makenna do when a client wants her to plant evidence, instead of collecting it??? Benny is in a marriage he never wanted, coerced by his parents & hers, after years of going with the flow, doing everything he can to spend as little time with his wife as possible, he stumbles into Makenna & his life changes drastically....

Oh my, I loved the changes Benny makes from the start, to the finish of this book, he blossoms... I know that's not manly at all, but it's wonderful to read. Although the lies told throughout the book, would make any person cringe, they all hold meaning, you can feel through the words how Makenna & Benny suffer when they can't tell the absolute truth. But then you get to the ending & it all helps & makes the story come alive. I can't wait to see what magic Kasey weaves next.

### **Kyra Lee says**

Received an arc- in exchange for an honest review.

Liar, Liar is about the life of Makenna Banks, the owner of a P.I company and Benjamin Duncan, a CEO of Duncan Realtors. And I guess your wondering how this story is about them and how everything turns out. Well I am surely not going to tell you that would just ruin the great adventure you are about to embark with these two incredible characters.

I will say this be prepared for different emotions to come to the surface while reading.

My opinion of this book is its a perfect stand alone novel there's no questions left unanswered. You certainly kept me on my toes through this romance. The way it's told in different perspectives you would think a whole different person wrote those specific parts.

Kanye you really drew me in right from the beginning, I didn't know what to expect considering I've only read your Cowboys down under series. I was majorly impressed with how you wrote this novel and look forward to many more of your novels to come.

### **Marina Skinner says**

Oh I really enjoyed reading Liar Liar!

This book was sensational!!!

Incredibly enjoyable to read with lies, sexy moments and a crazy lady!

I loved Makenna, her drive, the way she handled herself and her desire for Benny!

Benny is a determined businessman stuck in a marriage of convenience!

When Makenna and Benny continue to meet, there is no denying the attraction! However, Makenna is hiding something and when Benny finds out, needless to say he is not happy about the deception!

Do their feelings for each other trump the lies??

Read it and find out!! I was hooked from beginning to end! Fantastic book written by a talented author!

Great work Kasey! Can't wait to read what you write next!

Complimentary copy received for an honest review.

## **Erin Lewis says**

4.5 star Review of Liar, Liar by Kasey Millstead

I was hooked on Liar, Liar from the first word until the last. Makenna Banks is one feisty and determined woman, a private investigator whose job it is to get to the truth, no matter what.

Benny Duncan has been stuck in a marriage of convenience for what seems like forever to a manipulative uncaring witch called Regina. He is the CEO of Duncan Realty and he is by no means a weak character.

As with previous books from Kasey Millstead, this was extremely well written. Her characters were believable and I found them easy to relate to. Although this was not a particularly long book, the suspense was built well and the sex, was smoking hot. I invoked many emotions in me whilst I was reading it.

What happens when the truth is finally revealed? Will Makenna and Benny get the happily ever after that they deserve? You will need to read this book to find out and I highly recommend that you do.

---

## **Julianna says**

Kasey Millstead is a new author to me and “Liar,Liar” was an amazing read. ?

Benny Duncan is basically in a loveless marriage where his wife is more concerned with social status and money that she doesn't even pay attention to her husband. To stay out of his wife's way he immerses himself into his job.

Makenna Banks is known for her skills at finding out the truth and she just got hired by Regina to see if her husband is having an affair. Too bad Makenna doesn't realize that Regina is the witch and she just got played.

Will Makenna be able to tell what's a lie or not before it's too late or was their relationship the biggest lie of them all?

Makenna and Benny were characters that you instantly felt a connection to and what I really loved about this story was when Benny started to grow a back bone.

You could tell that he did love his wife at one point, but when he was with Makenna he was able to be himself and grow more and more. The writing, plot and chemistry was so good that I didn't pause. I just kept reading until I reached the end. Even if it was in the middle of the night.

## Megan Hubble-Roney says

Obligatory note: I received a free copy of this book *Liar Liar* by Kasey Millstead in exchange for an honest review.

*Liar, Lair* was as I knew it would probably be an excellent read. Kasey always does a wonderful job of creating characters that you can relate to and enjoy. Never did I spend any time thinking that the h was immature or whiny or weak. And the H was determined and strong with slight alpha tendencies but never did he slap his chest and walk all over his h, unless they were having sex, he definitely slapped his chest and “walked” all over her during sex.

We read to get away from our reality and this book did exactly that while I was deep within its pages. While not a long read like I usually enjoy but have a hard time finding it was a fast fun read. The story line was a bit of a stretch, because really how many of us come across billionaire real-estate moguls in our lives, was an enjoyable stretch. Makenna was fun and strong and levelheaded. Benny was quiet at first but once he made a choice to change his life he quickly became strong and sure. Both were willing to admit that mistakes were made and each played a defining roll in their relationships failure.

This story is ultimately about deciding that you have had enough of the situation, whatever it may be, that you find yourself in and changing it. It’s also about being truthful, and lying, even by omission, is still a lie and can sometimes come with lasting consequences.

## Amy says

*Liar Liar*  
Kasey Millstead  
4.5 stars

Makenna Banks is 28 years old, independent, a professional investigator along side her best friend Matthew; making her money finding the truth for the people who chose to employ her. Fueled by her past, what Makenna looks for is liar; iars of a different kind; liars of the heart.

Benny Duncan does nothing but go to the gym, go to work, and back to the gym. Home is somewhere that a person should feel loved. It’s a place where a man should not wait to go. Benny’s life was chosen for him. His life was orchestrated by his parents who were more concerned about their status in social circles than their son finding happiness. Pushed into a marriage he never wanted to a woman who is a nasty bitch, he puts all his energy into pushing his business to the number one spot.

Regina wants out and the only way to make Benny pay an additional couple million dollars to her in the divorce she has to prove her so called husband is cheating. The problem is he hasn’t cheated and wont cheat. Regina Duncan wants to make sure she has an iron clad case against her husband in order to obtain that money she so deserves. Two million isn’t enough .. she needs four. Circles talk, and her circle says Makenna Banks is the best. If anyone can seal the deal for her its this “Banks woman.” .

Can Makenna turn a man into a liar or will her conscience lead her otherwise. Thus far she hasn’t been able to turn Benny Duncan’s head. How far will she go and at what cost? In truth, is Makenna the true liar.....

This book was intriguing. I have read a few of the same genre recently but nothing to the tune of making a

man who doesn't have wondering eyes wonder ... what a fabulous storyline. Heartbreaking as it sounds turning a man into a cheater its for the best. His wife is a brutal witch! OMGOSH! I love the way the characters evolved. This is a good one. Click it up!

Thank you Kasey for the ARC. I love reading new authors and look forward for the next release! There is no cliffhanger friends. Read on! Review to post to Ramblings From Beneath The Sheets.

---

### **Sybil aka Lala says**

Makenna Banks is paid to lie. She owns a private investigation business alongside her partner and best friend Mitch. When the case of a certain Mr Benny Duncan comes their way, lines get blurred and Makenna treads a very fine line between her job and her heart. Benny Duncan has been forced into a life he doesn't want and it's making him miserable, he sees no way out, until he does. But what he thinks he knows is not necessarily true and the one person he trusts, is not who she seems to be.

I found the writing of this book to be a little tedious with a lot of descriptions and useless information thrown in and the dialogue between characters to be a little bit contrite, it really didn't feel as though it flowed naturally and I had some trouble buying into the relationship of these two characters because it escalated so quickly.

Luckily though, the characters themselves were quite entertaining and the general plot was very interesting. There are also a couple of sub-plots playing out that added a lot of intrigue and the antics of secondary characters were at times hilarious and at other times shocking. I couldn't believe what came out of their mouths sometimes and it had a very enjoyable soap-opera-ish feel that in the case of this book worked extremely well for me.

All in all this was a very enjoyable and short read with some drama, intrigue, angst and hot sexy times.

### **Kashunna Fly says**

\*\*\*\*\*I received an ARC in exchange for an honest review\*\*\*\*\*

First there Makenna who after being judged by her looks gives omy on on men and goes into business with her bestie to become a Liar, not just any Liar mind you but ones who seek the truth to expose those with secrets that can hurt others.

So when she gets a file on a seemingly dull husband with a scheduled life from a vindictive wife who wants dirt on him she takes the job.

Enter Benny who's trapped in a loveless marriage that he can see no way out of to a woman he despises. So what does he do he stays as busy as possible spending late hours at work & at the gym.

Wonder what would happen if & when their worlds collide? Will there be lies? Will there be betrayal? Will there be love? Or will the Sparks fizzle before they even begin?

This book was that hot sultry brand of sexy straight out the gate. Kasey is awesome & always leaves you thirsty for more even after the epilogue!!!! This is a one-click you won't want to miss

---

### **Miranda Beazley says**

I received a copy of this book from the author in exchange for an honest review.

Makenna had a hard life, growing up in the foster system she knows all about lies. So it's no wonder she went into business with her best friend and fellow foster child Mitchell. Together they investigate and uncover the lies for their clients. Benny was forced by his parents to marry his wife. He doesn't love her and never has, he just doesn't know how to get out. Bought together by a lie, and all lies eventually come to light....

I loved this book. We all tell lies, little white lies and the occasional great big whoppers and always hope they'll never be found out. But Makenna makes her living uncovering the lies told to her clients. She's good at it and such a strong personality. I felt sorry for Benny and his situation. Forced to live a lie for 10 yrs, who would want that. These characters brought out strong emotions for me, I struggled along with both of them. My nerves flaring up along the story. I highly recommend this book.

### **Jackie Wright says**

#### **4.5 Star Review**

I was given this book for a honest review

Liar Liar had me hooked from page 1 it wasn't just a billionaire meets girl romance.

Benny Duncan married because his family needed him to keep their status high in society, it was never about love and to keep out of his wife Regina's way he either works or works out at the gym...

Makenna Banks is part owner of Catturati and her job is to investigate people, dig up dirt and sometimes make the dirt happen, Regina Duncan wants her to prove Benny has been unfaithful so she can get more in the divorce.....

Sparks fly between Benny and Makenna from there first meeting at the gym and she finds herself torn for the first time between doing her job or being truthful to the man she has fallen for.

Will Makenna be able to tell who is lying and is her relationship the biggest lie of them all.....

Will Benny and Makenna get past the lies or will the lies destroy them....

I read this book in one sitting and I have to say it was nice to have a finished story in one book plus the sex

was very hot!!!!  
Great Read  
Reviewed for MI Bookshelf

### **Karen Roma says**

Liar, Liar is intensely emotional, fraught with deception, and has sex scenes hot enough to melt the pages!

After years of personal disappointment, Makenna is a woman driven by her career and proud of her achievements and the business she has built with her only friend and partner, Mitchell. But when a new client asks Makenna to go above and beyond even her relaxed morals, she is unexpectedly torn.

Benny has endured a loveless relationship to a viper of a woman for nearly a decade, and his ability to ignore his unhappiness is starting to fray. So when a beautiful, charismatic woman continues to cross his path, Benny becomes smitten and unable to resist their attraction.

But things aren't always as they seem, so as Makenna and Benny embark on a passionate and exciting liaison, the fallout caused by the ultimate deception may destroy them both and crush their dreams.

Liar, Liar was a riveting story from start to finish, with engaging characters, heart melting moments and devastating deceit that only highlighted how lack of communication and dark secrets can shatter your world.

---

### **Jennifer Pierson says**

Dear Kasey Millstead, this is the first book I've read by you, and I'm a new FAN! I devoured this story in one sitting! 28 year old, Makenna Banks, is an highly independent, successful woman that spends her time discovering the truth for her clients. Her past had a hand in her mindset, and she's made a career out of it. She never has any problem with any of her cases, until the newest case has her following a man that she feels a big connection with. Benny Duncan has catered to his parents wishes his whole life. It has him stuck in a marriage that he's extremely unhappy in, and will do anything else rather than go home. He meets a woman at the gym that has him questioning his life as she brings him back to life. No matter how hard he tries, he can't get his mind off of her. With the secrets exploding all around Benny and Makenna, will they have a chance at a happily ever after when the dust settles?

WOW! This book is fantastic! The character development is great, with secondaries adding to the story perfectly. A fast paced, sexy, and well written story line flowed very smoothly. I had a super easy time relating to the realistic characters. The author had me hooked from the very beginning, and held me hostage until I finished the last page. She builds up the suspense very well, and the sexy scene goodness is SMOKIN'! An insane stalker rounds this amazing and fast paced read, so I HIGHLY HIGHLY HIGHLY RECOMMEND!
