My Hero Academia, Vol. 8 Kohei Horikoshi

Midoriya inherits the superpower of the world's greatest hero, but greatness won't come easy.

What would the world be like if 80 percent of the population manifested superpowers called "Quirks"? Heroes and villains would be battling it out everywhere! Being a hero would mean learning to use your power, but where would you go to study? The Hero Academy of course! But what would you do if you were one of the 20 percent who were born Quirkless?

The U.A. students have reached the practical portion of their final exam, but they didn't expect to have to beat their own teachers in order to pass! Paired with his archrival Bakugo, Midoriya has to try to take on none other than All Might himself. Working with Bakugo is one thing, but is giving everything he's got to beat All Might more than Midoriya can handle? And in a nearby arena, Yaoyorozu and Todoroki endure a similar struggle. All the while, a sinister new adversary prepares to make a move...

Annie says

Watched the anime and really liked it but there are only two seasons out so far and that's why I decided to pick the manga up instead. I haven't read manga for years and years but this was surprisingly easy to get into. The artwork is great and the story line so far is fairly good.

Hamad says

This is the 8th Arc of the story (The School Trip Arc)

It includes chapters #70-83

This picks up the story from where the TV show ended

As usual, fast pacing, new characters, awesome quirks and many plans and twists

This Arc just proves that the story has much to offer and the action was top notch ^-^

Connie says

4.5/5 stars

It's ya girl, back at it again with yet ANOTHER My Hero Academia review. Fair warning, I swear..... a lot, which is probably one of the reason Katsuki 'swears a lot' Bakugou is my favourite. My more formal reviews aren't as sweary I promise.

This is a great volume. Bakugou and Midoriya teamed up and it was weirdly heartwarming even when they were angry and frustrated with each other, Bakugou just gets solidified as my favourite the more I read.

Momo is officially My Girl and a new favourite character, her team up with Todoroki was literally amazing and I think it was the smartest pairing they could've gone for as they are both quite quiet but driven characters who got into the school through a skillset they've only been able to really show in these fights. Mina and Kaminari continue to represent the 'smart but stupid' category of students, a category I too fall under, so I feel very represented at the moment. Fucking Tokoyami and Tsuyu KILLED IT and Uraraka's having some internal struggle because of that French bitch Aoyama, which is great. I still hate Mineta but literally 99% of the population hate that grape fuck.

I'd like to give a shout out to my boy Kouta who is literally one of the best parts of the Training Camp Arc, I've finished Volume 9 as I write this and I would do anything for that boy. Also, a weird printing/paper side note, but for some reason volume 8-onwards seem to have really thick paper compared to the earlier volumes? The page count is the same, but the paper's thicker. Also, while I was reading this I dropped my bookmark in the bath, which sucked. RIP bookmark.

Nicholas Driscoll says

Cool fights, but really hard to believe the students would win. Especially the main duo. The camp starts, and the stupid perv character does creepy stuff for laffs, yuk yuk yuck. Then we have the introduction of some ludicrous cat themed heroes.

It's still a fun series, though, with humorous moments, cool art, and lots of explosions. I am still enjoying it, but the story wears a little thin.

Rollin says

Finally! I am finally past where the anime ends, and now I have no idea what happens or what even could happen. Thrilled to me the cat team, and Midoriya continues to be an inspiration.

Also, the one-on-one battles ended in glorious fashion. Overall, a great volume.

Artemy says

Eh... definitely the weakest volume so far. Not much in terms of story or character development, a lot of filler and too much Mineta. That creepy little perv is my least favorite thing about this entire series, and he took up so much space in this volume with his egregious behavior. Yeah, yeah, I get it, the guy has a perpetual boner, let's move on already...

alex ? says

4.5 ??

I feel like I have to give this another .5 stars bc of the last chapter that was pure gold.
the training camp arc is already so much fun and looks amazing, good shit
also, the fact that BNHA season 3 starts from here makes me so excited ??

Batool Fardan says

Buko No Hero Academia vol. 8

this might be my favourite volume so far. I loved it so much, from fighting All Might through the results until reaching the woods for some summer training. I did enjoy seeing the other students fighting their teachers also. and of course I will never get bored seeing Mineta and Kaminari being stupid, funny and pervert. but though, seeing Tomura Shigaraki full face and trying to smile like a creep, the image will haunt me all night.

Maiko-chan says

[

!!!! second mf couple I have to ship now (first being Ochaku) but Todorozu ~~could be~~ is really adorable too
hnnnnng

and back to Deku and Kacchan

that Kacchan pinned to the ground tho

and now angry child Kacchan pinned to the ground *in color*

Shigaraki enjoys tea on the first date

(hide spoiler)]

Samantha says

Oh man, by the end of this volume I reached new material from what has been shown in the anime. I think the week long summer camp is going to be really cool. I mean really, every time UA does something, whether it is the Sports Festival or the week long internships, the characters have all learned and grown so much from the experience. So I'm excited to see what they learn from this particular story arc.

I read this as part of the Manga Madness Readathon.

Bárbara Morais says

Preciso cadastrar a versão em português, mas enquanto isso, fica aqui a japonesa mesmo

Shawna says

TRAINING CAMP.

OF

DEATH

Man! This is following the path of Shonen, but I'M SUCKED IN.

Shannon says

Following the same vein as the last volume, **this was kind of meh**. It also is cementing my hatred of Mineta. High notes were Shigaraki showing up and the new villains introduced.

Here's hoping the summer camp stuff is more fun.

Suleyman Gedik says

One of the best volumes so far. The story arc keeps you interested from the first moment. / Ciltler aras?ndan okudu?um en iyisi. Hikayenin olay örgüsü siz ilk andan kendine çekiyor...

Maria says

final exams arc continuation + the beginning of forest training camp arc

HIGHLIGHTS:

- shoto+momo=an amazing team
- I really love shota man
- kacchan+deku vs all might is SO IMPORTANT AND INSIGHTFUL. we finally learn why katsuki wants to become the number one hero so badly
- fumikage and tsuyu are so smart, I'm a proud mother
- koji's power to control animals!! where has he been all this time? AND he can speak, too??
- ochaco's internal struggle begins (thanks to yuga)
- midnight is so inappropriate I LOVE HER
- minoru is. annoying. what a creep
- that little boy at the training camp is literally me (he likes: being alone) I wanna learn more about him
- NEW ADVENTURES BEGIN

overall this series is just oh so satisfying, it's like a video game with multiple levels.
