## **On The Run Book 1: The Elite** K.B. Winters

What she needs is a hero. What he needs is her.

Chase Hart is an ex-Navy SEAL who runs high end security detail and covert Government operations with the CIA. When his brother, divorce attorney Matt, calls with a special request, he takes the job—no questions asked.

Melissa O'Keefe is done living under the tyrannical rule of her husband, real estate billionaire, Henry O'Keefe. She's prepared to take their young son and build a new life. But when Henry conspires to have her killed—she finds herself caught in a dangerous game of cat and mouse, with her survival—and her son's—at stake.

Chase has protected a lot of beautiful women in his lifetime, but what he doesn't count on is falling in love with the woman he's protecting now. And Melissa has a secret that will change their life forever.

*This is the first book in the three part series, On The Run, and goes along with the Military Fighter Pilot stories of Boomer - The Elite and Player - The Elite, from the sleepy small beach town Holiday Cove.*

## **Eyvette Abreu says**

Part 1 of 3.....

Melissa O'Keefe has finally had enough of her cheating and abusive husband. She has slowly been planning to divorce him and take her five year old son Jackson with her. Her rich husband Henry discovers what Melissa is up to and she overhears his nefarious plans for her. With little time and property that belongs to Henry, she's goes on the run.

Matts' brother is Chase Hart. He is an ex-navy seal who does security and government operations. He was on vacation when his brother called him and explained the situation with his client.

Chase, Melissa, and five year old Jackson are on the run. As time goes by feelings develop between the two. Chase tries very hard to keep things professional, but Melissa does not make it easy. She is scared and has no idea of what the future holds. For a little time she wants to feel safe and wanted.

Chase is great with Melissa and the relationship that develops between him and little Jackson is very sweet. Just when they think they are far enough.....

Cliffhanger..On to book 2

## **Judy says**

I know with each review I leave for a book by KB Winters I sound like a broken record...but, here's another amazing book by KB Winters!! She's an amazing author!! I was captivated from the beginning and didn't stop reading until I was finished, as always!!

First of all, you know it's a great book when there's an ex-Navy SEAL involved...YUM!! Chase is the SEAL in this book. He runs a high end security detail and covert Government operations with the CIA!? Holy hotness!!

Melissa is married to a billionaire....so, she's got the perfect life! But, she so doesn't! Her marriage isn't a good one and when she decides to take their son and run Henry, the husband, conspires to have her killed. That's when Chase enters the story to protect her and her son. It's just a job, right? He protects women all the time, but this one is going to be trouble for him. She's beautiful and all of the sudden he's in love with her?!

How's that work out? There are secrets.....not good!

This was a great beginning of a new series!! Can't wait to see what KB Winters has in store for us next!!

## **Kel (Faerie-bookworm) says**

**Title:** On The Run: The Elite Book 1

**Author:** KB Winters

**Genre:** Romantic Suspense

**Format:** Ebook

**Rating:** 5

**Heat:** 5

**Thoughts:** These were such quick reads but I suggest you get the whole trilogy before starting since there are cliffhangers! I couldn't put these down and read all three in the same sitting. It helped that they didn't have a lot of pages but the story just pulled me in and wouldn't let go! I didn't know what to expect next and that made it so much more exciting. Although the kid, Jackson, was a little too well behaved but it wasn't too unrealistic.

Melissa overhears her husband talking about "getting rid" of her so she grabs her son and goes into hiding. It would've been nice to maybe find out why her husband became the man he was but that's just my curiosity. And like many real life situations we never know the why or how so it didn't at all affect the story. This being my first time reading anything by Ms. Winters it will definitely not be my last! I loved the characters and the descriptive writing so I felt like I was actually there witnessing the whole thing.

Grab this as soon as you can and at the time of this posting, book 1 is free!!

Please note that I received a complimentary copy of this work in exchange for an honest review.

## **Jenni Crawford says**

\*\*\*I voluntarily reviewed this book for Katsindiebookblog, and I gained no monetary incentives nor was I specifically requested to review the book.\*\*\* This was a quick but great read. And to give you a fair warning, cliffhangers are apparent in this as well! Melissa knew for awhile that her marriage was going down the drain, but what does every mom do? Look at what she believes is best for her child. However, you can only keep that in your head for so long, especially when you overhear a conversation between your husband and someone else, with them working on a plan of getting rid of you. Here comes in Chase (Ex Navy-Seal), Melissa's divorce attorney's brother, to help protect her and her son. What is bound to happen when two people are around each other for a long period of time, especially when attraction is there? Even with the constant running, hiding, and checking over your shoulder, there is bound to be some kind of intimacy. Are things possibly get stronger between the two or is the only thing bringing them together is the rush of adrenaline?

Despite this being a quick read, it was very well written. It was very hard to put down, it really kept you on your toes with what was going to happen next. This is filled with action, love, and suspense. I highly recommend this book.

---

### **Vickie Chaisson says**

Money can't buy you love, happiness or fidelity and Melissa is sick and tired of trying to deal with her abusive husband. She knows if she wants a normal childhood for her son Jackson she must leave her husband. Chase is an ex Navy Seal who does security and protection details who will try to save Melissa and her son from being hurt by her soon to be ex. Throw in some thugs, an adventurous boat trip, and foreign countries and hot sexual tension and you will know why this book should not be missed. This ends in a cliffhanger and you will be on the edge of your seat for book 2

---

### **Denise Van plew says**

I seem to crave danger with scrumptious doing the protecting. This author gives you everything you crave plus more I have found. This lady Melissa will have found she has been married to someone not so good and quite dangerous too. She does have a son to think of so when she over hears something she take it serious, contacts her lawyer who happens to have a brother that can do a side job for him and watch over these two until something can be found on the sleeze. Lucky for her too that Chase is a good guy at heart plus he is once was a Seal now doing other things. Curiosity is now upon me because I gotta go with these guys to see how well he does plus how long before magnetism bites them both. This will fill your craving for adventure that is coupled with danger plus heavy dose of romance but once the danger does strike heavy, wowzer you will have to be ready for the next one.

---

### **Melanie says**

On The Run part 1, is a nice action packed little novella from KB Winters; my first read from this author. Chase, an ex-Navy SEAL, is helping Melissa and her son Jackson, run from her husband after his discovery of her wanting a divorce leads him to take a contract out on her head.

The first in a trilogy of novella's releasing every two weeks, Part one introduces the characters, the reasons behind the plot, and throws in some drama, action and a couple of sexy times scenes.

I thoroughly enjoyed it and am going to dive straight into book 2, because as you can imagine, book 1 ended on a bit of a cliffy. A very good start, I give On The Run part one 4.5 stars.

---

### **Tracy Grieve says**

Melissa O'Keefe knew her marriage to real estate mogul Henry was dead but she stayed with him for the sake of their son Jackson and that little thing called hope. Hope that he would want her again hope that he would realise what they had wasn't lost. But when he had endless affairs she knew deep down. So she does what she thinks is best and that is go see a divorce lawyer but things take a turn when she hears a conversation and it involves her..... so she takes her son and runs

Chase is an ex SEAL and is having some downtime when his brother Matt offers him a job to protect a client

and her son from her husband. Chase takes the job but what he doesn't bank on is his feelings for this woman and her son, he will do anything to keep them safe.

Just when they think they are far enough away Henry has sent men to take care of Melissa and get Jackson back unharmed but Chase hears and now he has to get them away but what he can't understand is how they found them.

Fell in love with the characters and couldn't help love the relationship between Jackson and Chase and all the adventures they had. Though the cliffhanger at the end was a bugger and I couldn't wait to start on the next book.

---

### **sherri jones-teachout says**

Melissa is filing for divorce from her controlling, abusive husband Henry. She has to sneak around to see a divorce attorney. The night before she is going to have him served, she overhears him admit he had his mistress murdered, and tells someone on the phone to kill her and make it look like an accident. The next morning, with the help of her attorney's brother, she and her young son Jackson, go on the run. She is afraid for her life. Henry is rich and knows people who owe him favors. She is afraid he'll find her. She and her bodyguard Chase are attracted to each other, but will they live long enough to do something about it? Melissa is a strong person, and a loving mom. She endured the sham of her marriage, always hoping she and her husband could get back to the way things were. But once Henry started getting rich, he changed. He became more hungry for wealth and power, and has no interest in going back. She has to get away from him, and look for a better life. Now she has to stay alive.

---

### **Brynne Hounsell says**

On the Run is suspense done right. You are left waiting for the next installment and wanting/needing to know what's going to happen next.

Melissa has been married to Henry O'Keefe - a real estate tycoon who has been cheating on her their whole marriage. "Most days were closer to the sensation of being abandoned on a glacier, slowly drifting day after day through a ice coated wasteland."

Melissa is doing what is right for her and her 5 year old son Jackson - filing for divorce. But what happens when she overhears a phone call that could spell the end for her? Enter Chase, the former Navy SEAL brother of her divorce lawyer Matt, and on the run they go.

Can't wait for the next one.

---

### **Melissa says**

Who says being married to a billionaire means having a charmed life? All Melissa wants is a loving marriage and happy home. All Melissa got was anything but. When she overhears her a phone conversation, she begins to think her life may be in danger. Now she will do whatever it takes to protect her young son. Ex

Navy SEAL Chase is just the man to keep them both safe, or is he?

This is a great addition to The Elite series, but even if you haven't read Boomer, Player, or Slow Burn, it's okay. There is a character crossover but the previous books aren't tied to On The Run. While it isn't necessary, you should, you really really should grab the other books in The Elite series!

I was immediately sucked into the story, there is enough action to engage you, but it's hot and sexy at the same time. This ends in a cliffhanger, but part 2 is only a couple weeks out, waiting may be impossible!

## **Cathy says**

### **On The Run Extravaganza**

KB Winters had a way with words. Just like putting one foot in front of the other and soon you'll be walking out the door. She has that magical ability when putting pen to paper. Placing one word in front of another she weaves stories with intrigue, suspense, love, Lust, desire and sometimes evil. By introducing entertaining story lines, colorful characters she builds up our interest, keeps us in the edge of our seats and then WHAM, we're left hanging into our curiosity, wanting to know what's wrong, what happened, where is Chase, is he safe, hurt or did he manage to escape capture? ? I can't wait to see what the what's in store for Melissa and Jackson, find out what happened to Chase, hope Matt remains safe and Henry gets what he deserves. That means it's into book two where more suspense, love, lust and intrigue wait for me. Once again KB Winters got me hook, line and sinker. Awesome story and a highly recommended read!!

---

## **Neena Christianson Martin says**

### **Not a standalone, major cliffhanger**

I really hate cliffhangers, and I have no one to blame but myself, I usually check, but I was just in such a hurry to get started reading this book. That aside, this book is awesome!! Melissa, a rich battered wife, needs to get

herself and her son away from her husband who's planning on having her killed to avoid losing any thing in a divorce. Her lawyer, Matt, just happens to have a brother who's an ex-seal, that he hires to take the mother and son into hiding. Chase is determined to keep them safe no matter what he has to do. Full of angst, drama, suspense, and a little comedy relief, this is an excellent choice to read.

---

### **LaGina says**

While this was a good and fast read it does have a cliffhanger and I didnt have the other books on hand to read one right after the other. Other then that this was a good story and it will keep you hanging on to the edge of your seat.
