## Rebel in a Suit Alex Wolf

I'm a rebel in a suit.

Relationships bore me.

I've been burned once and that will never happen again.

Left the drama behind me in California.

Now, I'm a partner at a high-powered law firm in Dallas.

I murder the opposition in the courtroom during the day and bang whoever I want at night.

I'm a kinky bastard and keep that part of my life safe and compartmentalized.

A man can never have enough money, power, and respect—and I have enough for a hundred lifetimes.

When my best friend Jaxson suggests a new assistant I know it's a bad idea.

I don't mix work with pleasure.

She's smoking hot with her skirt constantly riding up her thighs while I attempt to concentrate.

She drives me crazy eI'm a rebel in a suit.

She drives me crazy every second of the day, chewing on the cap of her pen or asking me if I need anything else from her.

The way she says my name—Mr. Bass.

There's only one problem.

She's Jaxson's little sister.

I shouldn't touch her.

I should find a reason to fire her.

But, I can't.

I can fight it all I want, but I know she's going to end up beneath me, begging for more.

I have to have her.

I will have her.

She was mine before she walked into my office.

Because I'm Maxwell Bass, Attorney at Law.?

*"I received a complimentary copy of this book and have volunteered to leave a review."*

Are you up for a quickie? What about a hot lawyer to boil you brain with its dominance? How about a threesome? Well, if yes, you have come to the right place.

To be honest with you, I have missed reading the last three installments of Mr Wolf's series which in turn made me unfamiliar with the other mentioned characters; the one whose stories have already been revealed. However, what I haven't missed is the fact that Mr Wolf has once again surpassed himself and delivers steamy hot erotica like a pro. Yes, when it comes to read a sex scene I want it to be raw and hot, details which he succeeded to deliver to a T. Those parts are a five X rated stars if you ask me.

Now, there is not much to add to the story than what the synopsis already describes. Don't want to spoil the story more. The storyline is about a well-known attorney, Maxwell, who oozes confidence, power and money and his new employee, who happens to be his best friend's sister, Claire. The theme is quite the same, a palpable attraction between the two while they are trying to stay away from one another, only connected in a professional level. A possessive boss to his very independent yet curious secretary. The pull between them is so powerful that when their bodies finally collide it creates a hedonistic haze around them. The one completes

the other in a very intimate way and their HEA is what's next for them.

Although I enjoyed reading the story, I can't surpass the fact that Rebel in a Suit is just like the other smut stories, nothing more nothing less. By now, I would expect something more attention grabbing than only an explicit content. Even though, the mentioned content is appealing to my tastes, I wish I could see the author dig into more emotional topics or deal with some important theme. The ending has that particular tell and I hope to read soon a narration related to this but being more elaborated. Till then I'm all about the smut...Until next time, enjoy your free time reading great books with the most unforgettable stories.

5 Star Review Rebel In A Suit by Alex Wolf

This was an extremely quick read and I am to say that each book from Alex Wolf keeps getting better and better.

Maxwell "Max" Bass has been burned before and he has no intention on letting it happen again. He takes what he wants, when he wants and does not do relationships. Or does he?

All that is about to change though, when Claire Black, his best friend's sister, saunters in to his office as Max's new assistant. He knows she is off limits but he also knows he has to have her.

Throw in that he likes kink in his relationship and he is convinced she would run for the hills, or would she?

Max is a total alpha male, dominant and demanding and Claire is attracted to him immediately; the chemistry between them sizzles

Will Max and Claire cross the invisible line they know they shouldn't? Will Claire like the kink that is a part of Max's life?

One click now and find out.

### **ONE OF THE HOTTEST, COCKIEST SETS EVER**

Mr Wolf, you've outdone yourself. Loved all four novels and lived it page by page. Each one of the guy's introduced so warm, so very talented.... then all hell breaks loose.

Read and discover how a wonderful handsome suit can make so much difference and raise hell to get what they must have. Sexy like eating a lollipop.....just saying

3.5 Stars

Another great read in this series!

Maxwell and Claire were oil and water but their attraction and chemistry was absolutely off the charts. Claire struggled to be the real her. Personal setbacks left her a bit timid to explore her real self. But a moment of weakness that is Maxwell sets her on a course of self satisfaction. And Maxwell with his preferred lifestyle wasn't ready for this beauty. He's definitely a dominant man, in all ways and in all locations. But he finds himself wondering if Claire might be his greatest conquest. What he once relished isn't what excited him like she does.

I enjoyed this couple and their story. It's wonderful to read that people explore their personal preferences and ignore judgemental prejudices. BRAVO! Claire is a great character and I loved her strength and open mindedness. Maxwell did get me a bit frustrated. He was a bit flaky at times. For such an alpha and dominant man, he allowed outside factors to control him a bit much. With that said, yes, a woman and love makes a man do stupid things lol.

Highly recommend giving this entire series a read!

I voluntarily received this ARC. This is an honest, personal Review.

I have been hooked on Alex Wolf's books since purchasing Devil in a Suit, but Rebel in a Suit is hands down my favourite in the Cockiest Suits series; this book had it all for me! Maxwell is a handsome, sexy, dominant alpha male with a sinfully dirty mouth; and will make you bed for it. Maxwell has very specific tastes that he doesn't share with even his closest friends, but when it comes to Claire, he can't control himself. But Claire is off limits in his world because she is the sweet, innocent sister of his best friend Jaxon and he has just asked Maxwell to hire her to be his new assistant.

Claire is recently single and in need of a job; she wants to be a writer but right now she needs money. Maxwell agrees to hire Claire thinking she won't last long in the position because he is very demanding and domineering. But what Maxwell doesn't know is that Claire desires a man who knows what he wants and takes it. Sparks fly when Maxwell introduces Claire to his lifestyle and things will never be the same afterward.....

This was another super hot steamy read from Alex Wolf guaranteed to leave you breathing hard and begging for more. A must read page turner!!! I received an ARC in exchange for an honest review.

"I'm not a patient man. I know what I want. I know what she needs."

Well, I must say, this law office is full of hot lawyers!! I may have to get myself in trouble just so I can hire one of them!

Maxwell "Max" Bass has been burned, his heart broken. Once. He won't let it happen again. While he has no shortage of women to warm his bed, they're nothing more than an evening's entertainment. And, he's got certain....likes. Perfectly content with his bachelorhood, he has no plans of changing. Until she walks in. He wants her, but can't have her. She's his best friend's little sister, and now, his employee. A double-whammy of hands off. It's clear she wants him too, but she'll run for the hills when she finds out what kind of lifestyle he prefers. Won't she? Can he introduce her to it and still be able to keep her?

Claire Black has found herself single, and unemployed. Her brother Jaxson has arranged a job for her in the firm as the assistant to one of the partners, Max Bass. She's counting on the money to help get her back on her feet. What she doesn't count on is her attraction to Max. He's dominant. He's demanding. And he's everything she's been craving. Can they cross the line between employer and employee, and forget about the fact that she's his best friend's sister and see where this leads? He's introduced her to a side of herself that she never realized was begging to get out. She likes it. Maybe a little too much.

This series is great! Short, sweet, and sexy all rolled in to one. Max is by far my favorite! I recommend this series to anyone!

Once you're told the girl is forbidden  
It gets a lot harder to stay away  
Innocence for a man like Max is  
a challenge he thinks his girl is up for.

Another steamy read, from a very well done series. I can't decide which is better than the next. So I'm very interested to know what's up in Alex Wolf's world!

Holy hot lawyer! Maxwell's story is fabulous! He is the last bachelor standing and had no plans on changing that. All of that goes out the window when he sees his new assistant. Jaxson's little sister looks totally different when she shows up for work as his assistant. Before he saw her he promised Jaxson that he would stay away from her, other than a work relationship. Now that he is working with Claire he can't help let his lizard brain take over. Their chemistry is off the charts, so when she heads to his condo to pick up some dry cleaning she ends up doing more than picking up clothes! She has no idea that Maxwell is watching her on his security cameras, nor does she (or his friends) know of his particular kind of kink he likes. One look at her on camera and he decides Claire will be his, and dam anyone from getting in his way. Their story is smoking hot, and yet is still a sweet love story. When things get dicey for Claire Maxwell steps in and proves to Jaxon, and to Claire that he truly loves her and will do whatever it takes to protect her and keep her happy. Once I started reading this I couldn't stop!!! I just loved it!

Just when I thought Alex Wolf can't top his previous work we're presented with Rebel in a Suit. I've been dying for Max's story and it he been worth the wait for sure, this man is one sexy alpha male that will always leave you satisfied. Claire has way more layers to then she wants to show but when they're peeled back watch out because this woman is smokin'. We're given an edge of your seat, non stop squirming romance that has a prefect pace from beginning until the end. Phenomenal read and highly suggest you one click and bump to the top of your TBR list. This is my unbiased and voluntary review.

The last in the Cockiest Suits series and just as fabulous as the others. I can't decide which book I liked the most. It's a hard choice.

Maxwell & Claire's story was hot & sexy from the start. I loved the Alpha male in Maxwell and also his sweet and caring side.

The sexiness between those two was off the charts.

Alex has done it again and given us another amazing book that I just couldn't put down. I read it in one sitting ignoring the whole house for Maxwell & Claire and it was definitely worth it.

Thank you Alex xx
