I didn't think it was possible but NM Catalano has done it! Stranger was so good and steamy, but Switch is hot enough to melt your ereaders! I am very much looking forward to Kink! Read this, you will NOT be sorry! Marco is one drool-worthy man!

Maddie M1RiH says

This book just continues from book 1 Stranger and we follow Marco and Elizabeth through there romantic journey again but this time it's Marco's time to tell is side.

This is a fast pasted book and you just full in love with them all over again. Marco is a dominant man and wants it all everything from Elizabeth, He wants her to summit but she's holding herself back. Marco is a very secretive man and there's something about him but she does not know.

Elizabeth has been hurt before so he wants to know what's going on and she will find out but what she will find will it be worth it.

I highly recommend this book But please read book 1 Stranger first to get a better feel of M&E, this book just turned up the heat more and wow your not left out cold. It's fantastically written and I'm now looking forward to the Next.

This author has done it once again. I really enjoyed this book. The characters are real and the writing was superb. I cannot wait to see where the next book takes me. Well done!!

Pauline (Passionate About Books) says

The most INSATIABLE duo ever!!!

If I were to give this book a title it would be Insatiable!Marco and Elizabeth just can't possibly get enough out of eachother.The sensual attraction and the sex just oozes out of Book Two "Switch"!These two are so deeply into one another that they can't function properly.Their relationship is taken to a whole new level...one of sexual discovery and absolute connection.Marco realizes that he would do just about ANYTHING for this woman...even submit to her every command in order to keep her happy & satisfied because she demands NOTHING from him and accepts him for all that he is.He proves his absolute love for her in every way possible-he stands naked before her,raw & uninhibited...No facades! N.M.Catalano never ceases to impress me...that is why this novel is worth 5 sizzling hot sexy stars!!!!

Keatyn's Mommy says

I can't get enough of MARCO

I absolutely loved this book. Stranger was great and sexy as hell. But Switch took it further!! I loved everything about this book.

And super excited to read KINK when it comes out!! Elsie's Story

Michele says

I really loved the first book. It gave me everything..a little hotness, a story..this book was ok. I love the author and her writing but I felt rushed toward the end. It was still good and hot just not as gripping. I would still recommend it to anyone! I can't wait for the next book!

Tara says

Marco never disappoints!

Ms. Catalano has done it again. Such a steamy and tantalizing read. Once you start reading about Marco you can't put it down.

We were introduced to Marco in Stranger and we get to continue learning about him in Switch. I loved how we were able to get a look into what he is thinking in his work and more importantly with Elizabeth. I enjoyed seeing Elizabeth grow in this book. I love her spunk as well as her ability to rationalize situations and conquer them.

The steamy scenes in this book are to die for. If I could be Elizabeth in this book I would. No twisting of my arm and there should be no twisting of your arm in reading this book. It's amazing. Read Stranger first and then continue right to Switch you won't be disappointed.

Just a side note, I can't wait for John and Elsie's story in Kink!

Amanda Dubuque says

This series keeps getting better with each book. Marco and Elizabeth's journey continues with their passion growing stronger everyday. Marco is harboring some secrets that are weighing on his heart and he soon learns they are better in the open. Elizabeth is head over heels in love with Marco but not sure he feels the same. The sex is unbelievable between them but there's more than just sex in a relationship. Marco is obsessed with her and shows her how much he's attracted to her but Elizabeth is not sure if it's love. Their journey is one that you don't want to miss.

Christy McCurry says

WARNING !! This book is SERIOUSLY HOT ! One of the best erotic series I have ever read. You must read Stranger prior to reading Switch.

Marco and Elizabeth are back in Switch and things just got a whole lot hotter. In Stranger you got to know Elizabeth DiStefano, and her story, but we all was left wondering about Marco Kastanopoulis. In Switch you will get Marco story. This story was wonderfully written. N.M Catalano has done an amazing job. I enjoyed this story immensely. I love Marco and Elizabeth thing are not perfect in their relationship. Elizabeth is holding back giving herself to Marco completely she has been hurt terribly in the past and she senses he is keeping something from her she just doesn't know what.

Marco avoids telling her anything about his past and that makes everything more suspicious for Elizabeth. Accidentally Elizabeth makes a few discoveries about Marco past that leaves her questioning her whole relationship with Marco. All the while Marco is dealing with someone out to sabotage his project having permits held up putting him into a situation where he could possible loose everything he has worked for.

Switch is a fast passed erotic read one you will not be able to put down..

I can not wait for Elsie story.

Excerpt

I focus in on the sounds of the tempo of the music, the different notes as if played on my bare flesh and it pulses inside of me, fast, slow, high, low and I'm riding it, soaring with it as Marco begins this newest experience of extreme pleasure. Take me, baby, I want to soar. There is something gliding softly across my skin over my breasts and stomach, down my legs and over my sex making me clench and I hug the balls inside of me, oh, yes. Again. It begins to stroke me faster, up and down my body, then up, flicking my nipples, and then, FLICK on my sex nipping my clit. The jolts spasm through my body as everything tenses and I grab onto the balls tightly inside my *****. Ooooh, yes, I feel my orgasm building. There's a long moan. I realize it's coming from me. 'Please, Marco, more,' the words are chanting in my mind. The licks across my skin are getting sharper, nipping, stroking, biting, all up and down me, on my breasts, then it bites my clit. "Aaaaaahhh!!" Yes! Yes! Yes! My mind is screaming. I'm so close. Then nothing. No movement, no sound, nothing except for the music and my heavy breathing. "Please, Marco," there is so much need in my voice. "Are you ready to cum, baby?" His voice is very raw and deep, not like I've ever heard him sound like before. "Yes, please, now..." My hands are grasping onto the straps, I'm trying to hold on, to what I'm not sure of.

Great and incredibly hot conclusion to Elizabeth and Marco's story.

Ann Meemken says

I have been reading the reviews on amazon and goodreads for both Stranger and Switch. By reading the reviews and seeing the teasers knew I had to read them, so I had added both of them to my to be read list. When I came upon a post on Isalovesbooks review team that they were looking for someone to review Switch, I nabbed it up. I had to have it and to my surprise I was able to get both books. I was very excited.

You have to read both of the books to get the full story about them. I loved both of these books. In Stranger you get to know how they met, their history together and how they deal with Elizabeth's obstacles. Then there is Marco who knows how to get what he wants, how to please a woman and worships Elizabeth. Beyond that he is still a mystery waiting to be solved.

In Switch is where we get to know about Marco and what makes him tick. Marco is a business man that is trying to get a huge project set into motion. He uses the project to spend more time with Elizabeth. There is someone that is trying to sabotage the project, he has been working on. Then there is Elizabeth that is keeping him in check and helping him through his frustration with the project. He feels himself losing control when it comes to Elizabeth he can't get enough of her. He wants to make a life with her. She wants that too, but there is still something that she does not know. She needs to figure it out before she takes the next step with him. Will his secret tear them apart or make them stronger than ever? We also meet Elsie who is Elizabeth's friend that helps her throughout her relationship with Marco. She is going to be the main character in the next book KINK. It sounds like it will be another panty melting read. I can not wait to read it along with any other books that NM CATALANO puts out.

Angie says

Wow, can you say HOT!

This is the second book to Stranger and it was amazingly hot and sexy! Marco and Elizabeth's story continues as it picks up where Stranger left off. In this book we learn Marco's story and what a story it is. We get both POV's and it was hot and steamy to be inside Marco's mind. "Mr. Bond" did not disappoint!

I loved seeing the characters grow and develop and we met a few new characters as well. I can't wait for Elsie's story!

Pam says

This book was wickedly hot. Marco is dominant and such an amazing lover!

It was good to read a book without all the drama. Had a little family suspense, but no drawn out issues.

Loved that. Just good and sexy!

They had great chemistry.

Can't wait to get my grabby hands on the next set of characters.

I am stalking the author on every social media to write faster!!!!

~~~~~Zarah's ★★★★★☆ Review~~~~~

Switch is the follow on from N M Catalano's Stranger, which i absolutely loved.

Elizabeth and Marco are the perfect blend of alpha male and sweet, damaged female, both with flaws, insecurities and jealousy's but both stronger together than apart. Throw in some steaming hot sex and you have a winner in my book. We are also introduced to some pretty hot secondary characters in this story and i hope that we see more of these guys in the future,

This story had me enthralled, the author built the suspense so brilliantly that i just couldn't put it down. I was desperate to find out what secrets Marco was hiding and i was not disappointed - totally blown away. I found myself trying to guess what was going to happen with the little changes here an there in the plot, but in the end it was not what i expected.

This was a masterful bit of writing and the ending is not something you will see coming.

Loved it.

~~~~~Dee's ★★★★★ Review~~~~~

The story of Marco and Elizabeth is completed. This book is ten times more exciting than Stranger and that book was out of this world. The author is clever in building up mystery: what is in those boxes Marco has hidden in his closet? Why does Elizabeth's intuition warn her to be careful entrusting her heart to Marco? Who is trying to bankrupt Marco? And why? What about the woman from his past? This has been an engrossing reading experience. The mystery and suspense, the "skeletons" in the closet, the emotional ups and downs of an intense physical relationship makes an amazing story. One of my favorite scenes was when Elizabeth took control in the bedroom to prove a point. I swear I heard the "Hallelujah Chorus" playing in the background! All the different threads woven by Catalano makes for a beautiful tapestry of emotions and entertainment. I was given an ARC by the author in exchange for an honest review. Five Stars.

~~~~~Sharlene's ★★★★★ Review~~~~~

OMG! This book is so hot that I thought I saw steam coming off of it. Holy moly do Elizabeth and Marco have some chemistry going on or what!?! This is the second installment in the story of Elizabeth and Marco and continues right where the first one left off. The story-line did not have as much excitement (out of the bedroom) in this one as the first but there is a lot more exploration of their relationship. The characters are so well developed that I can almost picture them standing in front of me. I love how they feed off one another. The secondary characters are just as good - that Elsie is one little firecracker! This book delves more into the actual relationship between the 2 main characters. Again, very hot! This is told in multiple POV which I think adds more to the story.

This book has an HEA and can be read as a stand alone but there are some minor things that didn't make sense unless you read the first book.

~~~~~Michelle's ★★★★★ Review~~~~~

HOLY AMAZA-BALLS....."Switch" is the 2nd book in this series (You have to read Stranger first as that is where we first meet Marco and Elizabeth).

I didn't think I would love Marco and Elizabeth any more than when we first meet them in Stranger, but HOLY HEAVEN is Marco HOT and I totally want to be Elizabeth. At the end of Stranger we were given a glimpse into what Marco really enjoyed....and well....I kinda threw my ereaders when it ended because I wanted more.....Well.....here is your more and Catalano does not disappoint in bringing the sexiness that is Marco & Elizabeth back to your ereaders!

I don't like to give spoilers but trust me when I say you HAVE to read Switch. Marco is one hot alpha who dominates Elizabeth in ways I wanted to jump into the book and submit to him myself. Good GOD I needed a few cold showers after reading it. There were a few bumps in the road, but what fabulous book doesn't have those.....Hey....that's why we read them right?

Catalano does an exquisite job at writing a story that has, not only HOT, PANTIE DROPPING sex scenes, but it she also gives depth to characters that make you love them even more. Her writing is phenomenal and I adore how she brings her characters to the pages.

You are a ROCKSTAR Catalano.....and I will FOREVER be your #1FANGIRL
An ARC was provided for a honest review.....5stars

She Hearts Books says

Damn. That's one scorching hot naughty talking bossy man. Marco. Holy hotness. You will need more than one cold shower while reading this steamy story. I really loved Marco and Elizabeth together. He adored her and pushed her boundaries. In this part of their story I loved that she pushed him right back. When faced with something that could tear them apart, Elizabeth takes control of her man. In doing so she is empowered in their love (and lust) for each other and it strengthens both. I so enjoyed their story. I can't wait to read Elsie and John's story.

I give Switch 5 hearts!
