The Escort

Lilliana Anderson

The Escort Lilliana Anderson

You thought I was shocked when I found out that my mother in law used to work in a brothel! Imagine my surprise when she told me that after she got out of there she decided to return to work in the sex industry.

But this time - she wanted to go where the money was, she wanted to be an Escort.

Follow Angelien, a now retired Sydney sex worker, in this true story, as she breaks boundaries when she insists of becoming an escort in her mid 30s, proving to everyone that a mature lady can be a very successful and sought after woman in an industry dominated by youth.

Story rated 18+ due to subject matter and sex scenes.

Steven Allen says

Interesting

Not for everyone, but if you want an idea of what it is like working where there is legal prostitution you might read this book.

Amy H says

I love love love these books!!!

This story is a continuance from the first book, but it added a new chapter in her life.

Ms. Anderson must have the best mother in law ever!! she listen to her stories of what she did when she was younger and they were soooooo interesting that she was able to turn it into a great series.

"Diana" was her stage name. in the first book she worked in a brothel. After taking time and a hard decision she left the brothel and git herself a real job. well, this real job was starting to effect Diana daily life. she is drowning in bills and is trying to figure out how to fix it. not to mention she doesn't have much time for her sons. she only had one idea to fix this problem. she was going to have to go back into the sex industry!!

she decided that the brothel was not for her because she was already 36. she decided that she was going to be a escort. after being turned down by lots of companies due to her age she was determined that someone would hire her. She finally got hired and her jobs began.

This story will take u into different accounts of her customers and co workers. one of my favorite stories are the one with the mountain man. He seemed very nice and it made that job not look to bad lol! who else wouldn't mind getting spoiled. Another one of my favorites were the "virgins chapter" or the 90 year old man and his leather suit!

this is great read and i could not put it down. this story can be read as a stand alone but i would say to read the first book so you can get a feel of the series!! i cannot wait to read the 3rd book!

Tricia Toney says

A good read. Can't wait for the next one.

Brandi says

This story is just as great as the first one. It is comical and intriguing. The main character tells her story without reserve. There is details of the good and the bad of being an escort in Australia. Definitely worth reading.

Nicki says

I think the first in the series was better, but this one has its moments too.

I still can't quite believe Angelién is based on a real person, much less someone's mother in law who told her all this stuff in quite graphic detail, but it's entertaining. There are a few darker things happening here such as with the manager of the first agency Angelién works at and with the sports team (if that's actually true then wow, that's awful).

Again, don't know if I will read the third and final, but probably since I read the first two. Not in a great rush to download it, though.

Aussie Jo says

Highly interesting, maybe even more than the last one (which I also thought was fantastic). A refreshing and very interesting read - thank you!

Steven Izbicki says

Lilliana has done it again.

No pun intended; but, it's Hard to write believable erotica.

These books have the feel of sitting around the all night cafe listening to the working girls tell "war stories". Looking forward to the next book!

Now live on Amazon

<http://www.amazon.com/Confidante-The-...>

Ty Labar says

Confidante was an interesting look at one sex workers, I guess promotion might be the word, into the escort business. If you wanted to know the thoughts of it's workers, how the business works, and more, this is an interesting book to read. I enjoyed it more than I thought. It's not erotic in case you mistake it for such.

Brandy Ray says

The escort

This was a very interesting read, Angelian's life was something I could never even fathom. I read why you took out a lot about her past but I still wanted more of that. Like where were the boy's father and what had she been doing up until her 30's. But still all in all it was a great book.

Jan Thompson says

OMG...and there is going to be a third book! This one was even funnier than the first and really interesting to learn about the world of sex trade. Angeliem really sounds like someone I would love to meet, what an interesting life.

Melissa says

I like this series. Each book is a tell all about real events that happened to a lady working in the sex industry. The stories are detailed and interesting. It's a quick entertaining read.

Son Poyer says

This is a full breakdown of what it means and what it takes to be an escort. I loved it. I didn't even know I was curious about it until I read this. There is more to it than you might think and even if you have no desire to enter the sex trade, the story is very interesting. It is quite frank and candid. I was left with no questions.

Slytherin Rose says

Genre: Biography

Author: Lilliana Anderson

Book: Confidante: The Escort

My star rating: 4 out of 5

will I re-read this? Maybe

Since I Like the first book, where she told her stories of working in a brothel for a month, I got this book where she started working as an escort. (After finishing book 1, I downloaded this book and read it in one day.)

Knowing that she is done working in a brothel, she decided to try Escort services. This world is much different than the brothel. She would have to go to the parties hotel rooms or out to dinner then off to the house or hotel.

But as an escort you can make a lot more money than the brothel. So here are the stories an escort. Great read and quick read as well. Cant wait for the last installment

Elaine says

It just gets better, make for very interesting reading.... it is amazing of the differences between the countries and how sex is treated. makes u wonder which country is backwards... ready for the madame
