Good

This was a good read even though it was a little far fetched with the girls killing people and what not, like yea right but I still enjoy reading it. I want Sincere and Tru to be together as a couple for goodness sake, like I don't understand what the dam problem is and why Tru keep running from love, like gosh give the man a chance please. And that is also really messed up how she didn't even tell him about the baby, she is really starting to get on my last nerve. I can't wait to see what happens next.

Laura Taylor says

Drama!

This story moved at pace like it shot out of a cannon! I loved the idea of two childhood friends trying to pretend that,they not attracted to one another and failing.What I couldn't get with is how the girls go from being just your ordinary to cold bloodied kills it boggles the mind.I need clarity and right now its total chaos.This is good story characters are fleshed,but the storyline needs a little work.Overall I was entertained

because there are moments you say OMG! I need more from the writer maybe it will come in the next episode.

D'Arcie says

This story is in point from beginning to end. I enjoyed reading the journey of Tru and Sin and although they are young I hope they have a beautiful ending to their love story. I can't wait to read part 2.

Tonya Everett says**Tonya-Review**

I was glad that Sincere went and found Try and knew where she was Sasha was insecure. They are best friend whom happening to love another. Jay and Sasha was shady. Tru save Sincere. Chastity was hating she wanted Sin. Smooth was creepy working with the enemy. Tru needs to tell Sin about the baby. Sean and Sin are brothers they look so much alike. In can't to read Part Two to see will Tru and Sin get it right she needs to stop running
