Michel Reinhard (Smut Book Junkie Reviews) says

Blue Shoes Volume 3 is the conclusion to the Blue Shoes serial that is part of the Morris Music series.

The readers were left with a cliffhanger in the last book. After the fiasco in Rome and the events that took place before Dylan disappeared things are very sketchy. It appears the couple has broken up. The destruction done to their relationship is beyond repair.

Jess has always been a fighter. She was determined to get to find out who is behind the destruction of Dylan's career and the destruction of their relationship.

Dylan has been in hiding. His reason's are different than what we expected. He is questioning his relationship with Jess. He is questioning himself. He is questioning their interactions together. He doesn't seem to be overly concerned with his music career spiraling out of control.

When Jess and Dylan finally get together and figure out their next moves, the readers will be in for quite a surprise. Is the end of their engagement final. Is the wedding cancelled? Is their relationship beyond repair? Together they will make some discoveries about themselves and their relationship. They will also discover the culprit behind all the destruction.

It will be up to them on how they move forward.

JJ Knight wrote an entertaining series that had reader's hooked from the very first page. She created some interesting characters and put them in very different types of circumstances. She added a heated romance, some mysterious villains, and carefully plotted a story with many highs and lows that lead to a perfect ending.

The Blue Shoes serial is fantastic. I highly recommend this series.

Great ending to the story

A great wrap up to the story. This is my first series by this author and it won't be my last I enjoyed her story building and her creative world building. I would suggest to start at the beginning of the story with Revenge I started with blue shoes and felt like I had missed a lot of the characters stories and background still rooted for them all the way though.

yay! Thanks JJ for not disappointing! Now I wonder what the NEXT Jess and Dylan series will be called? ;)

Sandy Ambrose says

Blue Shoes ends in the only way it could. JJ Knight is the queen of serials. Continuing with the lives of music's newest hottie Dylan Wolf and his beautiful music executive fiance Jess Rivera. We find our favorite couple dealing with the stresses of life in the limelight. It doesn't take long for the lies and manipulation from outside sources to tear at their budding romance. I love and I hate that this is the end of blue shoes. I love Dylan and Jess together. This series ended as it should.

Blue Shoes Volume 3 is the final book from J.J. Knight's three part series. It concludes the roller-coaster love story between young adults Jessica Lynn Rivera and Dylan Wolf. Jessica is a marketing executive for Morris Music and Dylan is a rock star. The last book ended with their relationship in shambles. A true cliff hanger.

I am not going to spoil the conclusion by going into any detail about the plot. However, rest assured, it is hot, exciting, and revealing. In addition, those who deserve happiness will get it. I must mention that true friendship is a commodity, especially in the entertainment industry. Jessica is so lucky to have her sister Riley and best friend Amanda by her side. In this final installment, Dylan is full of surprises, which I found to be both commendable and romantic.

Overall, I liked this series. In order to truly appreciate the evolution of the characters and the plot, and keep all the details fresh in your mind, I recommend reading the books in order, one right after the other.

Just what the doctor ordered! This is the perfect conclusion to this amazing series by JJ Knight. I am sad to see Jess and Dylan's story come to an end but as the saying goes all good things must come to an end. This has love, hate, suspense, anger and steamy make up scenes. Although Jess and Dylan are characters in this story the way JJ Knight writes they are real live people with feelings...human and who make mistakes. This final book gave me all that I wanted, expected and so much more! Thank you JJ Knight for this amazing series. I look forward to reading your next works.. I was gifted a copy of this book by the author for an honest review.. I recommend this and all of her books. I have read them all and loved each of them. JJ Knight does not disappoint and you will be so very glad that you took the chance if you are a new reader to her books. I know I am very glad that I one clicked my first book by JJ Knight.

This is the third and last book in the Blue Shoes series. Jess and Dylan's relationship has been a roller coaster that was being manipulated by someone in power. Will Jess and Dylan find their HEA or will the end their relationship with broken hearts? Will they find out who has caused them so much heart ache? You will have to read this quick, fun read to find out. I didn't want this to end but it did and it was the way it should be. I Highly Recommend this book and series. I am going to backtrack and read the Revenge series and then reread this series.

This was the best book of the series

I opened my email this morning and found my Arc of Blue Shoes vol. 3. The last installment of Jess and Dylan's story. Once again I put the current book on hold and read it. I just finished. I have to say it was worth the wait. How do you extract revenge, and still keep yourself above those who have wronged you? How do you get them back with out stooping to their levels and becoming as bad as they are? Well J.J. Knight wrote the story so that Jess and Dylan could do just that. Their lives were on a downward spiral due to some unsavory characters. They picked themselves up and rose above and beyond, with the help of friends, extracted that revenge and put their lives back on track. You must read this series, it is full of love, heartache, drama, and mystery. What we can all conquer with love and the help of friends and family is what these books have given me. Very well written Mrs. Knight. Can't wait for a new story.

It's end of the Blue Shoes series! Already! :(

But I think you're going to like the epilogue!

Blue Shoes #3 by J.J. Knight was given to me as an ARC in exchange for a sincere opinion.

This story continues exactly where we left it, with Jess Rivera and Dylan Wolf discovering that they have been played by someone in a power position, their lives just a casualty more in the big game of music records. It is satisfying to see how both characters mature, not only in their professional side but in their personal lives. Their love was never in danger of dissipating, they needed to focus on their weakness and insecurities and work them together. In the entire book (and series) we have fights and make up which were becoming hot and hotter with every page and every moment that Jess and Dylan shared their true self with

each other. The secondary characters were superb; Amanda, Riley and the very sexy Ryanna contribute some of the most funny and self-discovery moments in the story. Jess' Nan and the Veritys provided wisdom and guidance. And then, the guys who in this case were solid with Chet Morris catching my interest in more than one occasion. He is a modern, hardworking, nice guy that I hope will have his own story in the near future.

Simply put, I love everything in this story. Love seeing LA, Rome and others thru the character's eyes; love how human and real are their struggles and how they learn and overcome them. Love the little cameos from characters from other series. J.J. Knight, you wrapped and put a big bow to Jess and Dylan story...now, who will be next?

I received an ARC from the author in exchange for an honest review

The third and final Blue Shoes book is here. I'm ridiculously happy to have read it, yet so sad that Jess & Dylan's story is complete. JJ Knight is an incredible writer who has made us addicted to and in love with her characters!
