## **Change of Heart, Part 2** Scarlett Edwards

If you told me two weeks ago that I would fall in love with my would-be kidnapper, I would have laughed in your face.

Yet here I am today. Madly, deeply, and hopelessly in love. With Richard Blackthorne. With the man who drugged me and left me for myself... but with the same man who came back for me later.

Nobody in my life has ever given a shit. I've always been on my own—before Rich.

Now, things are different. Feelings I'd never have thought possible are rushing through me. With Rich, I feel... alive. Alive, and treasured.

Yet doubts still poison my thoughts. Can a relationship that began with a lie lead to true happiness? How will Rich and I escape our pursuers? Will Min ever be free?

As I open my heart to the man I love, our devotion to each other will be tested. In this tumultuous world, friends become enemies and enemies friends. Every choice I make leads to consequences for those around me. The secrets Rich holds spread far deeper than he ever let on. When cracks begin to show in our relationship, I'm faced with the most important question of all: Can Rich and I ever find the peace I so dearly crave?

---

Change of Heart, Part 2 concludes Rich and Penny's story. Will they get the happily-ever-after they deserve? There's only one way to find out...

### **Greta says**

Letto in poche ore, la seconda parte forse è peggio della prima. Nonostante l'happy ending direi che se volete leggere un libro di Scarlett Edwards leggete "non lasciarti andare", questo è tutto fumo e niente arrosto. Personaggi mediocri e spenti, non mi hanno trasmesso nulla, neanche nelle scene d'amore. Peccato. Qualcuno mi consiglia l'altra sua serie? So che è un po' pesante e per questo volevo qualche consiglio :)

### **Claudia Palumbo says**

La duologia "Change of heart" mi è stata consigliata da una mia amica. Tempo fa aveva iniziato a leggere la prima parte, ma dopo qualche pagina ho abbandonato la lettura.

Non sono un'amante delle letterine scritte al presente, mi sembrano infantili e da principianti. Ovviamente non vale per tutti i libri e "Change of heart" ne è l'esempio!

In questa seconda parte si vedono i due protagonisti, Rich e Penny, affrontare altre situazioni che possono sembrare peggiori di quello che hanno affrontato nella prima parte di "Change of heart". Infatti, quando tutto sembra ormai risolto, ecco comparire altri problemi per la coppia. Problemi che, oltre a mettere in pericolo la loro vita, influiscono anche sulla loro relazione portando uno dei due a riflettere se si possa fidare dell'altro.

La trama è ben sviluppata, con tutti i colpi di scena che la arricchiscono. Credo sia difficile creare dal nulla una storia con un trama così intrecciata. Tempo fa ho provato a scrivere un racconto romantic- suspense come questo, ma bisogna avere una particolare predisposizione per questo tipo di scrittura. Devo dire che questo è il secondo romanzo (considerando la prima parte di Change of heart) che leggo della Edwards e per fortuna non mi ha deluso.

Scritto abbastanza bene e scorrevole. Questo è il tipo di lettura "leggera" che si può leggere anche in un giorno!

Ora non mi resta che leggere altri suoi lavori e sperare che non mi deludano!

xoxo

P.s: solo una cosa mi ha delusa. Mi aspettavo una scoperta da parte di Penny riguardo i suoi genitori. Speravo nella comparsa improvvisa di una donna che si dichiarava la madre di Penny. Pazienza.

### **Nichole McNamara says**

The story picks up right where the first one ends. Penn and Min are figuring out how they are going to get to Rich before he gets hurt. They are able to figure out that Rich bought a plane ticket to NYC using his real name giving their enemies an easy way to find him.

Through a little scheming of their own they are able to find a way to NYC undetected in an attempt to find Rich. They first go to the most logical place they can think of; Rich and Min's fathers house.

This book is very similar to the first in that Rich is constantly trying to push Penn away in an attempt to keep her safe. As more information comes out Penn is realizing that her first instincts about people might be worth paying attention too.

Again Rich and Penn continue to have a strong connection that leads to some steamy scenes. We also learn a little bit more about Min. As Min's character progresses we learn more about the events in her life that lead her to where she is now.

Again it was a good story but I don't think I would put either part one or two on my favorite book lists.

## **Meg says**

### **Could have been good**

I couldn't get over how controlling, and not in a good way, Rich was. I'm all for an alpha male however, he was just too much. And as "feisty" as Penny was suppose to be when it came to important things she had no backbone. It was cringe worthy to say the least. The only real drama of the book was them arguing about how he constantly made stupid decisions without her knowledge and then just expected her to agree. And then to top it all off he would make her feel like she was in the wrong for questioning him. He really didn't care at all about her opinions and it was way too much for me to handle! There were too many inconsistencies throughout and a lot of questions not answered. The audio narrator sounded like an SNL character( not a compliment) which was very distracting!

Don't hold this book against Ms Edwards though. This was early in her career however and she has since written several enjoyable books. Unfortunately this was a dud for me.

## **Natalie The Biblioholic says**

Was this the greatest love story of all time? No. But it was a good one. It had elements of suspense which made it very interesting and the male lead character was dreamy. Tortured, alpha, strong, Rich was a catch for sure. Penny was annoying as many female leads seem to be these days. But not too annoying to destroy the story. It was light, sappy, and enjoyable to read. Oh hey and watch out for the scheming, vindictive, devious, maybe psychotic ex-girlfriend lol.

### **Becca Booksreview says**

Change of heart 2 picks up where the first book Change of heart left off. Penny has made her choice and she is going to fight for her relationship with Richard even if she has to take things into her own hands to do it. It has only taken her 2 weeks to fall head over heels in love with Richard, is it fast? sure what they have been through so much in their young relationship but they are now in a good place with each other.

Just when Richard and Penny think they can fall into a comfortable relationship, they are uprooted again, the danger that they faced together in the first book is still very much around here in the second book.

Richard has promised Penny that he will include her on all the decisions that are to be made, but when things start changing, Richard is going to meetings without penny, not telling her things, and making plans with out her. Penny knows that Richard is planning things and she is going to try and stop him. when Richard leaves to go and take care of business its up to Min and Penny to track him down, make him see that they really are better off with all of them together verses being alone.

The twists and turns in the book where really good, for a while I was really going to be mad at Richard for doing what he did but it all worked out in the end. I really like that we got to see more of Richard this time, while we didn't get to "hear" him we still got to know him better.

### **Jenifer Hubbart says**

I am so glad I am done with this book. I absolutely could not stand Penny. I didn't even like her name! She was stupid, weak and pathetic. Why did I read it? It came in a set with another series I ordered online. I would have never chosen the book. Hated it. There was NOTHING I liked, even a little, about this book! It sucks

---

### **CasPerfitz~SLiTsReaD says**

I love a little suspense on my romance novels and this one has it.... book 2 picks up from the first book. I love Penny and Richard... I love how their story end in the book. The suspense part ending, I was kinda guessing what was happening. Still, with all the twist and turn, I think it was good!

---

### **Kim Brewing says**

Really enjoyed this. It answered all the questions I had left from book one and I LOVED the last couple of pages!

---

### **Rhonda Bergamo says**

The continuation of Rich and Penny was a great summer read. Penny following her heart regardless of where it takes her. Rich always the protector, when we will learn that sometimes you need to trust the ones around you to help.

Lots more twists and turns like Change of Heart. Must read Change of Heart #1 before you read this.

---

### **Cynthia says**

I read the part 1 a while back so I honestly had trouble trying to remember what was going on between Rich and Penny. Thankfully there were recaps woven throughout the chapters, but sadly I didn't feel as connected to these characters as I probably once was when I read the first book. The chemistry between Richard and Penny was evident but my buzz kill was the revolving door of arguing they seemed to have. The end of the book was a nice surprise, but I couldn't help but see that coming. I enjoyed reading Change of Heart and any works from Ms. Edwards.

---

### **Tikishia says**

Woke up bright & early this morning so I can finish Rich & Penelope's story. It was really good & entertaining all the way through. There was one thing that came to surface about crazy ass Amanda that I was totally not expecting. I wish I could say, but I can't so you must read the books.

---

### **PAULA says**

I like this book than the first. Part 1 was a bit confusing and lacks something but this one is way better.

Part 2 of Change of Heart is exactly where it left off in Part 1. The whole chaos is up in their faces and more drama and running is on the way. The characters are more determined and not just Penny. In this story, Penny decided to stay and fight for what she loves. I didn't like that the storyline or maybe how it was blended was still confusing but it made sense in a way because the characters are more open.

IDK if Rich is somebody you would consider as a book boyfriend but in my case, he is not. He's not arrogant but his character is not at all swoony. Maybe at first but after part 1 and then in this book, he is not the type of book boyfriend you want to have. In my opinion.
