Cousins In Love Lisa Lang Blakeney

They all think that I'm a phase. A fetish. A temporary fixture. But I love my cousin Elizabeth, and there isn't sh*t anyone can do to change or destroy that ... even her.

Being hopelessly in love with tatted, sexy, bad boy, Roman Masterson can be exactly what one would imagine. Intense. Passionate. Consuming. Dangerous.

After fighting so hard to be together, there still continues to be forces working against them. Yet the most difficult obstacles seem to be the ones that come from within.

Author's Note: Cousins In Love is a reader requested continuation of Roman & Elizabeth's story. It would be best enjoyed after reading both Cousins 1 and 2 of the Cousins Series. HEA. No cliffhanger!

The more I craved the more into the story I became I just couldn't help myself. I F'loved it!!! I'm mostly excited to see if more is to come out of this series. This is a MUST READ 2 person POV, get ready to hold on and not let go till the end; it's just that damn great!!! This is so worth 5 stars and then some. Wow, every single time I'm amazed. Just when I didn't think Lisa was going to blow my mind she did and very well over and over again, her writing is one of the most amazing things I've ever read. She hold the story plot really well, keeps the characters going along with the different conversations they were having on every page. Something new and exciting and can't believe that just happened seemed to always pop up when I had least expected it to. I was 100% and completely in love with Roman and Elizabeth all over again.

Loved this series

Loved all three of these books. The ending was perfect for Roman and Elizabeth. I'm so glad the King brothers are getting books. Hoping Sloan ends up with Cutter :)

Awesome series!

Romantic, funny and hot. Lisa is a genius with dialogue. This book will have you laughing and panting simultaneously. Well written and without distracting and annoying editing errors.

Beautiful epic love story

Oh the twisty hotness that this author provides is amazing! I have a special place for Roman Masterson in my book boyfriend heart.

Good series

I enjoyed this series. Roman was everything, and did not play when it came to his Duchess. The only problem I had was the over usage of the word frackin. It was irritating but the storyline kept me listening to all 3 books while at work. It was intriguing, sexy and bada**. Can't wait to read about these King brothers, Jade & Sloane. This is my first read by this author and I enjoy her writing style.

Review for Cousins in Love by Lisa Lang Blakeney

Yes. Yes. Yes.

Masterson is back and he's ready to dominate his Elizabeth until she submits to his every whim...too bad she's headstrong and really good at making bad choices. This one has so much push and pull, the first two were filled with angsty romance and the push and pull was the if we should be together or not ... this is more about if they can stay together long-term. They love each other like crazy, but at the same time they are both hardheaded and drive each other crazy.

Communication is key people. I think I yelled that a dozen times at my Kindle as I read. Overall, I liked this book, not nearly as much as I did the others -- I'm beyond glad Blakeney wrote this addition though. I'm going to just sit around and wait for the Kings to get their girls.

Four Stars and Five Wet Panties.

All I can say is wow, Lisa has pulled me in once again with her writing and this story.

The chemistry between Elizabeth and Roman continues to be off the charts hot. The dominance that Roman has is very exciting.

Sex is a very powerful weapon.

The story pulls you in right from the start. There are lots of tests for these two, Family not supporting their relationship, a flirty employee (Blake), Romans intense jealousy, secrets, and twists (oh my). You can't ask for much more in this great read. The secondary characters added a great element to the story as well. I highly recommend you get started on this great series today.

Thank you Lisa Lang Blakeney for another great read!

On wow!

I can't believe that I'm finished reading Elizabeth and Roman's story. When I began to read the first book in this three book series, I thought that it would be just a taste to see if I like this author. Well, I love this author and her characters. Begin with the first book, Masterson, and keep going. You won't regret it.

Laura Redmon says

This was one pretty dang hot and erotically kinky book! Also, totally worth reading every juicy page.

I read right on through this series to the very end and was craving more, more, more!

Roman is a pretty damn hot and naughty, dominating male. Even though Roman and Elizabeth have and deep attraction to one another, they unfortunately find out they and noreferrer Steps Cousins. If gets to the point wear they start to not care one bit because their souls scream for each other.

There are some extremely, fire alarm seven, hot and one H.E £. £ of sexy as sin, "Sex Scene". Totally scrumptious!

I definitely recommend this provocative story you wont, CAN'T put down!

This is the third book in this series and the third dealing with Elizabeth and Roman. Well written. This whole series deals with complex relationships. Not an easy read. I did enjoy the secondary characters and I look forward to seeing their stories. This one took some twists that I wasn't expecting. This one is worth your time and effort. Give it and the other two a chance, they are worth it! Oh also on Amazon this was renamed Masterson in Love!!!

Sharon Richmond says**Awesome**

Omg I Loved Roman and Elizabeths Story So Freaking Much!!!

So much that when I finished book 1, I immediatley got the 2nd book then the 3rd!! I just Had To Know The Outcome!!!!

WHAT A AWESOME RIDE IT WAS!!!

Danni says

I just can't stand to read a book and the characters do no know how to communicate. And caused just unnecessary drama Roman needed some type of help and even with that being said I liked him a whole lot more than Elizabeth. I didn't like her, Jade and Sloan not even a little bit.

Beth says

buy the set to see the whole story of this series ... or is it a trilogy (i see it should be called a box set, there you go??! that is the word I should have used. now we are good.) ... my question is did this series come before King series? ... I won that 1st book in that series on a Goodreads giveaway ... that is where i 1st started this whole journey ... i fell head over heels with Gunslinger ... if you have yet to read that book, please do so. I probably need to re-read it ... just that awesome! (;

Lily Garcia says

Unnecessary drama and Elizabeth got on my nerves, but overall 4.25 stars!
