This was a very quick read but let me tell you. Very sexy. Hot hot hot!
I always love stories about wanting the brother or sisters best friend.
Can't wait to read forget me not!

Krissy says

This short novella is the prequel for 'Forget Me Not' and shows us the very beginning of Lily and Derek's relationship.

Lily has lusted after and loved Derek (her brothers best friend) for years and years, but feels as though she is invisible to him. On her 18th birthday Derek walks into her bedroom and catches Lily masturbating over him.

What results is a night of intense, hot pleasure and Derek confessing that he has been waiting for Lily for four years.

I'm looking forward to seeing where Lily and Derek's relationship goes from here.

This was a very hot and steamy, quick read!

Sexy short story ~ goes to show wanting something and not saying anything about it isn't always the best policy :)

Her Brothers Best Friend is a quick short novella but it was still hot.

Lily had the hots for her brothers best friend Derek since she was a kid. On her 18th birthday she gets the best present EVER!!! Shoot I wouldn't have minded having my crush for my 18th birthday. Even though it was short it was still good.

HOT, SEXY...GIVE ME MORE!

I loved this short erotic story! I truly enjoyed the fact that these Lily was in love with Derek since 8th Grade and fantasizes about him...only to find out that he feels the same way about her! This story is sexy and leaves you wanting more! The sex scene was perfect, tantalizing...and wanting some of Derek!

I really love that this opened everyone's eyes to the past of Lily and Derek, there are so many times that when I am reading I want to know about the moment leading up to something and this short erotic does just that!

Short and Hot!!!! Great quick read!!!!

Lela says

I read this prior to reading "Forget Me Not" and it was a very good short and sexy story about Lily losing her virginity to her brother's best friend Derek on her 18th birthday. She had always loved him and had a crush on him and he felt the same way too, but didn't tell her or show her until she was legal...I mean he was only a year older than her, so I don't see what the big deal was, but it was still a hot and sexy short story.

Short but HOT!!

Love this author. This was so good!! :-)

Kirsten says

OMG!! I won this novella in a contest and just read it. Whew!! This story is HAWT!!! And sweet at the same time. I wish it had been longer, and that's my only complaint. You knew where you were going thanks to the blurb, and man, did you get there!! Talk about jumping right in with both feet and getting to the sex. Waiting for four years for someone, and that first love, first time is such a special thing that you never forget.
