Play Me Wild

Tracy Wolff

Play Me Wild Tracy Wolff

In the seductive first installment of an eBook original serial from the *New York Times* bestselling author of *Ruined* and *Addicted*, a woman running from her past has finally found a bit of control . . . until her powerful new boss makes her go wild.

My name is Aria Winston. I've fought desperately to escape the seedy underbelly of Las Vegas. Now I'm on my own, in control of my own life and my own destiny . . . just the way I like it. Until Sebastian Caine changes everything.

Working as a cocktail waitress at one of Vegas's hottest five-star casinos means putting up with a ton of bad behavior from the big spenders. But it pays the bills—and that's all that matters to Aria, who needs every last dollar to escape from her father's destructive grasp and the brutal man he expects her to marry. But when she lashes out against a billionaire who won't take no for an answer, she nearly loses everything—until Sebastian steps in. The owner's son and handpicked successor, Sebastian is dark, sexy, and kinder than any rich man should be. And when he apologizes and offers to keep her job safe, Aria can't help the way her body reacts to his. Suddenly her job, and the security it brings her, isn't the only thing Aria wants.

***Play Me* is an erotic serial intended for mature audiences. Aria and Sebastian's story continues in *Play Me: Hot*.**

4 "great start" Stars

Vegas- Gorgeous Casino Owner's Son- Beautiful Cocktail Waitress.....

This is the first novella in the Play Me Series. It is fast pace and takes place over 24 hrs. Aria Winston is a cocktail waitress at the Atlantis Casino. She has some secrets but we don't know them yet. Sebastian Caine is the son of the Atlantis owner who has come in to take over for his father. He too has secrets. But when Aria stands up against a high roller and thinks she is going to lose her job, she meets her new boss and there is an instant connection.

Spellbound. Captivated. Enthralled.

Things are getting hot.....off to the next book!!

3.5 stars

This is going to be a short review as it's a small novella.

I've never read a book by Tracy Wolff and I enjoyed this one. This is a nice introduction for both Aria and Sebastien.

I only gave it 3.5 stars because it's so short and nothing major is happening, but still I find it captivating.

Aria is a young lady who's working in Casino in Las Vegas. She doesn't really like her job but it pays the bills.

Sebastian is the heir of the Atlantis. His father is no longer capable of running the casino so he has no real other choice but to take his place.

Aria is used to harassment during her shift but when a rich man thinks he can manhandle a girl, she is pissed and tries to defend her.

Unluckily for her, she got fired.

When Sebastien learned about the incident he can't believe it. This is not the way he wants his employees to be treated.

He met with Aria and gave her job back.

From the moment they met, they were drawn to each other. Aria doesn't respond well to demands and she has preconception against Sebastien, however he doesn't want to rush her. He sees how delicate she can be.

There's one thing that bothered me other than the fact there's a case of insta-lust here, it was how Aria speak to Sebastien. I would never speak to my boss like she is, even if like her I don't like to be told what to do.

Sebastian doesn't do anything inappropriate so I didn't get her reactions with him.

The end left me with a question and I hope I'll find the answer soon.

Melanie says

This was a surprisingly good read. I went into it not expecting much, and I was blown away. I am so happy I received all five books in this series.

Michelle says

Aria is cocktail waitress in Vegas trying to escape her past, attempting to take control of her own life. But when a customer's aggression forces her to lose that control and her job, she comes face to face with Sebastian, the son of the casino owner who is in charge while due to his father's health issues.

Not only is Sebastian going to un-fire her, but he's going to make her an offer she can't refuse.

The first installment of this series started off great. It gave you a taste of a hot hero and a ton of chemistry between these two. Leaving you wanting to see what happens next. The exact goal of what the first installment of a novella series should deliver.

This also had one helluva tug scene. Like seriously hot. The end of this made me want to immediately start on part two.

5 Controlled Stars

Control. A feeling. A craving. A need. What does it mean to have control? To want it? Where does it come from? Is it a desire you innately possess or a craving you discover? *Play Me Wild* examines control as a possession and a desire in this first novella filled with off the charts sexual tension. One character possesses control while the other discovers their need to have it.

Play Me Wild presents an excellent first story in a new serial series about a powerful, tortured man and the strong, fierce woman who sets him on fire. Told from dual points of view, the strength and equal-mindedness both characters display make it virtually impossible not to become enthralled with their story. How they meet, under the circumstances in which Sebastian first sees Aria, their initial responses to each other's presence are what great erotic romances encompass.

Further, this story is what good serials possess. This book one is a great building block for the series, creating a story and a background in which the readers make connections to both the hero and heroine both of whom shield themselves with the mysteries of their pasts. It's full of intrigue, sexual tension, enigmatic characters, and an engaging plot you just have to know more about. The writing is excellent, constantly moving forward and engaging as well. I can't wait to see where this author takes this series.

Claire Robinson says

3 - "**Come into my office.**" Stars.

Sebastian Crane has returned to Las Vegas after a ten year hiatus. His father is sick, and the family Casino/Hotel *Atlantis* needs stable management at the helm.

Aria Winston, cocktail waitress, fiercely independent, works the high rollers lounge in the *Atlantis*, well that is until a handsy patron goes one step too far. Picking up her final check the following day doesn't go quite according to plan and brings her to the office of Sebastian Crane.

You aren't given much to go on in the first installment of the *Play Me* series, but one thing is apparent and that is that Sebastian and Aria are going to burn up the sheets when they do light the match that is their attraction, and their tastes in that area may reflect the others more than they realize.

Looking forward to seeing where Tracy takes me in the next installment.

♥ Jx PinkLady Reviews ♥ says

Volume one of **Play Me** is a great introduction to a RICH man and a lovely lady.

It's about control. Both our protagonists crave and *NEED it*.

Sebastian Caine is back in Vegas running his father's casino business after being away for ten years. He has no real interest in any of it, but all that changes when he meets one of his employees, via a security tape. Suddenly he's VERY interested.

Aria Winston works as a cocktail waitress in the high class casino. It's not where she saw herself after graduating top in her class, but that's where she finds herself. Her past has taught her to be a tough cookie with built in resistance.

He decides he wants to push her limits.

Tracy Wolff gives an interesting start to this sexy series. The hero and heroine have an insta-lust connection going on which makes for an enjoyable, romantic read. Sebastian, especially appealed to my book heart, he's the kind of book hero that I crave and continuously seek. Volume one left me wanting more of this couple and more of their story.

***** 5 Tease Me Stars*****

(Arc Kindly provided by publisher via Netgalley) <3

Sooooo Good!!!!

This short book had all the components that make a story highly enticing, and I enjoyed it very, very much.

Aria is a beautiful girl with a big temper. She works as a cocktail waitress in a flashy Vegas Casino and hates it, but it pays the bills; so every night she sucks it up, puts on her high heels and delivers drinks to rich, obnoxious men. On a night like any other she notices one of her gross clients, harassing a girl and getting violently touchy, after trying unsuccessfully to get security involved, she takes matters into her own hands and gives the nasty customer what he deserves, knocking hard with her drink tray. She gets fired, but when she comes back the next day to pick up her last check, a sexy man with a devilish smile, is waiting for her at the big boss's office... Sebastian is hating his new position as owner of the Vegas Casino his father has owned since he was a kid, he never wanted to go back to Vegas, but after learning about the beautiful troublemaker Aria, he's hoping to get pleasure out of this experience.

Sebastian was not only a sexy Alpha Male, but a real gentleman and Aria had an awesome feisty personality, great combo, the best actually. The attraction they feel hits them straight on, but Aria is doing what she does best, fight it. Sebastian on the other hand is as smart as a chest player and he's patiently waiting to make his move.

I seriously couldn't get enough, the writing style of this author was completely enthralling and the characters and their story, totally delicious. Im so upset I didn't request the rest of the books in this series, because now I have to wait until they are all out, to continue enjoying this sensual story. I highly and enthusiastically will recommend this book to all my romance/erotica fan friends, and to anybody else who would listen... Brilliant!!! <3

Pam says

3 stars

"Tell me, Aria. How much does control mean to you? How far will you go to get it?"

Working as a cocktail waitress at one of Vegas's hottest five-star casinos means putting up with a ton of bad behavior from the big spenders. But it pays the bills—and that's all that matters to Aria, who needs every last dollar to escape from her father's destructive grasp and the brutal man he expects her to marry. But when she lashes out against a billionaire who won't take no for an answer, she nearly loses everything—until Sebastian steps in. The owner's son and handpicked successor, Sebastian is dark, sexy, and kinder than any rich man should be. And when he apologizes and offers to keep her job safe, Aria can't help the way her body reacts to his. Suddenly her job, and the security it brings her, isn't the only thing Aria wants.

Play Me #1: Play Me Wild, is the first novella in the Play Me series, a story about Aria and Sebastian and their need for control. A beginning of everything for Aria and Sebastian; he wants to show her just how much control she has and how different he is from every other man she has ever known. He seems to know

her more than she knows herself, or at least what her body needs. Where in their case what happens in Vegas stays in Vegas, because they are both tied to this city for one reason or another.

"Someone who craves control as much as I do. Someone who wants control over herself, her life, her world."

It was a sensual tale, still too early to really know the characters although you get a sense of who they are, just not what made the way they are but enough to want to continue and find out more.

4 Stars

Aria Winston hasn't had an easy life and she knows if she wants things to change for her, she will be required to change her life. We have just met her, but so far we have learned she is a strong lead and a little impulsive. Aria works at a casino in Las Vegas as a cocktail waitress. She is beautiful and she uses this knowledge to get extra tips. What he won't put up with is other women being taken advantage of, so when another female customer is being manhandled by one of the *whales* she steps in and protects the girl.

This action leads us to meeting Sebastian Caine. Sebastian's father owns the Atlantis Casino. When his father's health gets worse, he is forced to come home and manage the casino. His first real issue to deal with is handling a whale who was accosted by a cocktail waitress, Aria. While watching the video he is immediately taken back by how beautiful Aria is, but is also appalled at how the customer used to his power and money to take advantage of another customer.

"Too bad no one ever taught him that those who have real control, real power, never have to flaunt it."

When Aria comes to pick up her final check she is told to meet with Mr. Caine, she is shocked to see the younger Mr. Caine. There is an immediate attraction, but Aria doesn't date rich men and Sebastian isn't used to being told no...I am anxious to see where things go with these two.

"But I can assure you, love, when I'm fucking with you, you'll know it."

So far I think we are off to a great start!

Michelle says

I m luvd this book it's goin really well

God an how hot is Sebastian he is gorgeous I need more of him an I just know he is goin 2 hot with aria really hot

I m liking aria character there is loads 2 find out about her an why she is trying 2 take control of her life I know it something 2 do with her dad an I want 2 now why she is hold herself back from Sebastian I know she as just meet him but there is something so strong with them I just need a lot more of this series I NEED MORE

MELISSA *Mel Reader* says

4 Stars!

(ARC provided by Netgalley)

Aria Winston is a beautiful 24 yr. old woman living in Las Vegas. She has finally gained control over her life after being under her fathers thumb for years. She will do anything to not have to go running back to daddy. She is keeping her real identity a secret, & trying to make it on her own as a cocktail waitress at one of the top casinos on the strip.

Aria is constantly having to deal with obnoxious high rollers who harass her. When one of these entitled billionaires goes a bit too far, Aria finds herself in a situation that requires help from management.

Sebastian Caine spent 10 yrs. away. He returns when his father's health is failing to take over their casino the Atlantis. When he has to handle an issue with an employee, he meets Aria Winston. He is intrigued by her, & can't help the way he wants her. Aria is also fascinated by the gorgeous, sexy Sebastian. She has never responded to another man the way she has to Sebastian. There is an electric chemistry that draws them to each other. I loved their strong connection, the intense sexual tension, & how Sebastian was not only a hot alpha male, but so kind as well. I can't wait to read more of this couple! :D

-All I can think about is testing that control, seeing how far I can take her before she loses it completely.

-His eyes are filled with a predatory interest he doesn't even try to hide.

-I like the way he's looking at me, like the way my body feels under his gaze.

-I can barely breathe without wanting. Without needing.

-The sexual tension between us burns hot enough to light up half the hotels on the Strip.

-It's like my body recognizes his. Like it knows something that I don't.

*****4.5 STARS*****

(ARC Provided by Random House Publishing Group via Netgalley in Exchange For an Honest Review)

This was a relatively quick read but the story is engaging and the main characters are very intriguing. I found this to be very well written and it's my first book by Tracy Wolff. I am honestly impressed.

Aria Winston is a cocktail waitress at the Atlantis Casino in Las Vegas. She's definitely dealing with some anger management issues and something from her past has affected her deeply. What that is, I have no clue, but I can't wait to find out.

She works the high roller section of the casino and deals with rich, sleazy men, who paw at her all day. Aria usually grins and bears it but one night, one of her regulars goes too far by being openly aggressive with a young female patron and so she steps in to save the young girl. She ends up getting fired, but the casino is under new management.

Sebastian Caine is taking over running the casino for his father. Sebastian is devastatingly handsome, charming, and actually a very honorable man. He was the CFO of one of the largest children's charities in the world. He is also every bit the **ALPHA MALE!!!**

When he sees Aria on the security video tape to assess the incident she was involved in, he is immediately attracted to her. Sebastian and Aria will feel a magnetic pull towards each other when they meet face to face. I can tell the steam factor is going to be off the charts in the upcoming books!!!
