A taste of this dark tale of obsession, beauty, and lust... FREE! Wall Street Journal, USA Today, and Amazon Bestseller Vivian Wood writes dark romance as OLIVIA RYANN.

I meet her in a wedding dress, walking down the aisle towards my sworn enemy.
Our eyes catch from across the room. And monster that I am, I know I have to have her.
Not just because she is precious to my sworn enemy... but also because her wide blue eyes tell me things.
That she's afraid of me.
That she's even more afraid of my enemy.
That she'll do almost anything to escape him.
I seize on her fear.
I abduct her, while she's screaming and fighting me.
And that's when our story begins.

Jolene St Germain Triggs says

What a great quick little introduction into Dryas' life! We met him as a bit character in his brothers books (the Cherish Series, which you don't have to read to know what your seeing here, but I totally would because its such a great series). Toward the end of that series we got to see more of him, and I for one, did NOT like him. The author's got a long road ahead of her if she's going to make me love him, but this book guys, it did thaw my hatred of him just a bit! I can't wait until the next book to learn more about this twisted tortured soul! And Rue! What an innocent! Oh man are sparks going to fly with these two! Hurry up January and get here already lol

Julie says

Sitting here wondering how to put this together without giving away any spoilers, Olivia you make things so hard but your books are surely amazing and whose becoming the Queen of cliffhangers???

Dryas is one of the Aetos brothers and suffering he's lost the woman he loves so he will be seeking revenge on them that have wronged him, BEWARE.

Rue has spent the last seven years in a convent along with her younger sister and it hasn't been pleasant but she is now on the brink of a new life as she has just become betrothed to the Prince, but it's not as simple as that(it never is) and she is on a collision course but with whom?? Read this short prequel to this intriguing new series Protect, it will first hook you then reel you in and leave you wanting and it's free. I was given this as an ARC in exchange for a voluntary honest review.

Maria11 says

Not sure

I stopped reading the other series of this author....not sure I should stay with this one. Seems highly similar and I am not into what the author is selling. Not sure

Amy says

Following on the heels of her Cherish series comes the newest series, the Protect series. This series begins with Provoke, the first book, and follows the oldest brother, Dryas, of the Aetos brothers from the Cherish series. We leave him in the Cherish series having made a devastating decision (I won't spoil it - read the Cherish series). As he works to put the pieces of his life together, we find him chasing after Father Derrik, the murderer of a woman he cared for in the past. He is driven to take from Father Derrick in the same way that Father Derrik took this woman from him.

Parallel to Dryas's story is the story of Rue, a woman who lives in a convent with her sister following their parents' deaths. We find out that she is betrothed to be married through an arrangement made between Father

Derrik and the Prince of Montenegro. While most would consider this an advantageous marriage, something seems untoward about it.

Through his investigation into Father Derrik, Dryas finds out about the proposed marriage, and a plan is hatched to interrupt Father Derrik's plans. What will happen? We, the readers, have to wait for the second book to find out.

Olivia Ryann loves to set us up with a quick book at the beginning of her series. As she did with the Cherish series, she gives us a brief prelude to the next book. This book is quick, 6 chapters, but we get the background of the story so we are prepared for Book 2.

To be honest, I liked Provoke far more than I did the first book of the Cherish series. I was instantly engaged in the characters. Even more, I was curious to see how Dryas was dealing with his action from the last book of the prior series. Apparently, he feels some level of remorse. I wonder, however, if this will last as the story progresses.

What we know about the three Aetos brothers is they will do anything at any cost to get what they want. It appears that Dryas will stop at nothing to rain retribution down on Father Derrik. The question remains...will Rue be the collateral damage for Dryas's revenge?

I'm ready for this story and this series.

Overall: 5 stars

Gina Burkart says

What a exciting start to this series. This is going to be a dark and twisted on the edge of your seat read. Can't wait for more of this series.

Karina says

What a great start to Dryas' story! In this prequel we catch up with Dryas who is struggling with guilt about his brother Aerson and the loss of someone he lost long ago. We also met Rue and her sister Amabel , whose past parallels the Aetos brothers. Both had to learn to survive growing up in the streets. Though both chose to overcome it in different ways. We find Rue and her sister living in a cloister run by a man from Dryas' past. Dryas along with his brothers learn to survive on the very streets by learning how to control them. Things aren't always what they seem to be. Rue may seem to have had made a better choice but in reality she is no better off. The man who Dryas want to seek revenge from is the very man Rue fears. Dryas has learned of Father Derrik's whereabouts and is ready to make him pay for what he did years ago. Will Dryas be Rue's savior when he finds her and discovers what Father Derrik has in store for her? Or will he just be someone else Rue will fear and be made to serve? Ms Ryann's new Protect series looks like it promises to be a nail biting story from start to finish. I was on the edge of my seat and this was only a peak into Dryas and Rue's story.

Terri Lynn says

Although there were some things I didn't like, these few chapters left me wanting more. I hope the heroine is not insecure or whiney. Also, I hope it will be an enjoyable dark read and not abuse! I also hope the nick names, Pet, and Kitty are not used. And I hope the heroine does not have a betraying body.

PROVOKE is a teaser, and it left me wanting more. The next book PUNISH is releasing January 22, 2018. If I remember, I will give it a try. But, not until all books are released.

Patty says

Wow! Olivia Ryann has done it again. Knocked my socks off, then left me hanging and begging for more. Please hurry up and publish Punish.

This book is the next chapter of the Aetós brothers' story. Even though you don't have to read the first of the brothers' story, Cherish series, I would recommend it. That way you can understand and feel the story's impact better.

Dryas is a murderer. He has a dark evil soul, because of all the murders he has committed for the mafia. They don't bother him. But when he killed his brother Arsen, now that one...that one is eating him up inside. With guilt. With rage. With regret. Things he does not have room for in his quest for revenge. Revenge to kill Father Derrick for taking his one love away and killing her.

Rue is to be married to a prince. She is looking forward to getting out of the convent and starting a new life. Life that is not with Father Derrick. But when she finds that the new life is not going to be what she thinks, she is determined to escape.

This book is a prequel to the Protect series and let me tell you it's a doozy. It will grab your attention and hook you. Just like with the Cherish series it will hook you and leave you hanging. Yep! This book is a cliff hanger. Olivia is real good at cliff hangers. This book is hard to put down and progresses quickly. You will not lose any interest in this story. I promise you will be begging for more at the end. So get in, buckle up and get ready for a ride. This book is a blast off for an excellent series to come. Make sure you grab the book, you will not want to miss out.

Title: ☞♥- Provoke

Series ☞ Protect Series #

Author: ☞ Olivia Ryann

Publication:, December 10th 2018

?????

?????

? I was so excited when I realize that Olivia Ryann was writing spinoff to Cherish series with Dryas Aetós

⇒⇒I believe you don't have read the Cherish series to enjoy this series.. But I totally would cuz it's such a amazing series

So if you read Cherish series you'll understand why most of us are going into this series with hatred for Dryas. As I did with Arsen Aetós , I will try my best to keep open mind , but then of course curious also won out

⇒⇒ From the looks of it this gonna be dark & twisted tale. So hopefully you'll enjoy this quick Lil introduction into Dryas as much as I did

? I really enjoyed reading Dryas & Rue & I am excited to see what Olivia Ryann will come up next for these two

1- Provoke ?

2- Punish- Publication: January 22nd 2019

? Hope you enjoy this read & also always keep in mind this is just my opinion & my honest review ?

Elfina Renee says

Okay I want it...I want it, picking up my copy!

Dora says

I voluntarily reviewed an Advance Reader Copy of this book.

What a cliffhanger! I can't believe it ended so quickly...the anticipation of the next book will be really succulent and I can't wait to find out what happens next!! PROVOKE is the short prequel to the Protect series. Introducing the Büchel sisters—Rue and Amabel (Ama), who are living in a convent. We meet the other Aetós brother, Dryas, from Cherish series. Dryas is handsome, ruthless, filthy rich, and a member of the Cypriot Mafia in Cyprus, Greece. What is the connection between Dryas and the Büchel sisters? This is an awesome book, one you NEED to READ—you won't regret it! This book is packed with mystery, suspense, drama, murder, and intrigue—letting you know what to expect later, but it is sure to be a hot as hell, sexy intriguing and twisted dark romance!! This book will continue to keep you glued to the pages of this fascinating story, and it has quite an unexpected surprise in which I was holding my breath. This book was impossible to put down, and it will have you on the edge of your seat.

Anna says

Provoke was a great start to this new series. Dryas is out for revenge and has a plan involving the beautiful Rue. It's a quick intriguing story and I can't wait to see where Ms. Ryann takes the characters and story.

Teresa Lara says

So going to love dryas and Rue?

New amazing series

Tianna★loves books★ says

The book starts off with the H having stupid fight. He goes back to his room injured and then demands a prostitute to the hotel waiter.

The H is on a mission to find his lover's killer.

Then we are introduced to the h, who lives in a church, where she is repeatedly abused by the Father. She is getting ready to meet her future husband, some prince. Everyone thinks that she is not the right candidate as she is not beautiful like her sister. The prince who she is supposed to marry sees her and is displeased because she is not beautiful. He then says she will serve his purpose of giving birth to his heir and then he will dispose her of. And marry someone beautiful.

(view spoiler)

What happens further we will have to read the next book.

There are many things in this book that I despise. Firstly the h considered as ugly and then the H who loved someone else. These are my pet peeves. But still I will give this series a chance. Let's see..
