## **Redemption** Rosa Lee Jude , Mary Lin Brewer

Be careful what you wish for. When the breakup of her family forces Grae White's mother to move her two children from their privileged city life to her hometown in the mountains of Virginia, all Grae wants is to be invisible in her new life. But that's rather hard when everyone knows that her father is the latest headline-grabbing white collar criminal, the most popular boy in school wants to take Grae to the prom, and then there's that she lives in a haunted mansion. It would make anyone want to get away. Grae soon learns that a simple wish can reveal an unknown ability. Something more than curiosity spirals Grae back in time to seek the truth in the tragedy of a 200 -year-old murder. Along the way, she learns about history, happiness, and heartache in the lives of those who have lived on the property, including her own family. Her first journey reveals secrets that will lead Grae to further explore the legends of Graham Mansion. REDEMPTION is Book One in the Legends of Graham Mansion series. Look for the second story in the series, AMBITION, in spring 2013.

## **From Reader Review Redemption for online ebook**

### **Darla Spratt says**

#### **Legends**

I found this book on facebook, and clicked on it d/t the "time travel" aspect. It sounded interesting. I had enjoyed another historical time travel series, and was intrigued as to what kind of adventures would occur. I was not disappointed. I love to read mysteries. and the mysteries of a time long past truly interest me. I look forward to reading more!?

---

### **Diana says**

#### **The White's**

This is an amazing story of present day tragedy to a family and their livelihood. Moving from the big city to the Blue Ridge Mountains and an old mansion with a lot of stories inside. A young woman who makes a trip back in time and learns a lot about the hardships of early day America.

The book grabbed me and wouldn't let go from start to finish. If you enjoy time travel, old mansions with ghosts and believing, this is for you.

---

### **Shalon Brooks says**

#### **Good Book**

This book was good. I wasn't blown away by it, but it was good. Grea is a likeable, relatable character and it will fun to see what other adventures she goes on, but I'm not jumping out of my skin to get a hold of the next book. Good story, I would recommend it.

---

### **Angel \*\*Book Junkie\*\* says**

maybe it isn't fair to rate a book when you have been stuck in a reading rut..the last few days when not one book jumps out at you and says READ me. I think the story line was okay but, it took to long to get to the plot of the story. I felt like moving into the mansion took forever and Grae's father was just a jerk! while writing the review I felt it was a 2.5 stars but since I couldn't give that I felt that maybe it would be a three I didn't hate it but, did not love it either.

---

### **KAREN SPANG says**

#### **Bravo**

I read constantly and this is the most unique and imagination grabbing O have enjoyed in a long time. The story was captivating and I hope to read more of Ms Jude' s work soon.

---

### **Lelia Y Morgan says**

#### **Great story! This book was a joy to read**

I love time travel stories, and this author did a fantastic job. I was not bored for a second. I could almost feel myself in that portal, I got chills knowing Belle would wake in another century, and I wanted to be there,, too. I was also impressed with the editing, I found no gross errors.

Redemption (Legends of Graham Mansion, #1) by Rosa Lee Jude

Grae White is forced to move with her brother and mother to the mountains of Virgina, her mothers childhood home The Graham Mansion. Feeling like an out cast, everyone in this town knows of the crime that put her father in prison, breaking up the family and bringing them to her grandfathers mansion.

Grae decides she wants to find out the history of the house, learn about the people who used to live there and on the property, but what she is about to discover is nothing at all of what she thought it would be.

She is about to travel back in time 200 years and find out what happened during the tragic time when someone was murdered.

A nice historical/time travel mystery, with secrets. Y/A and adults should enjoy this read.

---

### **Gerri says**

#### **Enjoyable Read**

Grae, the story's main character was easy to get attached to as I read this story. Her adventures in this time and in the past had a nice flow to them. I look forward to reading more of her adventures.

---

### **Grace says**

I wish I could give this book another star, because it was better than the other free kindle books I have read so far, but it still could have used a lot of work. This story is interesting and I liked most of the characters, but it was all very simple and even a bit cheesy in some parts. While it was an entertaining read, it wasn't as compelling as other time travel stories I have read, though I can see some people really enjoying it.

I would have considered reading the next one, but I'm honestly not willing to pay when I got this one for

free. Overall though, not bad. Gives me some hope for free kindle books...lol.

### **Carla J. says**

#### **Turn Back Time**

A wonderful blend of today and yesterday. Lots of history wrapped in mystery. Can't wait to read the next in the series!!

---

### **Carole Beasley says**

#### **Wonderful**

I love this book would recommend it to anyone it is full of love history and reflection. It also has subtle thoughts which give way to lessons of life.

---

### **Cyndi says**

Great book! Loved the time travel aspect and that it was based on historical events. Historical fiction is fun to read. "What if" is a good question to ask.

---

### **Angie says**

#### **Great storyline**

Great job on this book. I can't wait to start the second book. If you like time travel books this one is for you.

---

### **Carla G Brining says**

#### **Very Interesting**

This was an excellent book. It held my interest and took me back in time along with Grae. The portrayal of the old South was believable.

---

### **Sherry Fundin says**

I love ghosts and haunted houses. I find Redemption so fascinating, because this is about a real mansion and – guess what – it is really HAUNTED. That gives the novel a little something extra that makes me want to

find out more.

It is up to you to decide what is fact and what is fiction.

Clara, the ghost of the mansion, made herself known to Kat.

Kat knew she would not rest until she found the truth.

She asked her Grandpa to tell her the story of Graham Mansion and her journey began.

“We’ve got to be seekers of truth, whether we like it or not.”

~~~~~

A haunted mansion, crime, mystery, time travel, sadness, tragedy and young love.

Redemption caught my eye during a tour I saw on Promotional Book Tours. YAY! I won a signed, first edition paperback copy and my journey through time began. I love ghosts and hauntings, but there was so much more to the story, especially because there is a real Major Graham Mansion and that adds an extra dimension to the story for me. The writing is excellent and the story flows smoothly, seeming as if it is really happening. Realistic and sweet descriptions of daily life. It is not all gloom and tragedy, but first love and fun as Kat learns many of life’s lessons. I was surprised when I got so involved in Redemption. I thought it would be more like a prequel with details and descriptions, but not much action. Boy, was I wrong.

“...one of the most interesting things about the mansion is that it is a house within a house, a story within a story.”

“...embrace adventure, it can take you beyond your imagination.”

Rosa Lee Jude
