## Stuck on You Patti Berg

It's common knowledge in Plentiful, Wyoming, that bookstore owner Scarlett O'Malley imagines trouble brewing everywhere. Of course, real trouble bubbles over the day an enigmatic stranger named Logan Wolfe shows up in town. The outsider's one hunk of a guy, with a smile that could knock a redhead off her sky-high heels. But when a mysterious woman literally drops dead at Scarlett's feet and the town's wealthiest widow disappears, suspicion falls on the secretive man. Scarlett is positive Logan's up to something -- but is he out to scam the people in town, or steal her heart?

The last thing Logan wants is a screwball sleuth dogging his footsteps and digging into his past. The ex-cop came to Plentiful to escape the madness of Las Vegas and to ditch bad memories, not to have some zany redhead with a man-killer body mess with his peace of mind or history that's better off buried. But Logan can't help admiring Scarlett's spirit -- or the gold stars dangling from her belly button ring. And when her wacky investigation takes a surprising turn, Logan finds himself glued to Scarlett's side, helping her look for clues, keeping her out of trouble -- and maybe falling in love ...

### **Cordelia Blake says**

I actually had to skip half the book to make it to the end. Story moved too slow. Boring.

### **Bree Taylor says**

Found this with a sign on it that said free. Definitely cute but terribly predictable romance..

---

### **Roxann says**

Is there such a genre as cozy mystery romance? If so then this book would be it. In the beginning it seemed more of the cozy mystery, then it was more romance. A little more of one or the other and this would be an excellent book.

**Stuck on You review**

Stuck on you is a cute romantic suspense book written by author Patti Berg. I do enjoy all of Her books.

---

**Barbara ★ says**

Ditsy heroine who jumps to conclusions while "solving" mysteries and getting herself into trouble. Hunky stranger who may or may not be a thief, a gigolo or even a murderer. Story reads as if it's part of a series but apparently it's just poor writing and not a series at all. A cute story but really predictable.
