## **Sarah says**

Sheridan needs to take the edge off and Nora isn't available so Kingsley offers to step in and help her out. This may be short but it's HOT!

I love Kingsley <3

## **Amara says**

Things that may be unappealing to some readers:

1. No HEA or HFN, just sexual gratification and growth
2. Ephebophilia
3. Weird male lead that wears tails and ascots
4. Cheating

For me, it was number 1. The cheating was confusing because I don't know why she was with him anyway. 2&3 don't bother me in the slightest.

LOVE it!!! For several reasons:

- King and Sheridan: HOT AS HELL!!!
  - King in a suit: HOT AS HELL!!!
  - King: HOT AS HELL!!! (Please ignore my love for King hahaha I just get so excited about him LOL)
  - The way Sherida loves, admires and respects Nora: BEAUTIFUL
-

A fetish can be the pet you feed or the beast that eats you.

## **Aljan says**

Discomfort with Sheridan's age with her first stopped me from rating this one 5 stars. The scene with Sheridan and Kingsley... ??????????

The Ingénue is a short story in the Original Sinners universe, and I loved learning more about Sheridan. And any kink scene with King in it is obviously very hot!

I loved seeing how Sheridan struggled with her sexuality, all the while knowing she deserved to live out her fetishes. Being afraid of paparazzi figuring her out brought more depth to her fear, and also more steam to the evening she spent with King.

I always love visiting with my favorite sinners, Reisz is such a master with words it's impossible for me to be removed from her stories.
