The best in the whole franchise so far. The whole book was basically lore but it was worth it.

I LOVE CARDINA WITH MY LIFE. SHARLIE IF YOU WON'T MARRY HIM CAN I?

duniamimpigie Anggi says

Seengaknya di jilid ini ada penjelasan konflik intern keluarga Innocencio (jadi, si Sharle gak berasa anak durhaka lagi :p), lalu ada Pak Xeno muncul (meski penggambarannya jauuh berbeda dari yang saya bayangin pas baca LN-nya), juga muncul Coreena (yang ternyata digambarkan sebagai cewek berkacamata yang sangaaat manis <333), dan tentu ajaaaaa: kemunculan perdana Babang Angeeeeeel~~~!!!
Wuhuuuuuuu~~~!!!

Tapi Babang Angel versi Satoshi Shiki ini terlampau "cantik" buat ukuran saya :"((Saya jauh lebih demen Angel versi Thores!!! Hidup Thores!! Kenapa dikau gak ngegambar Cardina juga sih??? buuh buuh =3=

3.5 stars, best of this series so far since progress regarding plot stuff is finally happening!

Steve Chaput says

Kuklo was born from the dead body of his mother who had been killed in a Titan attack. Raised first as a circus freak and later a slave, now free he wishes to join the Survey Corp.

This manga title takes place about 55 years before the attack by the giant Titan we witness in the main series. Just as brutal ass the original, but filling in things we had not known before.

Edric Unsane says

In this volume the characters reunite and do some catching up; lots of exposition.

Overall, the manga isn't bad, it's just not great either. I'm still interested in seeing where it goes though.

Pato Myers says

A quick and enjoyable read. These are getting progressively more interesting.

Tatiana says

Man can this manga get any better??? I love this story and what will become of the "device". I await for the next volume and see what Kuklo does. I also kinda interested to see if a Kuklo and Sharle have a special relationship :).

Kenny says

Kuklo reunited with Sharle and the first captured Titan test the prowess and ingenuity of the survey corps.

Judy (Geeky Reading) says

~4/5

Kuklo is finally reunited with Sharle, and it's sweet. I like them together, even if it's not quite romantic between them. They're important to each other. They spend some time together that night, catching up, and Sharle getting to see Kuklo's point of view from their past. He's much more mature about it than anyone expected, not feeling anger for humans or even for Sharle's family. Sharle isn't quite so over it, though.

And then they all get to find out more about the devices and materials behind the weapons used to hurt titans, few as there are at this point. Kuklo in particular wants to learn and he wants to fight the titans; Sharle takes a bit to be convinced, but she wants to help Kuklo, even if it's behind the scenes.

This volume was a little slower, with more talking and a lot of background story, as Kuklo learns and they get settled in this new place.

I'm rather enjoying this series, and don't mind the wait so much for the next one.

I watched the first few episodes on nextflix but it's not in English so I opted to go with the manga to check it out the manga are farther than the anime. Attack on Titan: Before the Fall is the prequel of Attack on Titan. It's set before wall Maria was breached and before they knew how to fight the titans. The story revolves around a boy that was born after his mother was regurgitated and the girl he befriended.

In the 5th installment Kuklo and Cardina have battled a titan and escaped exile thanks to a special device and a chance at a new life. They leave the home they only knew to travel to a new city which will keep them safe, giving them the second chance that they need. Kuklo is just as happy to see Sharle as she is to see him. While it's only been a short time the duo has formed a fast bond and they are each other's support system. Together joined by Cardina they trio will stay in hiding till things cool than the guys will head to training to join the survey corps and Sharle will apprentice to help create equipment.

It's been a while since I dove back into the world of the Titans but decided it was time to read about what happened before Attack on Titan. It's interesting to see what happened 70 years in the past, and I'm curious to see how we will evolve to fight the titans. The art is entertaining it works well with the story. I really enjoy that each installment is a mix of story and action giving just enough to keep you wanting more. I'm already captivated by the two characters Sharle and Kuklo who escaped with their lives. I quickly fell in love with the prequel just like I did Attack on Titans. I can't wait to see how it will progress and learn more about the characters in this series. The more I read the more I am enjoying this new spin.

DonutKnow says

It was nice to see Kuklo feel passionate about something rather than bitter, angry or just plain getting ready to flee. I'm excited to see how he turns out in the survey corps and how they try to defeat the titans.
