Being Mrs. Blakemore

Olivia Gaines

Being Mrs. Blakemore Olivia Gaines

Odessa Trodat started her day excited to do a little shopping in Puerto Vallarta. Nearly kidnapped by human traffickers, she was saved by Saxton Blakemore, only to find herself in a bigger pickle; handcuffed and married to him. This created an even bigger problem since her husband was a mule for a drug cartel.

Saxton Blakemore wasn't happy with the turn of events either. His attempts to help the young woman was not turning out as he had hoped. He promised to get her home in one piece, but each moment spent in her presence, only intensified his attraction to his pretend wife.

In order for them to get out of Mexico alive, they both understood, she would need to be very convincing at being Mrs. Blakemore.

Cherryl Montgomery says

There are still some good people in the world

Saxton Blakemore immediately knew Odessa was being herded by humans in traffickers. He only had minutes to save Odessa Trodat and he did. They were still not out of danger with the cartel and how to figure out how they would remain alive and get out. He was looking for redemption from a previous rescue gone bad. He and Odessa found themselves falling for one another, despite how they came together, he remained respectful of Odessa. Odessa used her knowledge to charm the head of the cartel and free enslaved sex workers.

Olivia wrote a story that was enjoyably interesting and heart stopping drama. I can't wait to read what their next adventure will be.

G says

Great start

An excellent start to this series. How fortunate for Odessa in more ways than one. These two were made for adventure & find great action. I for one am glad he came back for his wife. Talk about a smart heroine that thinks on her toes & can go with a very dangerous flow. I'm very impressed

Shirley says

Love this one too!

I'm kinda late with this series, but I intend to read every book in it! I've fallen in love with Saxton and Odessa already! As always, Ms. Gaines is hilarious! I love all her books and I'm sure I will love this series too!

Shantia Shaver says

Cute

Cut to the chase action. I like it. I also love that there are more book to this series. Next!

***Dee's Reading Time Matters says**

What a cleverly written SEXY, funny and suspenseful story !!!!!!!!!!!!!!!

Loved BADASS Odessa TRODAT-BLAKEMORE and PROTECTIVE SAXTON!!!! ---

On to Shopping with Mrs. Blakemore!

Metris says

Sooooo freaking good!!!! Short story

Alicia says

Cute "meet cute." Don't think I'm enticed to read the remainder of the series, though.

Alicia Hatch says

Another good read!

Great book! Very fun and exciting! Odessa is a complete badass and Saxton is lucky to have her. Odessa is down for anything and I love that her family are gun toting enthusiasts just waiting for anyone to try them!!! On to the next one!

Annette Auston says

These are my favor books

I love this first book I fell head over heels in love with these two characters they had me laughing and crying. Plus the trouble they get into. I love them with all my heart how they go through things as a couple an on their own. I am team Blakemore.

Pamelia Grady says

Review of Being Mrs Blakemore

Quite enjoyable read pulled u in from the start, action from start to finish, great plot - u could feel the comrody between Odessa and Saxton. You will not be disappointed makes u eager for the next installment.

Elysa says

Update

This is a very good intro to the Blakemores & Trodats. You just get a hint at the depths and layers to everyone's characters and backstories but hang in there and keep reading. You won't be disappointed!?

Connie says

This was a good action packed short story of improbability. The outrageousness of the situation that Odessa was thrust into and the part that she played was over the top, but I still enjoyed the story. It's about a woman who was going to be pulled into the human trafficking scene in Mexico while on vacation, but is saved by Saxton who happens to be a drug runner for the boss' cousin who is trying to capture her. That set off a chain of reactions that led to Odessa to be the hero of the day to Saxton, Renteria (the drug dealer), and the women that were being used for human trafficking. It's a good read if you want something silly. :)

Margie says

This is a difficult review to write. I don't generally like short novels because there's not enough time to develop the characters or the plot. I may not have purchased this book if I had known how short it was. For that reason, take this review with a grain of salt.

The storyline was novel. It is set in a drug world and touched on some rather sensitive issues. That was interesting. I wish those issues had been delved into further. In this instance, the themes are too serious to be handled so lightly. Because there's no time to truly examine the characters' feelings toward the situations they encounter, they tend to come off as cavalier.

In addition, the plot line requires a major suspension of belief. It's hard to read this story without continually judging the events and the characters reactions to them. Strangely enough, I was able to get past this problem. Just be prepared for the unrealistic plot.

Overall, the story was okay. It is a quick read. The characters are likable. The problems with the book are those inherent in many short novels. If your short on time and looking for something to read, this could fill the bill.

Quinesia Johnson says

I finished as much of this book as I could 39%. I've always been put off by the seedy world, and am very particular about how I can take it in entertainment. I thought there would be more of a on the run, good guy bad guy book here. Maybe I didn't wait long enough but the book has a humorous lilt, yet gave a serious scene (with the trafficked girl) at the same time. Drugs and trafficking are serious, and can't be given a humorous lilt, or attitude of nonchalance for me. Maybe someone a little desensitized to the seedy world may feel differently.

Roshida says**Face paced and interesting!**

I have read other books by Miss Gaines and was curious about this series! Didn't let me down! Loved the spark between Odessa and Sexton. I was sorry to see the story end. Going to look for the next book!
